### **Stories of Detection and Mystery** Longman

What does the name " Agatha Christie " mean? To many people, it means a book about a murder mystery - a " whodunnit ". " I'm reading an Agatha Christie, " people say. " I'm not sure who the murderer is - I think it's . . . " But they are usually wrong, because it is not easy to guess the murderer's name before the end of the book. But who was Agatha Christie? What was she like? Was her life quiet and unexciting, or was it full of interest and adventure? Was there a mystery in her life, too? Cover images courtesy of The Mander and Mitchenson Theatre Collection/Angus McBean, Topham Picturepoint, Topham Picturepoint/Press Association, National Railway Museum/Science & Society Picture Library, and Stephen Oliver.

### **GREAT SHORT STORIES OF DETECTION, MYSTERY AND HORROR**

Wings

"The story of how two fractious cousins reshaped the modern

detective novel"--Cover.

Great Short Stories of Detection, Mystery and Horror  
Grove/Atlantic, Inc.

Essential reading for all armchair detectives, this collection of 33 classic whodunits is the cream of crime writing.

**Stories of Detection and Mystery** Stories of Detection and Mystery Who has murdered the young Englishman on his return from America? Why have a young couple disappeared from their home? And is there something ghostly about the whimpering sounds heard in a New York storehouse? As the people in these stories try to answer these questions, they realize that the answers may lie where they least expect them. Stories of Detection and Mystery Stories of Detection and Mystery Investigations of a Different Kind Conjured from the minds of today's most innovative authors, Powers of Detection features a dozen tales of mystery and fantasy, set in worlds where sleuths may wield wands instead of firearms—and criminals may be as inhuman as the crimes they commit. From a magical boarding school murder to a courtroom where a witch stands trial, from ancient legends of Alaska and Egypt to stories featuring such familiar faces as Sookie Stackhouse and such familiar places as the Nightside, these paranormal procedurals reveal the

mysterious behind the mystery... Includes stories by... Donna Andrews · Michael Armstrong · Anne Bishop · Jay Caselberg · Mike Doogan · Laura Anne Gilman · Simon R. Green · Charlaine Harris · Anne Perry · Sharon Shinn · Dana Stabenow · John Straley “Highly original tales.”—Publishers Weekly “Everyone’s heart is in the right place and, in the best stories, their tongues are firmly in their cheeks.”—Mystery Scene

### **GREAT SHORT STORIES OF DETECTION, MYSTERY AND HORROR**

Oxford University Press, USA

In this tightly plotted debut novel, an unlikely detective, armed only with an umbrella and a singular handbook, must untangle a string of crimes committed in and through people's dreams.

**Stories of Detection and Mystery** Mariner Books

Le Fanu, Charles Dickens, Mary Elizabeth Braddon, Mrs. Henry Wood, Wilkie Collins, Grant Allen, L.T. Meade and Robert Eustace, Fergus Hume, Arthur Morrison, M.P. Shiel, Baroness Orczy, Sax Rohmer, Robert Barr, and - inevitably - Arthur Conan Doyle. There are police detectives, gentleman amateurs, lady detectives (such as Catherine Pirkis's Loveday Brooke), professional consulting detectives, even an 'anti-detective' (Guy Boothby's Klimo, who devises a crime for himself to solve), and a psychic detective. The villains against whom they pit their wits are equally various, as are their crimes - from fraud and forgery to theft, abduction, and of course murder most foul, whether by poison, bullet, or blade. These stories offer hours of enjoyable escape for all lovers of crime fiction.

**The Manual of Detection** Penguin

Five complete, unabridged books in one volume.

### **STORIES OF DETECTION AND MYSTERY**

University of Pennsylvania Press

This collection of short mysteries by the international-bestselling author of *Dust and Shadow* “belongs on the top shelf with the very best of Doyle’s” (Nicholas Meyer, author of *The Seven-Percent Solution*). Inspired by Sir Arthur Conan Doyle’s Sherlock Holmes and Dr. John Watson, Edgar Award-finalist Lyndsay Faye has masterfully woven these quintessential characters into her own works of fiction—from her acclaimed debut novel, *Dust and Shadow*, to a series of short stories for the *Strand Magazine*, whose predecessor published the first Sherlock Holmes story in 1892. The best of Faye’s Sherlockian tales, including two new works, are brought together in a collection that spans the character’s career, from self-taught upstart to lauded detective, both before and after he faked his own death over a Swiss waterfall in 1894. In “The Lowther Park Mystery,” the unsociable Holmes is forced to attend a garden party at the request of his politician brother and improvises a bit of theater to foil a conspiracy against the government. “The Adventure of the Thames Tunnel” brings Holmes’s attention to the murder of a jewel thief in the middle of an underground railway passage. With Holmes and Watson encountering all manner of ungrateful relatives, phony psychologists, wronged wives, outright villains, and even a peculiar species of deadly red leech, *The Whole Art of Detection* is a must-read for any fan of historical crime fiction. “If Lyndsay Faye’s byline weren’t on the cover, readers might deduce that the Sherlock Holmes mysteries in *The Whole Art of*

Detection actually came from Sir Arthur Conan Doyle.” —David Martindale, Fort Worth Star-Telegram

*The Whole Art of Detection* Houghton Mifflin Harcourt

A collection of stories involving detective skills. Suggested level: junior secondary.

**Great Stories of Detection, Mystery and Horror** Penguin

Who has murdered the young Englishman on his return from America? Why have a young couple disappeared from their home? And is there something ghostly about the whimpering sounds heard in a New York storehouse? As the people in these stories try to answer these questions, they realize that the answers may lie where they least expect them.

**The Best American Mystery Stories 2016** Arrow

Although readers of detective fiction ordinarily expect to learn the mystery's solution at the end, there is another kind of detective story--the history of which encompasses writers as diverse as Poe, Borges, Robbe-Grillet, Auster, and Stephen King--that ends with a question rather than an answer. The detective not only fails to solve the crime, but also confronts insoluble mysteries of interpretation and identity. As the contributors to *Detecting Texts* contend, such stories belong to a distinct genre, the "metaphysical detective story," in which the detective hero's inability to interpret the mystery inevitably casts doubt on the reader's similar attempt to make sense of the text and the world. *Detecting Texts* includes an introduction by the editors that defines the metaphysical detective story and traces its history from Poe's classic tales to today's postmodernist experiments. In addition to the editors, contributors include Stephen Bernstein, Joel Black, John T. Irwin, Jeffrey T. Nealon, and others.

*The Oxford Book of English Detective Stories* Oxford University

The Anthony Award-winning author presents a "highly readable" anthology featuring mysteries by Stephen King, Megan Abbott, Elmore Leonard and more (Publishers Weekly). "What you'll find in this volume are stories that demonstrate a mastery of plotting; stories that compel you to keep turning the pages because of plot and because of setting; stories that wield suspense like a sword; stories of people getting their comeuppance; stories that utilize superb point of view; stories that plumb one particular and unfortunate attribute of a character," promises guest editor Elizabeth George in her introduction. *The Best American Mystery Stories 2016* is a feast of both literary crime and hard-boiled detection, featuring a seemingly innocent murderer, a drug dealer in love, a drunken prank gone terribly wrong, and plenty of other surprising twists and turns. *The Best American Mystery Stories 2016* includes entries by Steve Almond, Megan Abbott, Matt Bell, Lydia Fitzpatrick, Tom Franklin, Stephen King, Elmore Leonard, Kristine Kathryn Rusch, and others. "There isn't enough Xanax in anyone's medicine cabinet to calm the jitters these 20 skillful stories will unleash on a worried world." —Kirkus Reviews
