The Mercedes-Benz W210 is an executive car which was produced by the German automaker Mercedes-Benz from 1995 through 2002. They were sold under the E-Class model names in both sedan and station wagon body types. W210 development started in 1988, three years after the W124's introduction. The W210 E-class's appearance, which was designed by Steve Mattin under design chief Bruno Sacco between 1989 and 1991, heralded a new design idiom for Mercedes, which would continue until the W209 CLK.
