Mikael Krogerus and Roman Tschäppeler have tested the 44 most important communication theories and distilled them in book form, alongside clear and entertaining illustrations. Want better conversations? Ask open-ended questions that have no right or wrong answers—make your partner feel brilliant. Want better meetings? Ban smartphones, use a timer, and make everyone stand up. Want better business deals? Focus on the thing, rather than the person; on similarities, rather than differences; and on good outcomes, rather than perfect ones. Whether you want to present ideas more clearly, improve your small talk, or master the art of introspection, The Communication Book delivers, fusing theoretical knowledge and practical advice in a small but mighty package. With sections on work, the self, relationships and language, this book is indispensable for anyone who wants to improve what they say, and how they say it.

A Guide to the Universal Teachings of Buddhist Psychology Createspace Independent Publishing Platform

Eckhart Tolle is perhaps the most popular spiritual guru in the world. His books have topped the New York Times Bestseller List, and his core teaching-achievement of liberation via the power of Now-has become the "guiding light" of the New Age movement. But according to L. Ron Gardner, author of Beyond the Power of Now, there is a problem-a big problem-with Tolle's core teaching: Tolle never explains what, exactly, the power of Now is. Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit? Tolle doesn't say. He continually refers to the Bible and Jesus in his book, but, shockingly, never once mentions the Holy Spirit and how it relates to the Power of Now. L. Ron makes it clear that the true Power of Now is the Holy Spirit, which is the same divine Light-energy as Hindu Shakti and the Buddhist Sambhogakaya. He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it. To some, Eckhart Tolle is a New Age visionary, describing a "new earth" that can materialize if mankind, en masse, awakens to the power of Now. But according to L. Ron Gardner, he is simply a histrionic ranter full of empty rhetoric. Throughout this book, L. Ron continually points out, from different angles, the folly of

Tolle's New (or Now) Age chimera and describes the social system that represents mankind's sociopolitical salvation. Beyond Tolle's teaching about the power of Now and rhetoric about a "new earth," L. Ron takes the renowned guru to task on virtually every subject he addresses. Most significantly, he rebuts his arguments that: 1) emotions can be trusted more than thought; 2) time is a mind-created illusion; 3) psychological time is insanity; 4) the present moment is the Now; 5) the "inner" body is the direct link to the Now; 6) your cells stop aging when you live in the Now; 7) women are spiritually more evolved than men; and 8) animals such as ducks and cats are Zen masters. Eckhart Tolle's teachings are replete with erroneous ideas, and L. Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions.
