The Modern World, Part One: Global History from 1760 to ... The Origins Of Modern World This clearly written and engrossing book presents a global narrative of the origins of the modern world from 1400 to the present. Unlike most studies, which assume that the "rise of the West" is the story of the coming of the modern world, this history, drawing upon new scholarship on Asia, Africa, and the New World, constructs a story in which those

parts of the world play major roles. The Origins of the Modern World: A Global and Ecological ... A History of the Modern World is a work initially published by the distinguished American historian at Princeton and Yale universities Robert Roswell Palmer in 1950. The work has since been extended by Joel Colton (from its second edition, 1956) and Lloyd S. Kramer (from its ninth edition, 2001), and currently (as of October 2017) counts thirteen editions.
