AMERICAN TROPICS

Macmillan

A decade ago Suzanne Lombard, the daughter of Benjamin Lombard-- then a senator, now a powerful vice president-- disappeared. For legendary hacker and marine Gibson Vaughn, Suzanne had been like a sister. When Gibson is asked to help with new evidence, he jumps at the chance to uncover what happened all those years ago. Using his military and technical prowess, he soon discovers multiple conspiracies surrounding the Lombard family-- and he encounters ruthless political players who will do anything to silence him and his team.

INSTANT NEW YORK TIMES BESTSELLER An Amazon "Best Book of 2019" A Washington Post "10 Books To Read in July" A Los Angeles Times "Seven Highly Anticipated Books for Summer Reading" A USA Today "20 of the Season's Hottest New Books" A New York Post "25 Best Beach Reads of 2019 You Need to Pre-Order Now" A Bustle "The Best New True Crime Books You Can Read Right Now" "Maureen Callahan's deft reporting and stylish writing have created one of the all-time-great serial-killer books: sensitive, chilling, and completely impossible to put down." —Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"-- cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. *American Predator* is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

After the End of the World by Jonathan L. Howard brings the H.P. Lovecraft mythos into the twenty-first century. The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft. In this world, the Cold War never happened because the Soviet Union ceased to exist in 1941. In this world the Nazi Großdeutschland is the premier superpower, and is not merely tolerated but indulged because, in this world, the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks, Communists, and others the West was glad to see gone. In this world, there are monsters, and not all of them are human. But even in the Unfolded World, there are still bills to pay and jobs to do. Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well. The trail takes Lovecraft and him to a distant, abandoned island, and a conspiracy that threatens everything. To fight it, Lovecraft must walk a perilously narrow path between forbidden knowledge and soul-destroying insanity. Fortunately, she also has a shotgun.

Read the true story of the manhunt that inspired *The Assassination of Gianni Versace: American Crime Story*, the acclaimed FX series. "The breadth and thoroughness of [Maureen] Orth's research are often staggering."—The New York Times "Fascinating . . . ripe with chilling detail."—Entertainment Weekly On July 15, 1997, Gianni Versace was shot and killed on the steps of his Miami Beach mansion by serial killer Andrew Cunanan. But months before Versace's murder, award-winning journalist Maureen Orth was already investigating a major story on Cunanan for

Vanity Fair. Culled from interviews with more than four hundred people and insights gleaned from thousands of pages of police reports, *Vulgar Favors* tells the complete story of Andrew Cunanan, his unwitting victims, and the moneyed world in which they lived . . . and died. Orth reveals how Cunanan met Versace, and why police and the FBI repeatedly failed to catch him. Here is a gripping odyssey that races across America—from California's wealthy gay underworld to modest Midwestern homes of families mourning the loss of their sons to South Beach and its unapologetic decadence. *Vulgar Favors* is at once a masterwork of investigative journalism and a riveting account of a sociopath, his crimes, and the mysteries he left along the way.

A Vast Conspiracy Harper Collins

NEW YORK TIMES BESTSELLER • "A simply elegant memoir."—Newsweek In this exquisitely written memoir, Mia Farrow takes us on a journey into her remarkable life. As the daughter of actress Maureen O'Sullivan and film director John Farrow, she lived what was by all appearances a charmed and privileged childhood. But below the surface, money troubles, marital tensions, drinking, and occasionally violence marred the Hollywood illusion. And when Mia was nine, she would be forever wrenched from childhood by the terrible isolation of a bout with polio. Her father's death propelled her out into the world, where she embarked onto an acting career that included television, theater, and film—from her debut in *Peyton Place* to her first starring role in *Rosemary's Baby*, and on to her thirteen films with Woody Allen. Here is a luminous memoir of childhood and motherhood, a thoughtful exploration of a spiritual journey, and a candid examination of her marriages to Frank Sinatra and Andr\u00e9 Previn and her close but troubled twelve-year relationship with Woody Allen. Told with grace and deep understanding, as well as humor, *What Falls Away* is an unforgettable book, an extraordinary record of an extraordinary life.

GIANNI VERSACE: A GIANNI VERSACE BIOGRAPHY

Ebury Press

In the span of five violent hours on August 29, 2005, Hurricane Katrina destroyed major Gulf Coast cities and flattened 150 miles of coastline. But it was only the first stage of a shocking triple tragedy. On the heels of one of the three strongest hurricanes ever to make landfall in the United States came the storm-surge flooding, which submerged a half-million homes—followed by the human tragedy of government mismanagement, which proved as cruel as the natural disaster itself. In *The Great Deluge*, bestselling author Douglas Brinkley finds the true heroes of this unparalleled catastrophe, and lets the survivors tell their own stories, masterly allowing them to record the nightmare that was Katrina.

Three-Month Fever BBC Books

"The first English language monograph of Italy's leading couturier, Versace: Signatures presents a kaleidoscopic array of the designer's best clothes for men and women, for dancers and singers and stars. Hundreds of full-color photographs document his work from recent years--the bright printed silks and painted tights, the bodices festooned with beads, the playful reappropriation of leather straps and chains--with an occasional glance back to the pieces that first made Versace famous: the wide shoulders and supple leather jackets and metal mesh of the early '80s. The book, which is the companion volume to this season's triumphant New York show at the Fashion Institute of Technology, closes with a survey of his theatrical costumes and a chronology of the designer's

career to date."--Jacket

Shelagh Stephenson's daring and thoughtful new play *1799* - On the eve of a new century, the house buzzes with scientific experiments, furtive romance and farcical amateur dramatics. 1999 - In a world of scientific chaos, cloning and genetic engineering, the cellar of the same house reveals a dark secret buried for 200 years. An Experiment with an Air Pump was joint recipient of the 1997 Margaret Ramsay Award and premiered at The Royal Exchange Theatre Company, Manchester in February 1997. Due for a major London production in autumn 1998. Her previous play *The Memory of Water* won the 1996 Writers' Guild Award for Best Original Radio Play and the 1997 Sony Award for Best Original Drama

The Art of Being You Simon and Schuster

"It was suddenly chic to be 'targeted' by Andrew...It also became chic to claim a deep personal friendship with Versace, to infer that one might, but for a trick of fate, have been with Versace at the very moment of his 'assassination,' as it had once been chic to reveal one's invitation to Cielo Drive in the evening of the Tate slayings, an invitation only declined because of car trouble or a previous engagement. Versace's friends no less than Andrew's friends were helpless not to make hay off the carcass, for the narrative itself excluded from existence all relevant persons who failed to appear, to put their two cents in...and because the narrative had the force of a psychic avalanche it provided the segue from the previous marriage, extricated the public eye from the previous keyhole, the Andrew narrative, in effect, solved the JonBenét Ramsey murder case, as that case had finally wrapped up the O. J. Simpson case, which in turn had closed the Menendez case, the Andrew mystery would ultimately be solved by the death of Princess Di..." -- from *Three Month Fever* In *Three Month Fever*, his first book-length work of nonfiction, Gary Indiana presents the 1997 killing spree of Andrew Cunanan as a peculiarly contemporary artifact, an alloy in which reality and myth have been inseparably combined. The case generated an astonishing sequence of news reports in which the suspect became a "monster," "serial killer," "high-priced homosexual prostitute," "pervert," "master of disguise," "chameleon," and so forth. In reality, this figure of dread bore little resemblance to the scary sociopath of legend. In following Cunanan's "trail of death," Indiana presents a riveting, fully realized portrait of a very bright, even brilliant young man whom people liked. He had charisma, great looks, and money that he spent very freely on others. He was a sympathetic listener with a phenomenal memory for names, faces, and virtually anything he read or saw. But he didn't fit in anywhere, and he couldn't solve the problem of how to live. He was trying to do better, to come from a better place, to have a better background. He made up stories about himself that made him feel more like other people or made him seem more interesting than he thought he was. He wanted to be loved for himself. The two people he thought might love him for himself didn't, and he ended up killing them. This was probably the last thing he wanted to do. Andrew was compulsively social, and as long as he could establish some intercourse with the outside world he could function, even if he had to conceal the ugly secrets he was accumulating. He could hang out in gay bars in Chicago while on the run, come to New York and live in a bathhouse, go to movies, pick people up. Even after the killing in New Jersey, his crimes were below the threshold of most people's awareness. But in Miami he found himself trapped, the very places where he expected to "blend in" were informed about who he was and what he looked like. It was isolation he could not deal with--and that led to his total disintegration and the death of Gianni Versace. *Three Month Fever* is a tour de force in which Indiana reveals how Andrew Cunanan fell apart over time and what he might have sounded like in his own mind. Rarely has a writer immersed himself in the mind of a killer with such startling effect. Gary Indiana has created a new form of true crime that is as insightful as it is riveting.

Arcadia Books

A classic from "the dean of true crime" (*The Washington Post*)—now with a new foreword—this 1983 masterpiece tells the incredible story of a Spokane, Washington serial rapist who was exposed as the handsome, privileged son of one of the city's most elite families. For more than two years, a rapist prowled the night streets of the homey, All-American city of Spokane, Washington, terrorizing women, sparking a run on gun stores, and finally causing one newspaper to offer a reward—the calls taken by the distinguished managing editor himself, Gordon Coe. In March 1981, luck and inspired police work at last produced an arrest, and Spokane shuddered. The suspect was clean cut and conservative...and Gordon Coe's son. For eighteen months, Jack Olsen researched the cases of Fred and Ruth Coe to try to learn not only what happened within that family, but how and why. He interviewed more than 150 people and built up a portrait not only of that extraordinary family, but of the mind of a psychopath. And searching the memories of the women in Fred Coe's life, he unearthed a most horrifying question: What is it like to love and live with a man for years—and then discover he is a psychopathic criminal? In this "gruesomely spellbinding" (*Glamour*) examination of the mind of a psychopath and of the women—and men—who were his victims, Olsen delivers "a harrowing portrait...It has become fashionable with books about vicious crimes to compare them to Truman Capote's *In Cold Blood*. Finally there is a book that deserves the comparison" (*Richmond Times-Dispatch*).

From the moment they first cut a swathe of crime across 1930s America, Clyde Barrow and Bonnie Parker have been glamorised in print, on screen and in legend. The reality of their brief and catastrophic lives is very different -- and far more fascinating. Combining exhaustive research with surprising, newly discovered material, author Jeff Guinn tells the real story of two youngsters from a filthy Dallas slum who fell in love and then willingly traded their lives for a brief interlude of excitement and, more important, fame. Thanks in great part to surviving relatives of Clyde Barrow and Bonnie Parker, who provided Guinn with access to never-before-published family documents and photographs, this book reveals the truth behind the myth, told with cinematic sweep and unprecedented insight by a master storyteller.

The Iceman Penguin

A playful peek behind the closed doors of the Versace homes in Italy and Miami.

DO NOT DISTURB

Simon and Schuster

NEW YORK TIMES BESTSELLER • The inspiration for *Impeachment: American Crime Story* on FX The definitive account of the Clinton-Lewinsky sex scandals, the extraordinary ordeal that nearly brought down a president—with a new preface by the author that reframes the events in light of the Me Too movement "A story as taut and surprising as any thriller . . . [an] unimpeachable page-turner."—*People* First published a year after the infamous impeachment trial, this propulsive narrative captures the full arc of the Clinton sex scandals—from their beginnings in a Little Rock hotel to their culmination on the floor of the United States Senate with only the second vote on presidential removal in American history. Rich in character and fueled with the high octane of a sensational legal thriller, *A Vast Conspiracy* has indelibly shaped our understanding of this disastrous moment in American political history.

What Falls Away Quartet Books (UK)

A true story of dark forces that ended a colourful life. The basis for *American Crime Story: The Assassination of Gianni Versace*, a 10-part drama series on BBC2, starring Penelope Cruz and Ricky Martin, this is the unforgettable account of a sociopath, his savage crimes, and the devastation he left in his wake. In the glamorous and hedonistic fashion world in the 1990s there was one world-famous name that everyone knew - Gianni Versace. *Vulgar Favours* details the events that led to his murder at the hands of Andrew Cunanan on July 15th, 1997. Maureen Orth, investigative journalist, was researching an article for *Vanity Fair* about the Miami Beach serial killer two days before Versace was brutally killed outside his mansion by Cunanan. Drawing on over 400 interviews and thousands of pages of police reports, Orth recounts in gripping detail how Cunanan became one of America's most notorious serial killers, evading the police and leaving his other victims' families in disarray.

Run Towards the Danger Dell

"A visceral and incisive collection of six propulsive personal essays." – *Vanity Fair* *A *New York Times* Book Review Editors' Choice*Named a Most-Anticipated Book of 2022 by *Entertainment Weekly*, *Lit Hub*, and *AV Club** From the Academy Award-winning screenwriter of *Women Talking* and the acclaimed director and actor Sarah Polley, *Run Towards the Danger* explores memory and the dialogue between her past and her present These are the most dangerous stories of my life. The ones I have avoided, the ones I haven't told, the ones that have kept me awake on countless nights. As these stories found echoes in my adult life, and then went another, better way than they did in childhood, they became lighter and easier to carry. Sarah Polley's work as an actor, screenwriter, and director is celebrated for its honesty, complexity, and deep humanity. She brings all those qualities, along with her exquisite storytelling chops, to these six essays. Each one captures a piece of Polley's life as she remembers it, while at the same time examining the fallibility of memory, the mutability of reality in the mind, and the possibility of experiencing the past anew, as the person she is now but was not then. As Polley writes, the past and present are in a "reciprocal pressure dance." Polley contemplates stories from her own life ranging from stage fright to high-risk childbirth to endangerment and more. After struggling with the aftermath of a concussion, Polley met a specialist who gave her wholly new advice: to recover from a traumatic injury, she had to retrain her mind to strength by charging towards the very activities that triggered her symptoms. With riveting clarity, she shows the power of applying that same advice to other areas of her life in order to find a path forward, a way through. Rather than live in a protective crouch, she had to run towards the danger. In this extraordinary book, Polley explores what it is to live in one's body, in a constant state of becoming, learning, and changing.

American Predator A&C Black

The true story of serial killer Andrew Cunanan--the man who murdered designer Gianni Versace. Described as everything from a flamboyant playboy to a transvestite prostitute to a gold-digging "kept man", Andrew Cunanan has remained an enigma--even in death. Now, in this searing expose, author Wensley Clarkson examines Cunanan from the inside out, revealing never-before-told facts about his life. Photo insert. Available now.

Watergate Random House Trade Paperbacks

NEW YORK TIMES BESTSELLER • The inspiration for *American Crime Story: The People v. O. J. Simpson* on FX, starring Cuba Gooding, Jr., John Travolta, David Schwimmer, and Connie Britton The definitive account of the O. J. Simpson trial, *The Run of His Life* is a prodigious feat of reporting that could have been written only by the foremost legal journalist of our time. First published less than a year after the infamous verdict, Jeffrey Toobin's nonfiction masterpiece tells the whole story, from the murders of Nicole Brown Simpson and Ronald Goldman to the ruthless gamesmanship behind the scenes of "the trial of the century." Rich in character, as propulsive as a legal thriller, this enduring narrative continues to shock and fascinate with its candid depiction of the human drama that upended American life. Praise for *The Run of His Life* "This is the book to read."—Michiko Kakutani, *The New York Times* "This book stands out as a gripping and colorful account of the crime and trial that captured the world's attention."—*Boston Sunday Globe* "A real page-turner . . . strips away the months of circuslike televised proceedings and the sordid tell-all books and lays out a simple, but devastating, synopsis of the case."—*Entertainment Weekly* "A well-written, profoundly rational analysis of the trial and, more specifically, the lawyers who conducted it."—*USA Today* "Engrossing . . . Toobin's insight into the motives and mind-set of key players sets this Simpson book apart from the pack."—*People* (one of the top ten books of the year)
