"Breathlessly atmospheric...A gorgeous, hopeful book." —Rachel Lynn Solomon, author of *Today Tonight Tomorrow* *The Hating Game* meets *I Am Not Your Perfect Mexican Daughter* in this Pura Belpré

Award-winning novel that's an irresistible romance starring a Mexican American teen who discovers love and profound truths about the universe when she spends her summer on a road trip across the country. When her twin sister reaches social media stardom, Moon Fuentez accepts her fate as the ugly, unwanted sister hidden in the background, destined to be nothing more than her sister's camerawoman. But this summer, Moon also takes a job as the "merch girl" on a tour bus full of beautiful influencers and her fate begins to shift in the best way possible. Most notable is her bunkmate and new nemesis, Santiago Phillips, who is grumpy, combative, and also the hottest guy Moon has ever seen. Moon is certain she hates Santiago and that he hates her back. But as chance and destiny (and maybe, probably, close proximity) bring the two of them in each other's perpetual paths, Moon starts to wonder if that's really true. She even starts to question her destiny as the unnoticed, unloved

wallflower she always thought she was. Could this summer change Moon's life as she knows it?

Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose. Whether at work, in relationships, or in shaping the world around you, *The Laws of Human Nature* offers brilliant tactics for success, self-improvement, and self-defense.

For most people, the reasons for the sudden collapse of our economy still remain obscure. *I.O.U.* is the story of how we came to experience such a complete financial disaster, starting with the magical proliferation of credit that led to an explosion of lending on the global and local landscapes of banking and finance. Viewing the crisis through the lens of politics, culture, and contemporary history—from the invention and widespread misuse of financial instruments to the culpability of subprime mortgages—Lanchester deftly draws conclusions on the limitations of financial and governmental regulation, capitalism's deepest flaw, and most important, on the plain and simple facts of human nature where cash is concerned. With newly updated, superbly

written reportage, Lanchester delivers a shrewd perspective and a digestible, comprehensive analysis that connects the dots for expert and casual reader alike. Part economic primer, part fiscal and historical analysis, *I.O.U.* is an eye-opener of a book.

A Novel Knopf Books for Young Readers
A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of

dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to

the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

WHY EVERYONE OWES EVERYONE AND NO ONE CAN PAY

Simon and Schuster
Another wild, expansive collection from the eternally surprising Pulitzer Prize-winning poet Smuggling diesel; Ben-Hur (the movie, yes, but also Lew Wallace's original book, and Seosamh Mac Grianna's Gaelic translation); a real trip to Havana; an imaginary trip to the Château d'If: Paul Muldoon's newest collection of poems, his twelfth, is exceptionally wide-ranging in its subject matter—as we've come to expect from this master of self-reinvention. He can be somber or quick-witted—often within the same poem: The mournful refrain of "Cuthbert and the Otters" is "I cannot thole the thought of Seamus Heaney dead," but that doesn't stop Muldoon from quipping

that the ancient Danes "are already dyeing everything beige / In anticipation, perhaps, of the carpet and mustard factories." If this masterful, multifarious collection does have a theme, it is watchfulness. "War is to wealth as performance is to appraisal," he warns in "Recalculating." And "Source is to leak as Ireland is to debt." Heedful, hard-won, head-turning, heartfelt, these poems attempt to bring scrutiny to bear on everything, including scrutiny itself. One Thousand Things Worth Knowing confirms Nick Laird's assessment, in *The New York Review of Books*, that Muldoon is "the most formally ambitious and technically innovative of modern poets," an experimenter and craftsman who "writes poems like no one else."
