« Mon enfant, la tristesse et la mélancolie naissent le plus souvent d'une accumulation de chapelets de frustrations et de sentiments refoulés qui se manifestent par la quête effrénée de toutes sortes de plaisir pour combler le vide qui est en nous. C'est ce que j'appelle les racines d'amertume. Voilà mon fils la genèse de ce mal terrible de l'âme que rien ne peut guérir, sinon le retour à ce qui

est la source de notre substance. Prends garde aux racines d'amertume, et lorsqu'un jour tu auras perdu ton chemin, reviens sur tes pas et va à la source. Car la source, c'est la vie, ta vie. Prends garde, mon enfant, aux racines d'amertume ! »

WALL STREET JOURNAL

Haynes Service and Repair Manuals
In this new view of the Citroen story, automotive/aviation writer and design specialist Lance Cole investigates not just the details of the cars of Citroen, but the aeronautical and

cultural origins that lay behind Citroen's form and function. The book digs deep into the ethos of Automobiles Citroen to create a narrative on one of the greatest car manufacturers in history. Using interviews, translations, archive documents and specially-commissioned photographs, the Citroen journey is cast in a fresh perspective. It explains in detail the influences upon Citroen design: Voisin, Lefebvre, Bertoni, Boulanger, Mages, Opron and recent Citroen designers such as Coco, Blakeslee and Soubirou. As well as all the men of the great period of 1920s-1970s expansion, it also cites less well-known names of Citroen's French

engineering, design, and influence such as Cayla, Gerin, Giret, Harmand, Dargent and others, to give a full picture of Citroen heritage. The book provides in-depth analysis of all major Citroen models with an engineering and design focus and profiles key individuals and cars up to the present day and Citroen's 'DS'-branded resurgence. It features many newly commissioned photographs, rare archive drawings and interviews with Citroen owners. Researched amongst leading Citroen experts and restorers, Lance Cole provides a fresh perspective on the Citroen car manufacturer, its design language and the legacy of its extraordinary

engineering which will be of great interest to all Citroen and motoring enthusiasts. Superbly illustrated with 329 colour photographs, many newly commissioned along with rare archive drawings.

The Director

This is one in a series of manuals for car or motorcycle owners. Each book provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.

Who's who in Italy

On November 24, 1968, more than 250 people from 19 nations set off on a 10,000-mile endurance rally from London to Sydney. Crossing 10 countries, competitors

encountered officious border guards, gangs of rock-throwing children, treacherous driving conditions, collisions, breakdowns, injuries, wayward dogs, livestock, camels and kangaroos, millions of spectators crowding the roads and even bandits. Among the professional drivers were a large number of enthusiastic amateurs, many of whom had never raced in their lives. Drawing from personal recollections of more than 60 participants--many who made it to Sydney and many more who didn't--and contemporary newspaper and magazine articles, this book tells the full story of what was called the "Marathon," from an idea dreamed up over an alcohol-fueled lunch to the last car over the

finish line.
