Lord Griffin Boscastle has no intention of ending his glorious career as a rakehell now that he has inherited a dukedom. Yet when Harriet finds work in the townhouse where Griffin resides, her presence tempts him at every turn. But just as Harriet finds the perfect cure for His Lordship's devilish ways, a vindictive enemy intervenes, and the duke whom Harriet has plotted to save suddenly becomes her devoted protector.

Challenging the central place that "practices" have recently held in Christian theology, Lauren Winner explores the damages these practices have inflicted over the centuries Sometimes, beloved and treasured Christian practices go horrifyingly wrong, extending violence rather than promoting its healing. In this bracing book, Lauren Winner provocatively challenges the assumption that the church possesses a set of immaculate practices that will definitionally train Christians in virtue and that can't be answerable to their histories. Is there, for instance, an account of prayer that has anything useful to say about a slave-owning woman's praying for her slaves' obedience? Is there a robustly theological account of the Eucharist that connects the Eucharist's goods to the sacrament's central role in medieval Christian murder of Jews? Arguing that practices are deformed in ways that are characteristic of and intrinsic to the practices themselves, Winner proposes that the register in which Christians might best think about the Eucharist, prayer, and baptism is that of "damaged gift." Christians go on with these practices because, though blighted by sin, they remain gifts from God.

For 300 years, Franciscans were at the forefront of the spread of Catholicism in the New World. In the late seventeenth century, Franciscans developed a far-reaching, systematic missionary program in Spain and the Americas. After founding the first college of propaganda fide in the Mexican city of Querétaro, the Franciscan Order established six additional colleges in New Spain, ten in South America, and twelve in Spain. From these colleges Franciscans proselytized Indians in frontier territories as well as Catholics in rural and urban areas in eighteenth-century Spain and Spanish America. To Sin No More is the first book to study these colleges, their missionaries, and their multifaceted, sweeping missionary programs. By focusing on the recruitment of non-Catholics to Catholicism as well as the deepening of religious fervor among Catholics, David Rex Galindo shows how the Franciscan colleges expanded and shaped popular Catholicism in the eighteenth-century Spanish Atlantic world. This book explores the motivations driving Franciscan friars, their lives inside the colleges, their training, and their ministry among Catholics, an often-overlooked duty that paralleled missionary deployments. Rex Galindo argues that Franciscan missionaries aimed to reform or "reawaken" Catholic parishioners just as much as they sought to convert non-Christian Indians.

Old Testament scholar and interpreter Brent A. Strawn focuses on the importance of honesty in preaching, especially around three challenging Old Testament themes: sin, suffering, and violence. He makes the case that preaching honestly is critical in the church today. Without honesty regarding these topics, there is no way forward to reconciliation, health, and recovery. Further, it is imperative for today's preachers to deal with the questions of faith arising from these themes in the biblical text itself. In addition to key scripture passages, he turns to several contemporary authors and works as dialogue partners on the three themes. Asserting that keeping secrets can lead to a kind of sickness, Strawn uses texts from the Pentateuch and the Psalms to model honesty about sin, without which

there can be no reconciliation, and honesty about suffering, without which there can be no healing. He also looks at the book of Joshua and various psalms to model honesty about violence, which can serve as a way to contain, limit, and ultimately transcend violence. Strawn frames these themes specifically for working preachers, so they can create sermons that speak to these thorny themes with depth and clarity.
