 Dr. James L. Tyson sailed from Baltimore  
 for California in January 1849, crossing  
 the Isthmus and sailing on to San  
 Francisco. Diary of a physician in  
 California (1850) recounts his 1849 tour  
 of the Northern Mines in search of a  
 likely place for his medical practice and  
 his hospital at Cold Spring, where his  
 patients included a number of  
 Oregonians. Tyson closes his hospital at  
 the end of the summer, sailing from San  
 Francisco as a ship's physician, crossing  
 the Isthmus and landing in the United  
 States in December 1849. His diary pays  
 special attention to miners' health and  
 working conditions.
