A collection of fine art nude photographic portraits of men captured in the classical tradition of the heroic and mythical, in the grandiose and dramatic poses of the post-renaissance tradition, shot in both contemporary, post-modernist and neo classic or painterly environments, with over 180 photographs in both colour and warm toned black and white. This collection complements and evolves the theme developed in the first 'Heroics' book published in 2011, and has been influenced by and references the male in sculpture and painting in Western European art from the Renaissance onwards. The book plays with contemporary societal attitudes to the naked male in public and art by juxtaposing our collective artistic consciousness and heritage with the reality of the contemporary naked male physique.

An emotional tale of identity, sexuality and suicide derived from personal experience about three teenage boys who struggle to come to terms with their homosexuality in a small Western Australian town. On the surface, nerd Zeke, punk Charlie and footy wannabe Hammer look like they have nothing in common. But scratch that surface and you'd find three boys in the throes of coming to terms with their homosexuality in a town where it is invisible. Invisible Boys is a raw,

confronting YA novel that explores the complexities and trauma of rural gay identity with painful honesty, devastating consequences and, ultimately, hope.

With the focus on the Aussie blue-collar worker, 'Bondi Work' continues Freeman's fascination with capturing what is intrinsic to male beauty. Following close on the heels of 'Bondi Urban', which portrayed lads of a surf and beach culture, Freeman's choice of models, the way he directs them into sharing intimate moments, his trademark use of dramatic lighting to elevate simple compositions, and his use of color, again infuses this work with a painterly romanticism. He uses his fellow countrymen (Australia) to show us the virile attitude of the untamed, knows how to make the partially clothed form even more sensuous than the fully nude form, and creates photographs that are well conceived and executed and presented in a superb format.

Yes, you can write a great screenplay. Let Syd Field show you how. "I based Like Water for Chocolate on what I learned in Syd's books. Before, I always felt structure imprisoned me, but what I learned was structure really freed me to focus on the story."—Laura Esquivel Technology is transforming the art and craft of screenwriting. How does the writer find new ways to tell a story with pictures, to create a truly outstanding film? Syd Field shows what works, why, and how in four extraordinary films: Thelma & Louise, Terminator 2: Judgement Day, The Silence of the Lambs, and Dances with Wolves. Learn how: Callie Khouri, in her first movie script, Thelma & Louise, rewrote the rules for good road movies and played against type to create a new American classic. James Cameron, writer/director of Terminator 2: Judgement Day, created a sequel integrating spectacular special effects and a story line that transformed the Terminator, the quintessential killing machine, into a sympathetic character. This is how an action film is written. Ted Tally adapted Thomas Harris's chilling 350-page novel, The Silence of the Lambs, into a riveting 120-page script—a lesson in the art and craft of adapting novels into film. Michael Blake, author of Dances with Wolves, achieved every writer's dream as he translated his novel into an uncompromising film. Learn how

he used transformation as a spiritual dynamic in this work of mythic sweep. Informative and utterly engrossing, Four Screenplays belongs in every writer's library, next to Syn Field's highly acclaimed companion volumes, Screenplay, The Screenwriter's Workbook, and Selling a Screenplay. "If I were writing screenplays . . . I would carry Syd Field around in my back pocket wherever I went."—Steven Bochco, writer/producer/director, L.A. Law, Hill Street Blues

It's the trip of a lifetime—a textile-based tour of colorful Rajasthan, India featuring more than 200

lush photographs depicting everyday life in one of the most vibrant regions in the world. "Get lost in the beauty of the photographs in Patterns of India, a striking journey through the colorful Indian state of Rajasthan."—BuzzFeed Patterns of India is a visual experience that offers intimate insights into the diverse and richly hued Western Indian culture. Color is the thread that binds the vast country together, defining every aspect of life from religion and politics to food and dress.

Organized by the five dominant colors royal blue, sandstone, marigold, ivory, and rose, this book explores how deeply color and pattern exist in a symbiotic relationship and are woven into every part of the culture. For instance, the fuchsia found in the draping fabric of a sari is matched by the vibrant chains of roses offered at temple, and the burnt orange spices in the marketplaces are reflected in the henna tattoos given to brides and wedding guests. While every color is imbued with meaning, it is often within the details of patterns that the full story comes to light.

Photographer and writer Christine Chitnis spent over a decade traveling through, getting to know, and falling in love with the intricate patterns of everyday Rajasthani life. With history and culture-based essays woven throughout the more than 200 stunning photographs of architecture, markets, cuisine, art, textiles, and everyday goings-on, Patterns of India captures the beauty and essence of this unique part of the world.

Breathtaking photographs and deeply personal stories from a leading surfing and nature photographer, conservation advocate, and social media force Wayward is a collection of striking photographs and the revealing personal stories behind them by one of the leading surf, nature, and adventure photographers of our time. At remote beaches and locales in places like Russia,

Norway, Iceland, and the Aleutian Islands, Chris Burkard succumbed to hypothermia, destroyed thousands of dollars' worth of camera gear, and spent a few nights in jail. But in the process, he captured amazing and iconic images that have defined his life's work. And while millions have seen his photographs in magazines, marketing campaigns for Patagonia, Sony, and others, and via his social media, Burkard has never given a full account of these journeys--until now. With never-before-seen images and the stories behind them, Burkard crafts an original narrative that combines the page-turning drama of a great explorer's adventure story and the immediacy and power of unforgettable photographs. Chronicling both the failures and the successes he has experienced in building a career, Burkard shares an infectious passion for photography, surfing, and chasing dreams in some of the world's most awe-inspiring places.

Driving down a dirt track one day photographer, stylist and adventurer Kara Rosenlund came across a beautiful but dilapidated farmhouse. Its lonely, worn loveliness kindled a passion in Kara

to photograph and celebrate Australia's authentic, intriguing rural homes and the people who live in them. As she travelled the country, documenting raw and real interiors and landscapes, she found shelter - under the roofs of beach shacks, grand homesteads, sheep stations and shipping containers, and in the welcome of strangers.

This stunning volume is the follow-up to the very successful Bondi Classic the first book in the Bondi Series by Paul Freeman. At Bondi in Sydney, Australia, the eastward growth of the city is halted by the Pacific Ocean. Despite the unappealing architecture of the area, it has developed among the warm climate and natural wonders a free-spirited subculture of young men. It is a mecca for young men from all over the world. Paul Freeman's work captures that free-wheeling and devil-may-care attitude of this current youth culture.

In HEROICS, Irene - like everyone in the future - struggles with boredom. Food, clothing, and all the necessities of human life have been taken care of. But, what does that leave of life itself? At eighty-two, Irene sets out on a pilgrimage across America hoping to find the answer. Along the way, she becomes transformed, both physically and by her interactions with other civilians all trying to cope with this new world. Filled with wry humor and fantastic symbolism, HEROICS mixes adventure and philosophy in a way both engrossing and entertaining. Of this book, friend and fellow writer Harlan Ellison said, 'It is the best Effinger yet, and for those of us who have been watching with amazement that is about as rich a compliment as you can expect from other envious authors. Damn him, he's good!' George Alec Effinger was a true master of satirical Science Fiction. Before his death in 2002, Effinger was a prolific novelist and short story writer, earning acclaim from his fans and peers, including a Nebula Award nomination for his first book WHAT ENTROPHY MEANS TO ME. In HEROICS, he revisits some of the themes and characters of that first book for startling, funny and poignant results.
