### **America in the King Years 1954-63** Henry Holt and Company

Dr. King's best-selling account of the civil rights movement in Birmingham during the spring and summer of 1963. On April 16, 1963, as the violent events of the Birmingham campaign unfolded in the city's streets, Dr. Martin Luther King, Jr., composed a letter from his prison cell in response to local religious leaders' criticism of the campaign. The resulting piece of extraordinary protest writing, "Letter from Birmingham Jail," was widely circulated and published in numerous periodicals. After the conclusion of the campaign and the March on Washington for Jobs and Freedom in 1963, King further developed the ideas introduced in the letter in *Why We Can't Wait*, which tells the story of African American activism in the spring and summer of 1963. During this time, Birmingham, Alabama, was perhaps the most racially segregated city in the United States, but the campaign

launched by King, Fred Shuttlesworth, and others demonstrated to the world the power of nonviolent direct action. Often applauded as King's most incisive and eloquent book, *Why We Can't Wait* recounts the Birmingham campaign in vivid detail, while underscoring why 1963 was such a crucial year for the civil rights movement. Disappointed by the slow pace of school desegregation and civil rights legislation, King observed that by 1963—during which the country celebrated the one-hundredth anniversary of the Emancipation Proclamation—Asia and Africa were "moving with jetlike speed toward gaining political independence but we still creep at a horse-and-buggy pace." King examines the history of the civil rights struggle, noting tasks that future generations must accomplish to bring about full equality, and asserts that African Americans have already waited over three centuries for civil rights and that it is time to be proactive: "For years now, I have heard the word 'Wait!' It rings in the ear of every Negro with piercing familiarity. This 'Wait' has almost always meant 'Never.' We must come to see, with one of our distinguished jurists, that 'justice too long delayed is justice denied.'"

Named a Best Book of 2017 by NPR The New York Times Book Review Editors' Choice The Washington Post's Books to Read in 2017 USA Today, "New and Noteworthy" Read it Forward, Favorite Reads of January 2017 A Parade Magazine Pick "This book is distinctly Coretta's story . . . particularly absorbing. . . generous, in a manner that is unfashionable in our culture."—New York Times Book Review "Eloquent . . . inspirational"—USA Today The life story of Coretta Scott King—wife of Martin Luther King Jr., founder of the Martin Luther King Jr. Center for Nonviolent Social Change (The King Center), and singular twentieth-century American civil and human rights

activist—as told fully for the first time, toward the end of her life, to Rev. Dr. Barbara Reynolds. Born in 1927 to daringly enterprising parents in the Deep South, Coretta Scott had always felt called to a special purpose. While enrolled as one of the first black scholarship students recruited to Antioch College, she became politically and socially active and committed to the peace movement. As a graduate student at the New England Conservatory of Music, determined to pursue her own career as a concert singer, she met Martin Luther King Jr., a Baptist minister insistent that his wife stay home with the children. But in love and devoted to shared Christian beliefs as well as shared racial and economic justice goals, she married Dr. King, and events promptly thrust her into a maelstrom of history throughout which she was a strategic partner, a standard bearer, and so much more. As a widow and single mother of four, she worked tirelessly to found and develop The King Center as a citadel for world peace, lobbied for fifteen years for the US national holiday in honor of her husband, championed for women's, workers' and gay rights and was a powerful international voice for nonviolence, freedom and human dignity. Coretta's is a love story, a family saga, and the memoir of an extraordinary black woman in twentieth-century America, a brave leader who, in the face of terrorism and violent hatred, stood committed, proud, forgiving, nonviolent, and hopeful every day of her life.

### THE STORY OF MARTIN LUTHER KING JR

Jump At The Sun

"A fascinating, elegiac account" of the bond between two of the Civil Rights Era's most important leaders—from the journalist and author of *Strange Fruit* (Chicago Tribune). With vision and political savvy, Martin Luther King, Jr. and Robert F. Kennedy set the United States on a path toward fulfilling its promise of liberty and justice for all. In *The Promise and the Dream*, Margolick examines their unique bond, both in life and in their tragic assassinations, just sixty-two days apart in 1968. Through original interviews, oral histories, FBI files, and previously untapped contemporaneous accounts, Margolick offers a revealing portrait of these two men and the mutual assistance, awkwardness, antagonism, and admiration that existed between them. MLK and RFK cut distinct but converging paths toward lasting change. Even when they weren't interacting directly, they monitored and learned from one another. Their joint story, a story each man took pains to hide during their lives, is not just gripping history but a window into the challenges we continue to face in America. Complemented by award-winning historian Douglas Brinkley's foreword and more than eighty revealing photos by the foremost photojournalists of the period, *The Promise and the Dream* offers a compelling look at one of the most consequential but misunderstood relationships in our nation's history.

In *Parting the Waters*, the first volume of his essential America in the King Years series, Pulitzer Prize winner Taylor Branch gives a "compelling...masterfully told" (The Wall Street Journal) account of Martin Luther King's early years and rise to greatness. Hailed as the most masterful story ever told of the American Civil Rights Movement, *Parting the Waters* is destined to endure for generations. Moving from the fiery political baptism of Martin Luther King, Jr., to the corridors of Camelot where the Kennedy brothers weighed demands for justice against the deceptions of J. Edgar Hoover, here is a vivid tapestry of America, torn and finally transformed by a revolutionary struggle unequalled since the Civil War. Taylor Branch provides an unsurpassed portrait of King's rise to greatness and illuminates the stunning courage and private conflict, the deals, maneuvers, betrayals, and rivalries that determined history behind closed doors, at boycotts and sit-ins, on bloody freedom rides, and through siege and murder. Epic in scope and impact, Branch's chronicle definitively captures one of the nation's most crucial passages.

The #1 New York Times bestseller from FOX News star of Tucker Carlson Tonight offers "a targeted snipe at the Democrats and Republicans and their elite enablers" (New York Journal of Books) in a funny political commentary on how America's ruling class has failed everyday Americans. "Informal and often humorous...an entertainingly told narrative of elite malfeasance" (Publishers Weekly), Tucker Carlson's *Ship of Fools* tells the truth about the new American elites, a group whose power and wealth has grown beyond imagination even as the rest of the country has withered. The people who run America now barely interact with it. They fly on their own planes, ski on their own mountains, watch sporting events far from the stands in sky boxes. They have total contempt for you. In *Ship of Fools*, Tucker Carlson offers a blistering critique of our new overlords and answers the all-important question: How do we put the country back on course? Traditional liberals are gone, he writes. The patchouli-scented hand-wringers who worried about whales and defended free speech have been replaced by globalists who hide their hard-edged economic agenda behind the smokescreen of identity politics. They'll outsource your job while lecturing you about transgender bathrooms. Left and right, Carlson says, are no longer meaningful categories in America. "The rift is between those who benefit from the status quo, and those who don't." Our leaders are fools, Carlson concludes, "unaware that they are captains of a sinking ship." But in the signature and witty style that viewers of Tucker Carlson Tonight enjoy so much, *Ship of Fools* is "bulging with big and interesting ideas, presented succinctly with wit and precision, each chapter a potential book in itself" (The Washington Times).

Opposites in almost every way, mortally suspicious of each other at first, Lyndon Baines Johnson and Martin Luther King, Jr., were thrust together in the aftermath of John F. Kennedy's assassination. Both men sensed a historic opportunity and began a delicate dance of accommodation that moved them, and the entire nation, toward the historic Civil Rights Act of 1964 and the Voting Rights Act of 1965. Drawing on a wealth of newly available sources -- Johnson's taped telephone conversations, voluminous FBI wiretap logs, previously secret communications between the FBI and the president -- Nick Kotz gives us a dramatic narrative, rich in dialogue, that presents this momentous period with

thrilling immediacy. Judgment Days offers needed perspective on a presidency too often linked solely to the tragedy of Vietnam. We watch Johnson applying the arm-twisting tactics that made him a legend in the Senate, and we follow King as he keeps the pressure on in the South through protest and passive resistance. King's pragmatism and strategic leadership and Johnson's deeply held commitment to a just society shaped the character of their alliance. Kotz traces the inexorable convergence of their paths to an intense joint effort that made civil rights a legislative reality at last, despite FBI director J. Edgar Hoover's vicious whispering campaign to destroy King. Judgment Days also reveals how this spirit of teamwork disintegrated. The two leaders parted bitterly over King's opposition to the Vietnam War. In this first full account of the working relationship between Johnson and King, Kotz offers a detailed, surprising account that significantly enriches our understanding of both men and their time.

**Why We Can't Wait** Turtleback Books

Winner of the Pulitzer Prize: The definitive biography of Martin Luther King Jr. In this monumental account of the life of Martin Luther King Jr., professor and historian David Garrow traces King's evolution from young pastor who spearheaded the 1955-56 bus boycott of Montgomery, Alabama, to inspirational leader of America's civil rights movement. Based on extensive research and more than seven hundred interviews, with subjects including Andrew Young, Jesse Jackson, and Coretta Scott King, Garrow paints a multidimensional portrait of a charismatic figure driven by his strong moral obligation to lead—and of the toll this calling took on his life. Bearing the Cross provides a penetrating account of King's spiritual development and his crucial role at the Southern Christian Leadership Conference, whose protest campaigns in Birmingham and Selma, Alabama, led to enactment of the landmark Civil Rights Act of 1964 and Voting Rights Act of 1965. This comprehensive yet intimate study reveals the deep sense of mission King felt to serve as an unrelenting crusader against prejudice, inequality, and violence, and his willingness to sacrifice his own life on behalf of his beliefs. Written more than twenty-five years ago, Bearing the Cross remains an unparalleled examination of the life of Martin Luther King Jr. and the legacy of the civil rights movement.
