There's a
famous saying
that goes

"You've got the same chance of winning the lottery whether you play or not. "Now of course that's not strictly true. You've actually got about a 1 in 292 million chance of winning the Powerball jackpot. But that's about as close to zero as you can get. And yet, every year, the average American spends \$219 on lottery tickets. Each hoping they'll be the one. So that's over \$4

a week, every week. But if I asked those same people to buy a single \$219 ticket once a year, do you think they'd buy one? Of course they wouldn't. Because they could then see how much they'd be losing. But because it's such a tiny, regular amount they can't see it. They never win, but they live in hope. And that's how most people live their lives. They never win, but they live in hope.

Because they're playing someone else's lottery. And the odds are just too big. But how about, instead of playing someone else's lottery, you played your own. In fact, how about if you were the only player? Then you'd be sure to win. So that's exactly what this book is about. Learning how to play and win your own lottery, instead of playing and losing someone else's.

Not only could you beat the odds and win more with the lottery than you thought possible, but winning doesn't have to be hard or complicated. In fact, it all comes down to some simple math that anyone can do, and I've done all the hard work for you anyway. There is no guarantee of winning, but you can increase your chances and beat the odds, and sooner than later they will turn in your favor.

It happens all the time, especially when people follow a good system. Don't let anyone tell you can't or won't win the lottery. They are dead wrong! But don't take my word for it... "Thanks for writing this book, I am winning more now with the lottery than in any time before and it's all thanks to your system." Erin Hasse (Carlton, KS) "I love that Noah's strategy is so simple to follow. But he also backs it

up with facts and reasons why it helps bring the odds more in your favor." Linda Harris (Rochelle Park, NJ)

HOW TO WIN THE LOTTERY

WITH THE LAW OF ATTRACTION was written by Law of Attraction lottery winner, teacher and author Eddie Coronado. Based on interviews with actual winners who have used the Law of Attraction to win lottery prizes, this book provides the metaphysical tools and insights that are necessary to win lottery and contest prizes through the creative power of thoughts and feelings.

Although this book contains the manifestation techniques of people who have won money, these metaphysical exercises can be used to attract the perfect mate, a new career, financial success, or anything that you can make a part of your beliefs and feelings. There is no limit to how much money and success you can manifest through the Law of Attraction because this immense

spiritual power does not have an opinion about what you should or should not have. You can use the Law of Attraction to manifest ten cents or ten million dollars. The determining factor is belief and expectancy, which can be harnessed by using the spiritual tools discussed in this book. THIS BOOK CONTAINS FOUR PARTS: PART 1: This section explores the tools that are used for the

manifestation techniques in this book. The tools covered are as follows: Affirmations, Creative Visualization, Expectation, Gratitude, and the Practice of Receiving. You should take the time to carefully read this section even if you are familiar with the Law of Attraction and the power of intention. This section contains a number of insights and explanations that may have been missed by other authors and teachers. For

example, the Practice of Receiving is a powerful tool that can help you attract a lot of money, yet many Law of Attraction books do not mention this important exercise. In addition, I have included some helpful information about gratitude and affirmations as it relates to manifesting money. Affirmations of words, thoughts, feelings, and actions are also covered. Finally, the most important

element of any manifestation technique is creative visualization, which every Law of Attraction lottery and contest winner has used to win prizes.PART 2: This section includes the manifestation techniques used by the winners who were interviewed for this book. Each winner, including the author, is introduced and his/her manifestation exercise is documented to reflect the

exact steps taken to win lottery prizes. No changes have been made in order to preserve the integrity of each winner's method.PART 3: This is a Question and Answer Section that covers the most important questions about the manifestation techniques in this book. The answers have been provided by the lottery winners who were interviewed. This Question and Answer section will

provide clarity and direction for those readers who are committed to using the Law of Attraction to manifest lottery prizes. The questions included in this section cover topics such as: Should I buy lots of tickets? How will I know that my intention will work? How long will it take for me to get results? What part does luck play in manifesting lottery prizes? In addition, a host of other important questions are

discussed.
PART 4: This section contains helpful tips and suggestions that will explain how to implement the following manifestation techniques and how to make the most of them. It also contains information regarding the common denominators of the winners' daily action plan in order to provide a clear understanding of the mental and emotional habits that are necessary for

manifesting lottery prizes with the Law of Attraction.
