Comics  
"Hilarious, morbid, and sometimes oddly touching, War and Peas is among the best of the best in modern comics. You'll be laughing out loud." — Sarah

Andersen, creator of Sarah's Scribbles "One of the most exciting and funniest webcomics in the world," — Bored Panda From the creators of the hugely popular Instagram comic War and Peas, this offbeat four-panel comic features a dark, fairy-tale aesthetic and a twist ending each time. War and Peas: Funny Comics for Dirty Lovers combine twisted humor with a beloved cast of characters including the grim reaper (seen here as an unintentionally lethal man of leisure), a robot in hopelessly in love with his scientist creator, and a promiscuous yet self-assured witch. Unlike most webcomic collections, this one tells a story using dozens of never-before-seen comics to chronicle the lives of several different characters and their follies during life, death, and their glorious

reunions in the afterlife (and the after-afterlife).

**Prophet: Earth War #2** Dark Horse Books

"Private Zula Hendricks, on a rogue mission to destroy xenomorphs, has escaped a marine raid on a fuel depot in deep space with her crew. In the quiet of space, the team fixes their injuries and damaged ship. But perhaps the crew's biggest obstacle is that one of their own has brought their worst nightmare aboard--inside of them!"--

**Aliens** Dark Horse

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward

off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

### **The Female War** Spectra

Dark Horse Comics took the industry by storm with its release of Aliens, a comics series that for the first time captured the power of film source material and expanded its universe in a way that fans applauded worldwide. Now, the first three Dark Horse Aliens series — Outbreak, Nightmare Asylum and Female War — are collected in a value-priced, quality-format omnibus, featuring nearly 400 story pages in full color.

Written by screen and television scribe Mark Verheiden (The Mask, Battlsestar Gallactica) and illustrated with

consummate skill by Mark A. Nelson, Den Beauvais and Sam Kieth, Aliens Omnibus Volume 1 is an essential piece of the Aliens mythos and a great entry point into the storied Dark Horse Aliens library.

## **ALIENS: THE ESSENTIAL COMICS VOLUME 1**

Dark Horse Books

In 1986, James Cameron's Aliens brought to theaters the horrors of a new kind of war against a terrifying enemy. Long before Alien3 was even a glint in director David Fincher's eye, Dark Horse Comics was already crafting a terrifying post-Aliens continuity for Ripley, Hicks, and Newt. Earth is overrun by xenomorphs with no hope of saving it for humanity. But that doesn't mean just leaving it to

the Aliens. Ripley has a plan to capture, from what they believe is the Alien homeworld, a "Queen Mother"--a super queen that rules multiple nests--and bring it back to Earth. There the Queen Mother will command the xenomorphs to gather where they can all be destroyed by nuclear bombs. Collects Aliens: Nightmare Asylum #1-#4 and Aliens: Female War #1-#4. Includes cover art for all issues.

**Aliens: Earth War** Dark Horse Comics Sam Kieth, renowned illustrator of THE SANDMAN, has earned a reputation for creating comic-book epics that combine powerfulation and thought-provoking themes. Now, he brings that vision to Batman in a story that pits the Dark Knight against the Joker-- all under the unforgiving eye of the media. Their

confrontation is caught on film, and Gotham City's protector appears to pummel his archenemy without mercy. The Joker uses this to frame Batman in the court of public opinion while the media hover like vultures, ready to convict before all the facts are in.

#### Female War Spectra

A long-lost Predator clan stakes its claim for galactic dominance, intent on exterminating its rival clan, the self-same trophy hunters who have plagued Earth's history. And if the advanced technology and military precision of this new threat weren't enough, they have an even more terrifying weapon—a horde of Aliens under their malefic control. Earthmen must now side with the warriors who have relentlessly

hunted them, but is the enemy of my enemy my friend or just another enemy waiting for its turn to strike? \* One of the most popular science-fiction/action franchises, spawning countless films, games, comics, and toys over three decades. \* *Aliens vs. Predator: Three World War* is the biggest action blowout yet, written by original AvP scribe Randy Stradley and illustrated by Rick Leonardi and Mark Pennington. \* Collects issues #1-#6 of the miniseries.
