All around the world,  
Dream Big is helping  
millions recapture the  
lives they dreamed about  
before fear started calling  
the shots. Now, with the  
Dream Big Journal, New  
York Times bestselling  
author Bob Goff takes  
readers through the  
introspection, reflection,  
and pragmatic planning  
necessary to make those  
dreams reality. In Dream  
Big, bestselling author  
Bob Goff taught the  
foundational importance  
of clearly defining our

dreams and ourselves; identifying the obstacles holding us back; devising specific plans for reaching goals; and developing the tools that will help us act on the plan. But let's be honest: can we really commit all of that to memory? How can we possibly clear our head space for the next big dream and the next? Bob knows this work is too important to risk having our thoughts, fears, inspirations, and strategies go off leash like a runaway dog. We need help wrangling all the wild and exciting dreams we have for our lives.

Reinforcing important themes and facets of the Dream Big Framework that lead to more clarity, courage, and blessings-- every week of the year-- the Dream Big Journal offers prompts, reminders, inspirations, and introspective questions excerpted from Dream Big. It empowers each of us to take our most cherished revelations about where we want to go, why, and what to do next with us as we go about our days, helping us stay motivated, focused, enthusiastic, and in close touch with what God has planned for us.

### **DREAM BIG**

John Wiley & Sons

At some point, we resign ourselves to living by the scripts and rhythms established by other people. Perhaps it's a parent. Maybe it's a pastor or a boss or a teacher. Maybe it's a mortgage or wedding date or that next pay raise. Wherever the source, today there is an ocean full of people living on the life rafts of what they were expected to do. If we look at the mirror, we might see ourselves on that life raft as well. In this five-session video study (DVD/digital downloads sold separately), bestselling author Bob Goff dares to ask the questions: What would you do if opinion, reason, or probability were no objects? What do you deeply desire to do even if it scares you to the marrow of your

bones? What were you meant to do even if no other person thinks you should? He shares stories from the Bible that show how God called certain individuals to follow him—regardless of their lack of "qualifications"—and how those people changed the world when they dared to follow God's dreams for their lives. In the same way, God is calling us to step into the version of our lives that he intended for us before others told us it was impossible and once again dream big. If anyone knows how to live life to the fullest, it is Bob Goff. He has already dazzled readers and audiences with his crazy, audacious, live-out-loud approach and stories told in *Love Does* and *Everybody, Always*. Yet as unique as Bob might seem, he had to make his own choice to dream big. In this study, he will take participants on this journey he has already traveled and help them to rediscover the dreams God has for them and turn them into reality. *Dream Big* will help group members understand that God has a plan for their lives and provide a step-by-step road map to breaking through the barriers that are holding

them back. Designed for use with the *Dream Big Video Study* (sold separately). ### **Generating and Designing Creative Ideas Across Media**

John Wiley & Sons

Is your team excited about the next big dream for your church? You are a visionary leader and your church probably has a vision statement. Yet most churches are stuck in a trap of generic communication without a truly visionary plan. Just like a visionary restaurant needs a more specific focus than “serving food,” a visionary church needs something more than biblical generalizations like “loving God, loving people” or “making disciples and serving the world.” When a team doesn’t share an understanding of God’s next big dream, leadership grows tired, overworked by an “all things to all people” ministry approach. Too often there’s no unified picture of what success looks like. People can feel uninspired and your church’s programming can seem more optional than ever. Ministry

without clarity is insanity. Are you ready for a better way? In this groundbreaking work, based on Will Mancini’s 15 years and over 10,000 hours of church team facilitation, *God Dreams* reveals a simple and powerful planning method that will bring energy and focus to your church like never before. First, *God Dreams* shows how to reclaim the role of long-range vision today by providing 12 vision templates, each with biblical, historical and contemporary illustrations. These vision starters will dramatically accelerate your team’s ability to find complete agreement regarding your church’s future. Second, *God Dreams* explains how to overcome the fruitless planning efforts that many church teams experience. With a tool called the Horizon Storyline, leaders can connect short-term action steps with the long-range dream, while leveraging the power of storytelling to make the plan “stick.” This tool will galvanize a diverse team of ministry leaders and volunteers with unprecedented enthusiasm. Imagine leading with a refreshed sense of freedom and confidence, with a totally

new way to inspire your church. Imagine the ability to harness the energy and resources of your people towards a specific dream of gospel impact, in your church and in your lifetime. *God Dreams* is your passport to leading into a better future.

Historians have traditionally interpreted the American land-grant higher-education movement as the result of political and economic forces. Little attention has been given, however, to any explicit or implicit theological motivations for the movement. This book tells the story of how the Christian belief of many founders of the University of Illinois motivated their educational theory and practice. Constructing a social gospel of labor’s millennium (their shorthand for God’s kingdom being enhanced through agricultural and mechanical education), they initially proposed that the university would impart a millenarian blessing for the larger society by providing abundant food, economic

prosperity, vocational dignity, and a charitable spirit of sacred unity and public service. Rich in primary-source research,

Smith's account builds a compelling case for at least one such institution's adaptation of an inherited evangelical

educational tradition, transitioning into a new era of higher learning that has left its mark on university life today.
