Accounting Finally Made Simple (Yes, I'm Not Kidding!) Are You Ready to Get Ahead of the Curve? \* \*

\*LIMITED TIME OFFER! 40% OFF! (Regular Price \$12.99)\*

\* \*Let me start with a bold statement: if you want to be successful in business and life, then you NEED to learn

Accounting. Yes, you do. It doesn't matter what you do: maybe you work at a retail company, maybe you're a lawyer trying to close a deal, or a stock broker hoping to make that sale. We are ALL in the same game, and yet most people don't even realize it. Most people don't even take the time to incorporate and get better at one of the most important life skills there could ever be!

That's precisely why at least 80% of the world population are ignorant when it comes to Financial Accounting. They SUCK at reading and the interpretation of financial statements. And so I did, back when I started my business career. It took me time to learn the right secrets. It took me a lot of time and errors to build the tools that would make me the business person I'm today. And

now, I'm willing to share those secrets with you. I wrote this book for a reason. I wrote this book to help you incorporate ALL the Accounting you'll ever need. I wrote it to show you how you can skip the averages and go the whole way. You see, I may not know you, but I certainly know something about you: both you and me are alike. Whether you are just getting

started on business (and have no idea what an Income Statement is) or even if you are an experienced businessman with tons of big deals on your track record, I know you don't settle for average knowledge.. I know you want something better. You won't stop until you become your absolute best. You won't stop until you leave the pack behind. And guess what? That's why

you need Accounting! That's precisely what we will go for on this book! Hey, I'm not saying this is easy peasy. There's a bit of learning we have to go through first. And there's a lot of UNLEARNING we have to go through. Wrong methods, wrong concepts, self limiting beliefs, we will throw all that stuff AWAY and replace them with new, empowering beliefs and fresh

knowledge. This is absolutely key! Don't worry, I've got you covered; we'll get everything right before you carry on comprehend each and every aspect of Financial Accounting. After you've finished this book, you'll feel so much prepared to face the outer business world, I can promise you that. I'm glad to be here to share this journey with you! My goal is simple. I will help you become the

absolute BEST businessman (or woman) you can become by learning a bunch of Accounting concepts you simply can't ignore. Sounds too difficult? It's not. I will show you how. I will take you through a step by step guide where you simply can't get lost! Together, we will go to the roots of Accounting, Finance & Investing and transform that knowledge into an incredibly journey that

will forever change the way you approach your business life. So let's go for it! Here Is A Preview Of What You'll Learn Inside... The world of accounting can be intimidating.

Whether you're a manager, business owner, aspiring entrepreneur, or taking a college course in accounting, you'll find yourself need to know the basics...but baffled by complicated accounting books. What if learning accounting could be as simple and fun as running a child's lemonade stand? It can. The Accounting Game presents financial information in

a format so simple and so unlike a common accounting textbook, you may forget you're learning skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics of managing your finances, this book makes a dry subject fun and understandable. As you run your stand, you'll begin to understand and apply financial terms and concepts like

assets, liabilities, earnings, inventory and notes payable, plus: Interactive format gives you hands-on experience Color-coded charts and worksheets help you remember key terms Step-by-step process takes you from novice to expert with ease Fun story format speeds retention of essential concepts Designed to apply what you learn to the real world The revolutionary

approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember and use! Praise for The Accounting Game: "The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants."

—John Hernandis, Director of Corporate Communications, American Greetings Learning Tool...Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is, however, a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a

complex and dry subject understandable and even fun. This book successfully does just that."
