[The Search for the "Manchurian Candidate"](#) Little, Brown

This work provides an analysis of the determinants and effects of reputation management. It demonstrates the

economic value of a corporate reputation, quantifying the economic returns for well-regarded companies, and presents recommendations and processes for assessing and improving reputation. INDICE: Introduction: why reputations matter. Part 1 The hidden value of a good reputation: going for the gold; what's in a name?; enlightened self-inter... Etc. *A Taste of Power* Simon and Schuster Psychic Self-Defense Weiser Books

THE AUTOBIOGRAPHY OF MALCOLM X

Psychic Self-Defense

During the Cold War, freedom of expression was vaunted as liberal democracy's most cherished possession—but such freedom was put in service of a hidden agenda. In *The Cultural Cold War*, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the *New York Times*, the book presents shocking

evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (*The Wall Street Journal*), and its story of covert cultural efforts to win hearts and minds continues to be relevant today.

CUISINE AND CULTURE

Penguin

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new

criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Psychic Self-Defense Feral House

The sixtieth anniversary edition of Frantz Fanon's landmark text, now with a new introduction by Cornel West First published in 1961, and reissued in this sixtieth anniversary edition with a powerful new introduction by Cornel West, Frantz Fanon's *The Wretched of the Earth* is a masterful and timeless interrogation of race, colonialism, psychological trauma, and revolutionary struggle, and a continuing influence on movements from Black Lives Matter to decolonization. A landmark text for revolutionaries and activists, *The Wretched of the Earth* is an eternal touchstone for civil rights, anti-colonialism, psychiatric studies, and Black consciousness movements around the world. Alongside Cornel West's introduction, the book features critical essays by Jean-Paul Sartre and Homi K. Bhabha. This sixtieth anniversary edition of Fanon's most famous text stands proudly alongside such pillars of anti-colonialism and anti-racism as Edward Said's *Orientalism* and *The Autobiography of Malcolm X*.

The House in the Cerulean Sea Nicholson

What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic

look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, *The Washington Post Book World*

THE GREAT EXORCISM

John Wiley & Sons

A NEW YORK TIMES, USA TODAY, and WASHINGTON POST BESTSELLER! A 2021 Alex Award winner! The 2021 RUSA Reading List: Fantasy Winner! An Indie Next Pick! One of Publishers Weekly's "Most Anticipated Books of Spring 2020" One of Book Riot's "20 Must-Read Feel-Good Fantasies" Lambda Literary Award-winning author TJ Klune's bestselling, breakout contemporary fantasy that's "1984 meets *The Umbrella Academy* with a pinch of Douglas Adams thrown in." (Gail Carriger) Linus Baker is a by-the-book case worker in the Department in Charge of Magical Youth. He's tasked with determining whether six dangerous magical children are likely to bring about the end of the world. Arthur Parnassus is the master of the orphanage. He would do anything to keep the children safe, even if it means the world will burn. And his secrets will come to light. *The House in the Cerulean Sea* is an enchanting love story, masterfully told, about the profound experience of discovering an unlikely family in an unexpected place—and realizing that family is yours. "1984 meets *The Umbrella Academy* with a pinch of Douglas Adams thrown in." —Gail Carriger, *New York Times* bestselling author of *Soulless* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Huis Clos Cengage Learning

"Baldwin on race is Baldwin on the white American psyche.... *The Cross of Redemption* becomes an absorbing portrait of Baldwin's time—and of him." —*New York Review of Books* A revelation by an American literary master: a gathering of essays, articles, polemics, reviews, and interviews that have never before appeared in book form. James Baldwin was one of the most brilliant and provocative literary figures of the past century, renowned for his fierce engagement with issues haunting our common history. In *The Cross of Redemption* we have Baldwin discoursing on, among other subjects, the possibility of an African-American president and what

it might mean; the hypocrisy of American religious fundamentalism; the black church in America; the trials and tribulations of black nationalism; anti-Semitism; the blues and boxing; Russian literary masters; and the role of the writer in our society. Prophetic and bracing, *The Cross of Redemption* is a welcome and important addition to the works of a cosmopolitan and canonical American writer who still has much to teach us about race, democracy, and personal and national identity. As Michael Ondaatje has remarked, "If van Gogh was our nineteenth-century artist-saint, Baldwin [was] our twentieth-century one."

Understand the science behind human language Grasp how language is constructed Score your highest in college-level linguistics If you're enrolled in an introductory linguistics course or simply have a love of human language, *Linguistics For Dummies* is your one-stop resource for unlocking the science of the spoken word.

THE LANGUAGE OF COMPOSITION

DIANE Publishing

From *New York Times* bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the *Periodic Table*. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?* *The Periodic Table* is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad

scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

'I am invisible, understand, simply because people refuse to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An American classic . . . one of the most original voices of Black America.' The Times

Prisoner of Infinity John Wiley & Sons An extensive working vocabulary is a prerequisite for test-taking success on the GRE Graduate Record Exam. This revised and updated test preparation guide presents 800 college-graduate-level words with definitions that frequently appear on the exam, while also familiarizing test takers with how the words are generally used in various contexts. Additional features include a pretest that serves as a diagnostic, a lengthy word list with extensive sentence-completion exercises, and a chapter that discusses and analyzes essential word roots. The book concludes with a detailed posttest. Answers are provided for all exercises and for all questions in the posttest.

Understanding the Dreams You Dream: Biblical Keys for Hearing God's Voice in the Night not only provides insight into your dreams and life, but also includes a comprehensive dictionary of dream symbols! You will be guided through the complex world of dreams by a minister with decades of experience receiving, understanding, and interpreting dreams of his own and for others. I have received many helpful messages from God through dreams. In addition to being helped through my own dreams, I have seen many other people obtain help and comfort by using their dreams as an aid to healing in pastoral counseling. -Ira Milligan Through Scripture-based meditation, much can be understood about your dreams, but many Christians don't know how to meditate. This problem is addressed in three different ways: • Specific, detailed directions are given on how and upon what to meditate. • Personal examples of dreams from the author's own experiences. • Practical dictionary of symbol definitions is included. This book presents both normal and not-so-normal dream situations. You will learn that to apply only one type of dream interpretation to all dreams is restricting each symbol to only one possible definition, which is incorrect. And you will learn how to tell the difference between a dream from God—and those from evil sources.

Black Skin, White Masks John Wiley & Sons

The full French text of Sartre's novel is accompanied by French-English vocabulary. Notes and a detailed introduction in English put the work in its social and historical context.
