### **THE DEFINITIVE REFERENCE FOR THE INTERSECTION OF CHRISTIAN FAITH AND CONTEMPORARY SCIENCE**

Zondervan

In the pages of the Bible, we come to know God through Jesus Christ. Thus the importance of the Bible for our spiritual formation cannot be overstated. If we are honest, though, the Bible

is not always easy to understand. For example, the places named in the Bible can seem strange, and the number of people mentioned is virtually countless. This comprehensive dictionary intends to help people read the Bible with increased understanding and confidence. It contains articles on major topics as well as places and people, even if they just appear in a single verse in the Bible. Its articles cover theological topics, biblical words, biblical imagery, and

historical topics. This A to Z dictionary includes more than •1,700 full-color pages •400 color illustrations, maps, and photos •5,000 articles by leading evangelical scholars The Baker Illustrated Bible Dictionary is an informative, colorful, and easy-to-understand resource that will be an indispensable reference for your own personal study or in preparation for teaching.

### **THE NEW INTERNATIONAL DICTIONARY OF THE BIBLE**

Thomas Nelson Inc  
A standard and widely-used reference work for nearly 40 years, the New International Dictionary of

New Testament Theology and Exegesis has been thoroughly revised and updated to aid today's pastors, students, scholars, and teachers in their study of the New Testament. Offering a wealth of background and information on the meaning of Greek words in the New Testament—as well as related usage in classical Greek sources, the Septuagint, Jewish literature, and more—this important tool offers the following features: •  
Alphabetical arrangement according to Greek words

instead of previous order according to English topics; this ensures that individual Greek words are not discussed in isolation from one another and are easy to access • Expanded to include additional Greek words and concepts not covered in the original work, NIDNTTE includes nearly 800 entries covering over 3,000 Greek words • Discussions have been revised to be in line with modern scholarship and bibliographies are updated • Corrections have been made to

inconsistencies and omissions in earlier versions • Updated and added consistency to include—for every entry—all necessary background information from classical Greek, the LXX, and Jewish literature. • A helpful semantic domain index now directs the reader to all of the Greek words that have something to do with a particular English word. For example, under the English word “Anger, Wrath,” there is a list of thirteen Greek words that are related to that topic. •

Significant changes have been made in the presentation and discussion of linguistic details • and much more! *Revised Full-Color Edition* Harper Collins Reach for almost any commentary or other Bible study text and sooner or later (probably sooner!) you're bound to stumble over a word you don't know.
