Are you interested in Options Trading? Do you want to learn Options Trading Strategies that will make you successful? If yes, then this is the right book for you! Options are contracts that give buyers the right, but not the obligation, to buy or sell an asset at a specific price before a particular date. Option contracts are regulated and binding agreements. If the buyer exercises the "Put" option, he has the right, but not the obligation, to sell to the seller with an underlying asset at an agreed price. If the buyer exercises the "call" option, he has the right to purchase a specified amount of the underlying asset, regardless of the current market price, at the agreed price before the contract expires. The seller has to sell the underlying asset at the contract price. Option trading has many benefits - the most notable is the leverage effect. The buyer can buy the base if the price of the underlying asset is high at the agreed price instead of the market price and sell the base of the market price for profit. Another advantage is protection. The buyer is protected when the cost of the original asset is low, and the buyer loses a certain amount of

the unique asset at a fixed price. By exercising the "put" option, the buyer can sell the original asset to the seller. Even if option trading offers less risk and built-in capital protection, it requires careful market research. It is not for the uninformed investors. This book covers: The basics of option trading What is an option contract The most common strategies for option trading The option trader's mindset How to understand if the option will be profitable ...And much more!! Click buy now and start your options trading journey!

How To Boost Smart Trading Mindsets: Guide On Forex FT Press

"The one, only, and by far the best book synthesizing psychology and investing. In addition to providing modern, scientific knowledge about psychology, this book provides a mirror into the mind and wide breadth of knowledge of one of the leading practitioners of brief and effectual cures. Will help to cure your trading and your life." -Victor Niederhoffer, Chief Speculator, Manchester Investments Author, The Education of a Speculator and Practical Speculation "How refreshing! A book that rises above the old NLP model of the 80's and provides insights on how our relationship with the market is indeed a very personal one. Not only has Steenbarger provided some fantastic tools for the trader to transform his mindset, but he has contributed unique

trading ideas as well. Brilliant!" -Linda Raschke, President, LBRGroup, Inc. "'Investigate, before you invest' was for many years the slogan of the New York Stock Exchange. I always thought a better one would be, 'Investigate YOURSELF, before you invest.' The Psychology of Trading should help you increase your annual investment rate of return. Mandatory reading for anyone intending to earn a livelihood through trading. " -Yale Hirsch, The Hirsch Organization Inc., Editor, The Stock Trader's Almanac "This highly readable, highly educational, and highly entertaining book will teach you as much about yourself as about trading. It's Oliver Sacks meets Mr. Market-extraordinary tales of ordinary professionals and individuals with investment disorders, and how they successfully overcame them. It is a must-read both for private investors who have been shell-shocked in the bear market and want to learn how to start again, as well as for pros who seek an extra edge from extra inner knowledge.

Steenbarger's personal voyage into the mind of the market is destined to become a classic." -Jon Markman, Managing Editor, CNBC on MSN Money Author, Online Investing and Swing Trading "Dr. Steenbarger's fascinating, highly readable blend of practical insights from his dual careers as a brilliant psychologist and trader will benefit every investor; knowing oneself is as important as knowing the market." -Laurel Kenner, CNBC.com Columnist, Author, Practical Speculation

Do You Need a Quick Start Guide to Trade Options, Learning Risks and Rewards, and Overcome Fear and Anxiety in Investing Through the Best Options Strategies? Today's options markets are the most actively traded and liquid in the history of options trading. I regard it as a high-risk investment that needs unique

methods and tactics to master the art. As the industry thrives, there is a rise in competition which puts people at the edge of being more creative than before. The first step into trading options is acquiring an account with a brokerage that allows trading. The option trading platforms tend to be unique and with varied specifications. Before getting an account, its best that you understand the advantages and disadvantages that come with each for you to settle on an excellent report. Alternatively, you could trade with the help of someone with an account but ensure it is an individual or a company that you can rely on. It is advisable that you first equip yourself with the necessary knowledge before getting to the point of having an account. This book talk about BASICS OF OPTIONS WHAT INFLUENCES OPTIONS PRICES? THE TRADER MINDSET BASIC TRADING WITH COVERED CALLS IN THE MONEY, OUT OF THE MONEY STEPPING UP IN TRADING WITH CALLS BUYING AND SELLING PUTS STRATEGIES FOR NEW TRADERS: LONG VS SHORT HORIZONTAL SPREADS STRADDLES AND STRANGLES RISK AND MONEY MANAGEMENT ANALYZING MOOD SWINGS IN THE MARKET BROKERS TECHNICAL ANALYSIS AND ITS BASICS THE GREEKS ...And much more! The big mistake most investors are making is lacking adequate knowledge on how they can buy and sell their specific security at a future date and on a set price. Having options strategies allows one to navigate and manage the risks experienced in any market condition. You get profits once you can manage risks. Do not let the numbers deceive you into making impulsive trade that will result in you incurring losses. You would rather be patient and keep your money than making wrong decisions that you will end up regretting. Whether you decide to be the one making a bet or taking the chance, to ensure you trade carefully. Most beginners tend to buy with the help of brokers who at times end up frustrating them. Before you engage someone to help out in options trading, be sure you can trust them and that they have previously handled successful trades before. The best option, however, would be making the trade yourself but if you feel like you have little knowledge and might need a helping hand, you can contact reputable companies dealing with trading options to make your work easier. Are you eager to jump into the world of investments? Perhaps, you've heard of the benefits and million dollar stories in this seemingly magical world of investments. Slow down, as you risk losing your life's investment in an unfamiliar market. For so many new investors, the world of stocks might look like legalized gambling. They think of scenarios like this: if your stock goes up - you win! If it goes down - you lose! How? You don't know since it has become a game of luck. With this type of mentality, the stock market more or less becomes a game of roulette. However, the more you understand the true nature of stocks, the better you will manage your money. In this book, we'll introduce you to the exciting and challenging world of Option Trading. While options involve higher risk-taking than normal stock market investing,

they are also more interesting and exciting, with a huge potential upside. Some of the topics we'll be discussing in this book include: - WHAT IS OPTIONS TRADING? - WHY YOU SHOULD INVEST IN OPTIONS TRADING? - PLATFORMS AND TOOLS FOR TRADING OPTIONS - MONEY MANAGEMENT - TECHNICAL ANALYSIS - BUYING AND SELLING PUTS - OPTIONS TRADING STRATEGIES - HOW TO MANAGE A TRADE? - OPTIONS TRADING BASICS - TOP TRADER MISTAKES TO AVOID IN OPTIONS TRADING - RISK MANAGEMENT - THE OPTIONS TRADER MINDSET - TRADING VARYING TIME FRAMES - AND MUCH MORE!! Besides understanding the basics of options, the most important thing to learn is the wide range of strategies that can be used when it comes to options. These strategies open a lot of doors for traders to make profits that would not be available otherwise. When you are learning, you should try out all the strategies to see what works best for you. Everyone is going to have their own tastes, but options trading is so different that you need to try things out before you get stuck only buying call options, which is a mistake that happens to a lot of beginners who are afraid to try the many different strategies that options trading has to offer. Therefore, in this book, you will learn the basic and common terminologies used in the stock market, the reason why companies sell shares, an in-depth analysis of the mechanics of the stock market, and how to recognize a bearish or bullish market. So, let's start with the basic terminologies you will come across while trading in the stock market. - Understand your risk profile - Understand your financial situation - Be an analyst, not a careless risk taker - Don't invest money you aren't willing to lose Remember that options trading is flexible, so when the market enters a downturn, don't stop trading! You can keep going and earn profits as the share price goes down and everyone else is panicking. This book focuses on Options Trading and goes ahead to define what it is so that you know what makes it different from other securities on the market. Everything that a beginner has to know is in this book. So, what are you waiting for? Click Buy Now!

The relationship between psychology and online trading is always very close. As many large investors usually say, the ability to be successful in trading is largely a psychological issue. Having the right mental approach when dealing with graphs, that are all to be interpreted, is a good starting point for building your success. Certainly, technical analysis and the study of graphic models through indicators are important, as well as fundamental analysis with the study of the main price-sensitive news and the continuous monitoring of macro data, but also the psychological aspect is decisive for correct online trading. You are probably interested in creating a passive income or at least in making trading an activity with which you can live. Would you like to understand how psychology can affect trading results and have indications for overcoming that limit, learning how to manage emotions, and dealing with options trading volatility? This definitive handbook will introduce you to the incredible world of Options Trading, providing you with all the latest and effective information and knowledge you need to succeed. In this book, you will: Have a Clear Understanding of What Options Are, how they work, where they are traded, and what you need to do to start trading them. Realize You Have to Get the Right Mindset to Trade and Discover How You Can Get it because it differentiates successful from unsuccessful traders. Learn Advanced Options Strategies to analyze the market, conduct technical analysis, and chose which options to trade. You will be sure to have the right information to make always the right choices. Find Effective Tips on How to Become a Successful Trader to manage your risks, and understand why you need to use capital prudently. Understand the Importance of Keeping A Trading Diary and a Checklist to have some way to measure, track, and stay focused on improving your performance, master the market and the various options trading strategies available, and when to apply them most profitably. ... & Lot More! Trading in options is not very complicated, and neither is it as simple as you may have thought. To become an expert, you must learn how to buy and sell, and then practice whenever you can. Would you like to have an options trading mindset? Then, the facts described in this manual can help you have that mindset and even become an expert. One of the best ways to generate high returns in the financial markets is by trading options. The trick is to learn what you buy, when, how much, using which strategy, and when to sell. In this book, you will find guidance on how to trade options, be financially independent, and make it into a career even if you have never traded options before. Do you want to discover the unique "Legal" method that will make you understand Trading in just 17 days to create a profit ranging from 10% to 788% on your next investment with the sole method in the world "Warren Kratter Solution" which brought 1578 people from beginners to successful traders just in the first 5 months of 2020? You may be wondering how it is possible to have such a big variation from 10% to 788%... But that's exactly what happened. In fact, among the 1578 people, we find Alex (employee who worked 12 hours a day in a restaurant) who brought home 10% of profit before using the method... but after applying the teachings of this book in the right way, he reached the unbelievable 788% on the next investment. How did Alex manage to reach the striking 788% figure? The answer to this question is written inside the pages of this book... What you are holding in your hands right now, is NOT a simple intro... It's a precious first-class ticket...with your name written on it for that train that many say passes ONLY once. In this case, it is certainly true... Considering that, AT THIS MOMENT (I don't know for how long) many opportunities have opened up in the market. It is known that it is specifically in times of global crisis that individuals with knowledge can make excellent deals in the Forex and the Stock market. And thanks to my instructions you will be able to take advantage of the biggest world economic crisis after 1929. Just like I did back in 2009. When starting from scratch, I managed to aggressively enter the markets "like a lion attacking a gazelle" with the Options and Day trading systems. Bringing over \$ 117,000 home. Having half the information written in this book. Wait... It wasn't that simple at first... Initially I took many risks even though I had studied more than 55 books and thought I knew what I was doing. But the results showed me exactly the contrary ... During the first year, I lost all the money invested and I no longer could eat two hot meals a day. So I asked myself why. And I found the answer in the mindset, as I didn't have the energy to attract money. Therefore, I started to change my mind and I decided to embrace the values of money that the rich people have, and I never gave up. And from there my life has completely changed... For this reason, you will often find mindset resources in the book as well as plenty of trading notions that will lead you to make excellent results in Trading, such as those achieved by Alex who has now left his job and lives 90% of his day without worries. Simply by applying these concepts that you will find in the book: Passive Income Trading All Forex Trading Concept Option Trading Basic Type of Options Risk Management Brokers and Trading Platform Option Trading Strategies Technical

analysis Mindset Trading Psychology Rules for successful trading How day trading works Find stocks for trades Tips for success.....and more!!! Now it's up to you to decide whether to stay among the people who will lose money because of the crisis... Or be the person who uses all the potential we have at the moment in the market and change your life.
