*Tribal Custom in Anglo-Saxon Law* Forgotten Books  
 Rudolph Valentino was less ashamed of his sexuality than he was

afraid of being trapped by the image of his public persona. In 1920s America, men who preferred the company of other men were stereotyped as feeble, effeminate degenerates. None of these terms applied to Valentino-a powerfully-built man who

excelled at most sports, boxing in particular. Yet it was Valentino's persistent and unnecessary need to prove his "manhood" which may have contributed to his early death. His is a remarkable story. But, who were these men, and what were their roles and significance in his life? Claude Rambeau, the chansonnier he met during his first visit to Paris, when he was 18. Alexander Salm (1890-1918), an Austrian tennis ace, a leading exponent of the Argentine tango, and a hero of World War One who died fighting for the Allies. Jules Raucourt, the Belgian actor. Norman Kerry, the matinee idol who appeared in such film classics as *The Hunchback of Notre Dame* and *Phantom of the Opera*. Emmett J Flynn, a director who, though thrice-married, had a penchant for sporting types and whose career was blighted by alcoholism brought about by trying to hide his sexuality. Douglas Gerrard, the Dublin-born actor-director, a big name in Hollywood when he took Valentino under his wing, but sadly forgotten today. Paul Ivano, a young French cameraman, sent to America by his family to recuperate after being gassed while fighting at the Front, and who went on to much greater things. Frank Mennillo, an Italian businessman and aficionado of "button boys", and who would be the last of his friends to see him alive. Thomas Meighan, the matinee idol, a friend who always there for Valentino to lean upon in times of trouble and stress. Robert Florey, a French publicist who came to America to work on one film, fell for Valentino, and stayed another 50 years to become one of the country's most eminent producers. Valentino's letters to him and Florey's responses, which form a large and significant part of his story, are in turn touching and humorous. Jacques Hébertot, the French showman who acted as Valentino's guide during his second visit to Paris, in the summer of 1923. André Daven, the French actor-manager who went on to launch and manage some of the biggest names in French show business, and who was unquestionably the great love of Valentino's life. Luther Mahoney, the former New York cop turned handyman, who provided Valentino with a friendly shoulder to cry on and became his confidant. Mario Carillo, a burly, former Italian cavalry officer who achieved moderate success in Hollywood. Valentino's partner at the time of his death, he was the only one of his men to live with him, though to the outside world he was perceived as his personal trainer. Barclay Warburton, the Philadelphia-born millionaire at whose home Rudy fell ill, in August 1926. Then there were the

women... Coco, the Parisian demimondaine who mocked him in the bedroom, making him wary of women for the rest of his life. The lesbian wives, Jean Acker and Natacha Rambova, "baritone babe" members of Hollywood's most notorious sewing circle. The former slammed the door of the bridal-suite in his face, but returned to support him at end of his life, becoming a valued friend. The latter, rapacious and domineering, very quickly became Valentino's-and the studios'-very worst nightmare. Alla Nazimova, the Crimean born actress who mocked and ridiculed Valentino when they first met, and who subsequently became one of his most cherished allies. Sheila Chisholm, aka Lady Loughborough, the nymphomaniac Australian socialite who foisted herself on Valentino during the last year of his life. Pola Negri, the quintessential teller of tall-tales, who nevertheless cared very much for him. And finally, June Mathis, the most important woman in Valentino's life who became his surrogate mother and keeper of his soul.

The world-famous bestseller *Chariots of the Gods* introduced the theory that ancient Earth had established contact with aliens. Now, Erich von Däniken's *The Eyes of the Sphinx* reveals startling evidence that could prove it. Erich von Däniken's theory of alien contact with the ancient world is so incredible, yet so logical and convincing, that it has become part of a wide-ranging debate that continues to this day. His claims that an alien race helped create the pyramids of Egypt were based upon the ruins themselves. And it is these ruins that now provide researchers with a never-ending source of clues, compelling discoveries, revelations, and evidence that Earth was indeed colonized by an alien race.

A delightful collection of classic recipes, folk history, and original drawings by Cape Cod's most-admired chef. With a new Introduction by Anthony Bourdain "It's a true classic, one of the most influential of my life." --Anthony Bourdain, from the new introduction "Provincetown ... is the seafood capital of the universe, the fishiest town in the world. Cities like Gloucester, Boston, New Bedford, and San Diego may have bigger fleets, but they just feed the canneries. Provincetown supplies fresh fish for the tables of gourmets everywhere." --Howard Mitcham Provincetown's best-known and most-admired chef combines delectable recipes and delightful folklore to serve up a classic in seafood cookbooks. Read about the famous (and infamous!) Provincetown fishing fleet, the adventures of the fish and shellfish

that roam Cape Cod waters, and the people of Provincetown--like John J. Glaspie, Lord Protector of the Quahaugs. Then treat yourself to Cape Cod Gumbo, Provincetown Paella, Portuguese Clam Chowder, Lobster Fra Diavolo, Zarzuela, and dozens of other Portuguese, Creole, and Cape Cod favorites. A list of fresh and frozen seafood substitutes for use anywhere in the country is a unique feature of this lively book. You'll learn the right way to eat broiled crab and the safe way to open oysters. You'll even learn how to cook a sea serpent!

"The Life of Lazarillo de Tormes and of His Fortunes and Adversities" is a Spanish novella, published anonymously because of its strongly anticlerical content. Lázarillo is a boy of humble origins from Salamanca. After his stepfather is accused of thievery, his mother asks a wily blind beggar to take on Lazarillo as his apprentice. Lázarillo develops his cunning while serving the blind beggar and several other masters, while also learning to take on his father's practice. It is most famous as the book establishing the style of the picaresque satirical novel.

This 2005 edition of *The Evolution and Extinction of the Dinosaurs* is a unique, comprehensive treatment of this fascinating group of organisms. It is a detailed survey of dinosaur origins, their diversity, and their eventual extinction. The book can easily be used as a teaching textbook for a class, but it is also written as a series of readable, entertaining essays covering important and timely topics appealing to non-specialists and all dinosaur enthusiasts: birds as 'living dinosaurs', the new feathered dinosaurs from China, 'warm-bloodedness'. Along the way, the reader learns about dinosaur functional morphology, physiology, and systematics using cladistic methodology - in short, how professional paleontologists and dinosaur experts go about their

work, and why they find it so rewarding. The book is spectacularly illustrated by John Sibbick, a world-famous illustrator of dinosaurs, commissioned exclusively for this book.

Seafood, folklore, and New Orleans jazz history combine in "a delightful book with excellent recipes" (Mimi Sheraton, *The New York Times*). A dazzling array of photos, recipes, and far-out folklore, spiced up with tidbits of jazz history and lyrics, comprises a seafood cookbook that celebrates the world-famous cookery of New Orleans. Howard Mitcham offers more than 300 enticing dishes, from crab gumbo and shrimp-oyster jambalaya to barbecued red snapper and trout amandine. As an appetizer, Mitcham traces the development of the cuisine that made New Orleans famous and the history of the people who brought their native cookery to the melting pot that makes New Orleans a living gumbo. For the main course, he puts together a cornucopia of local delights that are ready to prepare in any kitchen. Mitcham traces the development of sophisticated Creole cooking and its rambunctious country cousin, Cajun cooking, with innumerable anecdotes, pictures, and recipes as well as a list of substitutes for hard-to-find seafoods. "Creole Gumbo is more than a cookbook. It is a history book, a music lesson and a personality profile of great jazzmen." —Today

Big Brother gets up close and personal. Do you know about RFID (Radio Frequency IDentification)? Well, you should, because in just a few short years, this explosive new technology could tell marketers, criminals, and government snoops everything about you. Welcome to the world of spychips, where tiny computer chips smaller than a grain of sand will trace everyday objects—and even people—keeping tabs on everything you own and everywhere you go. In this startling, eye-opening book, you'll learn how

powerful corporations are planning a future where: Strangers will be able to scan the contents of your purse or briefcase from across a room. Stores will change prices as you approach—squeezing extra profits out of bargain shoppers and the poor. The contents of your refrigerator and medicine cabinet will be remotely monitored. Floors, doorways, ceiling tiles, and even picture frames will spy on you—leaving virtually no place to hide. microchip implants will track your every move—and even broadcast your conversations remotely or electroshock you if you step out of line. This is no conspiracy theory. Hundreds of millions of dollars have already been invested in what global corporations and the government are calling "the hottest new technology since the bar code." Unless we stop it now, RFID could strip away our last shreds of privacy and usher in a nightmare world of total surveillance—to keep us all on Big Brother's very short leash. What critics are saying about Spychips, the book: Spychips "make[s] a stunningly powerful argument against plans for RFID being mapped out by government agencies, retail and manufacturing companies." ?Evan Schuman, CIO Insight "The privacy movement needs a book. I nominate Spychips." ?Marc Rotenberg, EPIC "Brilliantly written; so scary and depressing I want to put it down, so full of fascinating vignettes and facts that I can't put it down." ?Author Claire Wolfe Spychips "makes a very persuasive case that some of America's biggest companies want to embed tracking technology into virtually everything we own, and then study our usage patterns 24 hours a day. It's a truly creepy book and well worth reading." ?Hiawatha Bray, Boston Globe "You REALLY want to read this book." ?Laissez Faire

NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an

extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort’s] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe’s *The Bonfire of the Vanities* and Scorsese’s *GoodFellas* . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

A hijacked train whisks an imaginative young boy on an unforgettable adventure, in which he makes discoveries about his own family's past and a wild woman who rescued his Israeli policeman father from a vat of chocolate. 'An affecting tale of the triumph of hope over desperate circumstances ... Napoleon's upbeat, colloquial style is extremely readable and the relationship between ZigZag and Singer is treated with as much depth of perception and sensitivity as that of John Steinbeck's Lenny and George. Against a backdrop of the dregs of American society and the impotence of social welfare ZigZag is a modern day *Of Mice and Men*' -The Times

A devout woman finds herself adrift in late nineteenth-century Central America in this novel of “deep imagination, stylistic verve, and psychological acuity” (The Washington Post). Set in late nineteenth century Central America and New York City, *The Divine Husband* tells the story of María de las Nieves Moran, whose brief career as a nun is ended in the wake of revolution. Forced to make her way in the secular world, María is surrounded by an unforgettable cast of characters: José Martí, the poet and hero of Cuban independence and the first man María loves; Mack Chinchilla, the Yankee-Indio entrepreneur intent on winning her hand; a British diplomat setting up a political impostor plot; and Mathilde, the daughter whose birth—perhaps fathered by one of these men—ruins María’s reputation and launches her on a journey toward a new future. This joyfully imagined novel of ideas

is populated by Indian girls, wandering Jewish coffee farmers, the founder of the rubber-balloon industry, and one of Latin America’s greatest and most complex men. Written by Pulitzer Prize-finalist Francisco Goldman, *The Divine Husband* is a sweeping, poetic novel rich in historical detail and vivid characterization. “Goldman echoes Flaubert, García Marquez, and even DeLillo.” —Bookforum

“An original, fascinating, and beautifully written reckoning . . . of that great human passion: to write.”—Kay Redfield Jamison, national bestselling author of *An Unquiet Mind* Why is it that some writers struggle for months to come up with the perfect sentence or phrase while others, hunched over a keyboard deep into the night, seem unable to stop writing? In *The Midnight Disease*, neurologist Alice W. Flaherty explores the mysteries of literary creativity: the drive to write, what sparks it, and what extinguishes it. She draws on intriguing examples from medical case studies and from the lives of writers, from Franz Kafka to Anne Lamott, from Sylvia Plath to Stephen King. Flaherty, who herself has grappled with episodes of compulsive writing and block, also offers a compelling personal account of her own experiences with these conditions. “[Flaherty] is the real thing . . . and her writing magically transforms her own tragedies into something strange and whimsical almost, almost funny.”—The Washington Post “This is interesting, heated stuff.”—San Francisco Chronicle “Brilliant . . . [a] precious jewel of a book . . . that sparkles with some fresh insight or intriguing fact on practically every page.”—Seattle Post-Intelligencer “Flaherty mixes memoir, meditation, compendium and scholarly reportage in an odd but absorbing look at the neurological basis of writing and its pathologies . . . Writers will delight in the way information and lore are interspersed.”—Publishers Weekly

Jordan Belfort—immortalized by Leonardo DiCaprio in the hit movie *The Wolf of Wall Street*—reveals the step-by-step sales and persuasion system proven to turn anyone into a sales-closing, money-earning rock star. For the first time ever, Jordan Belfort opens his playbook and gives you access to his exclusive step-by-step system—the same system he used to create massive wealth

for himself, his clients, and his sales teams. Until now this revolutionary program was only available through Jordan's \$1,997 online training. Now, in *Way of the Wolf*, Belfort is ready to unleash the power of persuasion to a whole new generation, revealing how anyone can bounce back from devastating setbacks, master the art of persuasion, and build wealth. Every

technique, every strategy, and every tip has been tested and proven to work in real-life situations. Written in his own inimitable voice, *Way of the Wolf* cracks the code on how to persuade anyone to do anything, and coaches readers—regardless of age, education, or skill level—to be a master sales person, negotiator, closer, entrepreneur, or speaker.
