### **Public Input No. 3-NFPA 20-2015 [ Chapter 2 ]**

Historically, Hydraulic Institute standards have been divided into "1-series" standards covering centrifugal pumps and "2-series" standards covering vertical pumps. As noted in the names of the standards, the old centrifugal and vertical pumps are grouped under the name rotodynamic, which is an improvement in the accuracy of the ...

The Hydraulic Institute (HI) is the global authority on pumps and pumping systems. HI is a pump association of positive displacement and rotodynamic, centrifugal pump manufacturers and suppliers whose mission is to be a value-adding resource to member companies, engineering consulting firms, and pump users worldwide.
