In this series of honest and poignant essays, Heidi Priebe explores the harsh reality of what it means to let go of the people and situations we love most - often before we are ready to - and how to embrace what comes next."-- Back cover.

Dead Is the New Black St. Martin's Press

The *Woman of Colour* is a unique literary account of a black heiress' life immediately after the abolition of the British slave trade. Olivia Fairfield, the biracial heroine and orphaned daughter of a slaveholder, must travel from Jamaica to England, and as a condition of her father's will either marry her Caucasian first cousin or become dependent on his mercenary elder brother and sister-in-law. As Olivia decides between these two conflicting possibilities, her letters recount her impressions of Britain and its inhabitants as only a black woman could record them. She gives scathing descriptions of London, Bristol, and the British, as well as progressive critiques of race, racism, and slavery. The narrative follows her life from the heights of her arranged marriage to its swift descent into annulment and destitution, only to culminate in her resurrection as a self-proclaimed "widow" who flouts the conventional marriage plot. The appendices, which include

contemporary reviews of the novel, historical documents on race and inheritance in Jamaica, and examples of other women of colour in early British prose fiction, will further inspire readers to rethink issues of race, gender, class, and empire from an African woman's perspective.

### THE DEATH OF IVAN ILYCH

HarperCollins

*The Death of Ivan Ilych* Leo Tolstoy - Ivan Ilyich lives a carefree life that is "most simple and most ordinary and therefore most terrible". Like everyone he knows, he spends his life climbing the social ladder. Enduring marriage to a woman whom he often finds too demanding, he works his way up to be a magistrate, thanks to the influence he has over a friend who has just been promoted, focusing more on his work as his family life becomes less tolerable. While hanging curtains for his new home one day, he falls awkwardly and hurts his side. Though he does not think much of it at first, he begins to suffer from a pain in his side. As his discomfort grows, his behavior towards his family becomes more irritable. His wife finally insists that he visit a physician. The physician cannot pinpoint the source of his malady, but soon it becomes clear that his condition is terminal. Confronted with his diagnosis, Ivan attempts every remedy he can to obtain a cure for his worsening situation, until the pain grows so intense that he is forced to cease working and spend the remainder of his days in

bed. Here, he is brought face to face with his mortality and realizes that, although he knows of it, he does not truly grasp it. During the long and painful process of dying, Ivan dwells on the idea that he does not deserve his suffering because he has lived rightly. If he had not lived a good life, there could be a reason for his pain; but he has, so pain and death must be arbitrary and senseless. As he begins to hate his family for avoiding the subject of his death, for pretending he is only sick and not dying, he finds his only comfort in his peasant boy servant, Gerasim, the only person in Ivan's life who does not fear death, and also the only one who, apart from his own son, shows compassion for him. Ivan begins to question whether he has, in fact, lived a good life. In the final days of his life, Ivan makes a clear split between an artificial life, such as his own, which masks the true meaning of life and makes one fear death, and an authentic life, the life of Gerasim. Authentic life is marked by compassion and sympathy, the artificial life by self-interest. Then "some force" strikes Ivan in the chest and side, and he is brought into the presence of a bright light. His hand falls onto his nearby son's head, and Ivan pities his son. He no longer hates his daughter or wife, but rather feels pity for them, and hopes his death will release them. In so doing, his terror of death leaves him, and as Tolstoy suggests, death itself disappears.

Jane Eyre, the story of a young girl and her passage into adulthood, was an immediate commercial success at the time of its original publication in 1847. Its representation of the underside of domestic life and the hypocrisy behind religious enthusiasm drew both praise and bitter criticism, while Charlotte Brontë's striking expose of poor living conditions for children in charity schools as well as her poignant portrayal of the limitations faced by women who worked as governesses sparked great controversy and social debate. Jane Eyre, Brontë's best-known novel, remains an extraordinary coming-of-age narrative, and one of the great

classics of literature. Charlotte Brontë (April 21, 1816 - March 31, 1855) was an English novelist and the eldest of the three Brontë sisters whose novels have become enduring classics of English literature. Source: Wikipedia
