www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

International Business Law and Its Environment Dushkin
Publishing Group

This book demonstrates how the theories and insights of

anthropology have positively influenced the conduct of global business and commerce, providing a foundation for understanding the impact of culture on global business, and global business on culture.

MANAGING BUSINESS ETHICS

Routledge

"This book explores game theory and its deep impact in developmental economics, specifically the manner in which it provides a way of formalizing institutions"--Provided by publisher.

Pearson Higher Ed

MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Business Ethics SAGE Publications

Honoring the twenty-fifth anniversary of one of the most influential books in the history of business strategy and ethics, R.

Edward Freeman's *Strategic Management: A Stakeholder Approach*, this work assembles a collection of contributions by the most influential and widely cited scholars working in the area of stakeholder scholarship today. The analyses collected here comment on the impact Freeman's book - and stakeholder theory more generally - has had upon the fields of management and organizational ethics. This study also includes original responses from Freeman himself. As the conversation about stakeholders hits its academic and popular stride, this timely volume provides both a retrospective of stakeholder theory's history as well as a guide to the questions that are likely to emerge during the next quarter century, providing a new foundation for future theory and practice. This volume will be an indispensable resource for any serious scholar working in the area of stakeholder theory. Additionally, because the language of managing stakeholder relationships is becoming increasingly popular, practicing executives and NGO members will find this an exceptional and informative reference.

Taking Sides IGI Global

This is the only textbook that helps students develop a thorough understanding of the legal environment of business and enhances their ability to engage in critical thinking and ethical analysis. The legal environment of business is thoroughly treated in an extremely reader-friendly manner; various topics include: the American legal system, dispute resolution, constitutional principles, cyberlaw, white-collar crime, contracts, sales, product and service liability, the law of property, agency law, labor-management relations, environmental law, securities trading and issuance, antitrust laws, and debtor-creditor relations. An

excellent desk reference for the legal departments of any business, this book also provides an interesting read for anyone interested in business and ethics.

Strategy and Applied Ethics IGI Global

Environmental and sustainable development concerns permeate numerous aspects of society, including economic activity. Many countries now run their economies based on such sustainable economic structures to improve production models and overall living conditions. *Green Economic Structures in Modern Business and Society* discusses the implementation of environmentally friendly models in contemporary economies, as well as the development and evolution of such strategies in recent years. Focusing on theoretical frameworks, empirical research findings, and key methodologies, this book is a pivotal reference source for academicians, advanced-level students, and professionals within the growing field of green economics.

Business and Society Routledge

This book outlines social and moral guidelines to combat violent, hateful, and illegal activity on the Internet.

Business Ethics and Society Addison-Wesley

Business and Society: Corporate Strategy, Public Policy and Ethics, by Post, Lawrence and Weber was the first book to be published in the field of business and society and is the market leader! For over thirty years, *Business and Society* has been updated and reinvented in response to society's relationship to business. Post, Lawrence and Weber discuss the social and ethical impacts of business. *Business and Society*, 10e highlights why government regulation is sometimes required as well as new models of business-community collaboration. *Business and*

Society, 10e is a book with a point of view. Post, Lawrence and Weber believe that businesses have social (as well as economic) responsibilities to society; that business and government both have important roles to play in the modern economy; and that ethics and integrity are essential to personal fulfillment and to business success.

Business, Society, and Government Essentials Thomson South-Western

2008 Best Reference, Library Journal As a field of study, business ethics aims to specify the principles under which businesses must operate to behave ethically. Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny: executive compensation, honesty in accounting, transparency, treatment of stakeholders, and respect for the environment. These are, in fact, perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future. The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society, that stems from their shared primary concern with value in commerce. This Encyclopedia spans the relationships among business, ethics, and society by including more than 800 entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment. Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice, freedom, stakeholder theory, and regulation

Provides very brief essays that introduce important personages in the field, while other similarly brief entries explain the nature and function of various organizations. Includes contributions from respected authorities in the fields of management, psychology, sociology, communication, political science, philosophy, and other related fields. Cross-references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article. Key Themes: Accounting, Applied Ethics, Corporate Management and the Environment, Corporate Powers, Organization and Governance, Corporations in the Social Sphere, Customers and Consumers, Economics and Business, Employee Issues, Environmental Thought, Theory, Regulation, and Legislation, Ethical Thought and Theory, Finance, Gender, Age, Ethnicity, Diversity, and Sexual Preference, Information Systems, International Social and Ethical Issues, Justice, Legislation and Regulation, Management, Marketing, Organizations, Political Theory, Thought, and Policy, Problematic Practices, Rights. The Encyclopedia of Business Ethics and Society is the premier reference tool for students, scholars, practitioners, and others interested in gaining knowledge of the role business plays with regard to the environment in which it exists—making it a must-have resource for all academic libraries.

POLICE & SOCIETY

Routledge

Understanding the interrelationship of business, society and government is vital to working at any level in a company of any size. This text uses a case analysis approach to explore this interrelationship in today's high-tech global community. The

authors crystallize the complex array of issues that business leaders, managers, and employees face in market and nonmarket environments, from balancing stakeholder interests and dealing with government regulations to managing crises and making socially responsible and ethical decisions. Technical concepts come to life through a variety of cases and case questions, thought-provoking personal and professional applications, ethical dilemmas, and practical exercises. Furthermore, an appendix offers approaches to case analysis and includes a case analysis table that serves as a model for students and professors. With its thorough coverage of relevant issues and skill-building elements to stimulate critical thinking, this text will prepare students to understand and confront real-world business concerns.

Ethical, Legal, and Digital Environments Allyn & Bacon
INTERNATIONAL BUSINESS LAW AND ITS ENVIRONMENT, 8e, International Edition centers on the basic market-entry strategies most firms deploy as they expand into international markets: trade in goods and services, protecting and licensing intellectual property, and foreign direct investment. Interweaving the law with ethics-related issues, the text shows how individual firms manage these strategies in different ways while discussing the latest political, economic, and legal developments around the world. Helpful features such as case examples, end-of-chapter questions, and ethics activities help solidify your understanding of the material.

Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications Springer

Embedding CSR into Corporate Culture demonstrates that a new frontier for corporate social responsibility is possible in theory

and practice. The key idea - discovery leadership - enables corporate managers to deal effectively with problems, issues, and value clashes occurring at the corporation-society interface.

Bus Env_p8 Routledge

A culturally informed book that never loses sight of its fundamental purpose, *PUBLIC SPEAKING: CONCEPTS AND SKILLS FOR A DIVERSE SOCIETY*, 8e trains readers to be effective public speakers and listeners in a world filled with monumental cultural, political, and technological changes. It combines 2,500-year-old principles with up-to-date research into concepts, skills, theories, applications, and critical-thinking proficiencies essential for listening and speaking well. Discussions of classic public speaking topics are grounded in an awareness of the impact of cultural nuances that range from gender differences to co-cultures within the United States to the traditions of other nations-giving readers a heightened awareness of and sensitivity to their audience. Reflecting the latest research and practices, it includes new coverage of listening competencies, online courses, legacy journalism and native digital news outlets, MAPit, powerful language forms, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

SOCIETY AND TECHNOLOGICAL CHANGE

Cengage Learning

A user-friendly introduction to social inequality. This text is a broad introduction to the many types of inequality- economics, status, political power, sex and gender, sexual orientation, race, and ethnicity- in U.S. society and in a global setting. The author

provides a wide range of explanations for inequality and, using the latest research on the multiple impacts of inequality, surveys in detail the personal and social consequences of social inequality. Learning Goals Upon completing this book, readers will be able to: Understand that inequality is multidimensional Understand that it is essential to understand the explanations of the various forms of inequality in order to further a resolution to any inequality's undesirable consequences Understand the discussion of inequality in its broader, historical cultural and international context

Ethical Theory and Business John Wiley & Sons
