LISTENING AND SPEAKING

McGraw-Hill College

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the

redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book

Critics Circle Award.

The three books in the Interactions Integrated Skills Program provide an in-depth coverage of the four major language skills: reading, writing, listening, and speaking. In addition, a strong grammar component acts as a foundation for students to rely on while mastering their new skills. The content and themes found in the new Integrated Skills Editions are based on materials from the highly successful Interactions series. Like its parent series, the Integrated Skills Program places a great emphasis on the development of skills and strategies in all language areas. All

of the reading selections found in the Interactions Integrated Skills Editions, are fresh and new, with a wide variety of formats and themes. Each selection is accompanied by a host of reading strategies and skill-building practice activities including guessing meaning from context, reading for main ideas and details, skimming, scanning, and so on. The writing component features a step-by-step approach to process writing and rewriting in a variety of different genres. Grammar is always presented in the context of the chapter theme, and each grammar topic is accompanied by a number of communicative practice activities. Finally, the listening/speaking section features detailed practice with specific listening strategies and includes a variety of engaging speaking activities

based on the chapter theme. The Interactions Integrated Skills Program also features an exciting video component, with practice activities featured in the opening sections of each chapter.

A 2018 Caldecott Honor Book that Kirkus Reviews calls “a must-read for our times,” *A Different Pond* is an unforgettable story about a simple event - a long-ago fishing trip. Graphic novelist Thi Bui and acclaimed poet Bao Phi deliver a powerful, honest glimpse into a relationship between father and son - and between cultures, old and new. As a young boy, Bao and his father awoke early, hours before his father’s long

workday began, to fish on the shores of a small pond in Minneapolis. Unlike many other anglers, Bao and his father fished for food, not recreation. A successful catch meant a fed family. Between hope-filled casts, Bao’s father told him about a different pond in their homeland of Vietnam. Thi Bui’s striking, evocative art paired with Phi’s expertly crafted prose has earned this powerful picture book six starred reviews and numerous awards.
