Academic Literacy in the Literature Classroom Eye On Education

This book shows how secondary and post-secondary teachers can help students become more

responsive to the ethical themes and questions that emerge from the narratives they study. It helps teachers to integrate character education into the classroom by focusing on a variety of ways of drawing instructive insights from fictional life narratives. The case studies and questions throughout are designed to awaken students' moral imagination and prompt ethical reflection on four protagonists' motivations, aspirations, and choices. The book is divided into two parts. The first provides a theoretical approach while the second features case studies to apply this approach to the study of four literary characters: Sydney Carton from *Tale of Two Cities*, Jay Gatsby from *The Great Gatsby*, Elizabeth Bennet from *Pride and Prejudice*, and Janie Crawford from *Their Eyes Were Watching God*. The questions, ideas and approaches used in these case studies can also be applied to protagonists from other narrative works in the curriculum.

Essentialism Penguin UK

A collectible hardcover edition of one of the great American novels—and one of America's most popular—featuring an introduction by Min Jin Lee, the New York Times bestselling author of *Pachinko*. A Penguin Vitae Edition. Young, handsome, and fabulously rich, Jay Gatsby seems to have everything. But at his mansion east of New York City, in West Egg, Long Island, where the party seems never to end, he's often alone in the glittering Jazz Age crowd, watching and waiting, as speculation swirls around him—that he's a bootlegger, that he was a German spy during the war, that he even killed a man. As writer Nick Carraway is drawn into this decadent orbit, he begins to see beneath the shimmering surface of the enigmatic Gatsby, for whom one thing will always be out of reach: Nick's cousin, the married Daisy Buchanan, whose house is visible from Gatsby's just across the bay. A brilliant evocation of the Roaring Twenties and a satire of a postwar America obsessed with wealth and status, *The Great Gatsby* is a novel whose power remains undiminished after a century. This edition, based on scholarship dating back to the novel's first publication in 1925, restores Fitzgerald's masterpiece to the original American classic he envisioned, and features an introduction addressing how gender, race, class, and sexuality complicate the pursuit of the American Dream. Penguin Vitae—loosely translated as "Penguin of one's life"—is a deluxe hardcover series from Penguin Classics celebrating a dynamic and diverse landscape of classic fiction and nonfiction from seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

PERSONALIZED INSTRUCTION

Macmillan

Winner of the 2007 Saddlebag Selection Award from the Historical Society of The United Methodist Church as "the best book published during the year on the history, biography, polity or theology of United Methodism or its predecessors." Understanding history rests largely on a grasp of two things: sequence and context. Know which events came earlier and which later, and you've gone a long way toward understanding influence and causation. Know what was going on in the wider world at the

same time a historical event occurred, and you'll better grasp the meaning and significance of that event for the people who experienced it. Yet even with the best history textbooks students have difficulty in gaining an immediate sense of sequence and context. Hence the purpose of this book: To lay out the most important events in the history of the Wesleyan/Methodist movement, to show them in their proper order, and to include the most important occurrences taking place on the national and international stages at the same time. Matthews presents his material in an easy to comprehend and visually appealing layout, enumerating the major trends and developments in Methodist history from 1700 to 2004. Rex D. Matthews is Assistant Professor in the Practice of Historical Theology at Candler School of Theology, Emory University, Atlanta, Georgia. He currently serves as co-chair of the Wesleyan Studies Group of the American Academy of Religion, as General Editor of the Kingswood Books series, and as Managing Editor of the new electronic academic journal *Methodist Review*. An excerpt from the Circuit Rider review: "This is a book for college and seminary professors, for high school teachers of religion, for Sunday School teachers of children, youth and adults. It is a book for preachers and church musicians. It should be in every church library. This is a book for people who think history is boring as well as for those who delight in rich historical detail and story. It is a book to be savored and returned to again and again. And this is a book for all who love the church and yearn to be part of perfecting its mission and its life." (Click here to read the entire review.)

Books In Print 2004-2005 University of Oklahoma Press

Maggie is an astonishing novel of social realism, which parallels many of today's ills. Set in the urban squalor of New York in the 1890s, it follows the careers of the innocent Maggie and her brother Jimmie, children of brutal and drunken parents. It is a tour-de-force equal to *The Red Badge of Courage*.

Critical Theory Today Currency

Critical Theory Today is the essential introduction to contemporary critical theory. It provides clear, simple explanations and concrete examples of complex concepts, making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness. This new edition provides in-depth coverage of the most common approaches to literary analysis today: feminism, psychoanalysis, Marxism, reader-response theory, new criticism, structuralism and semiotics, deconstruction, new historicism, cultural criticism, lesbian/gay/queer theory, African American criticism, and postcolonial criticism. The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great Gatsby* through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

PRACTICE MAKES PERFECT FRENCH SENTENCE BUILDER

Hockey-playing Catholic bishop Thomas J. Paprocki has a message for teens and young adults: athletics and fitness provide daily ways to connect with God. Bishop Paprocki weaves his unique

personal story with eight athletic topics and connects them with a path to wholeness. *Holy Goals for Body and Soul: Eight Steps to Connect Sports with God and Faith* links lessons from the world of sports and fitness—especially the experiences of a Catholic bishop who plays ice hockey—with concrete ways to live a holy life. In Bishop Paprocki’s view, everyone is called to holiness, which can be encountered anywhere: “I encounter holiness while training for a marathon. I encounter holiness during a workout at the health club.” He explores eight sports-related topics to help the reader navigate a life of holiness: Fear Frustration Failure Fortitude Faith Friendship Family Fun

Teaching Character Education through Literature John Wiley & Sons

Provides a wealth of examples, quotes, and case studies that include an instructional discussion of an editorial collaboration on *The Great Gatsby*, in an upbeat guide to the mechanics and techniques of self-editing that includes strategic tips and exercises. Reprint.

One World

The Great Gatsby is a 1925 novel by American writer F. Scott Fitzgerald. Set in the Jazz Age on Long Island, near New York City, the novel depicts first-person narrator Nick Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, Daisy Buchanan.

COLLEGE PHYSICS

W. W. Norton & Company

Information theory and inference, taught together in this exciting textbook, lie at the heart of many important areas of modern technology - communication, signal processing, data mining, machine learning, pattern recognition, computational neuroscience, bioinformatics and cryptography. The book introduces theory in tandem with applications. Information theory is taught alongside practical communication systems such as arithmetic coding for data compression and sparse-graph codes for error-correction. Inference techniques, including message-passing algorithms, Monte Carlo methods and variational approximations, are developed alongside applications to clustering, convolutional codes, independent component analysis, and neural networks. Uniquely, the book covers state-of-the-art error-correcting codes, including low-density-parity-check codes, turbo codes, and digital fountain codes - the twenty-first-century standards for satellite communications, disk drives, and data broadcast. Richly illustrated, filled with worked examples and over 400 exercises, some with detailed solutions, the book is ideal for self-learning, and for undergraduate or graduate courses. It also provides an unparalleled entry point for professionals in areas as diverse as computational biology, financial engineering and machine learning.

A tale beautifully, wisely, and masterfully told.” — Paula McLain, author of *The Paris Wife* and *Circling the Sun* From the multiple-award-winning, critically acclaimed author of *The Hummingbird* and *The Curiosity* comes a dazzling novel of World War II—a shimmering tale of courage, determination, optimism, and the resilience of the human spirit, set in a small Normandy village on the eve of D-Day. On June 5, 1944, as dawn rises over a small town on the Normandy coast of France, Emmanuelle is making the bread that has sustained her fellow villagers in the dark days since the Germans invaded her country. Only twenty-two, Emma learned to bake at the side of a master, Ezra Kuchen, the village baker since before she was born. Apprenticed to Ezra at thirteen, Emma watched with shame and anger as her kind mentor was forced to wear the six-pointed yellow star on his clothing. She was likewise powerless to help when they pulled Ezra from his shop at gunpoint, the first of many villagers stolen away and never seen again. In the years that her sleepy coastal village has suffered under the enemy, Emma has silently, stealthily fought back. Each day, she receives an extra ration of flour to bake a dozen baguettes for the occupying troops. And each day, she mixes that precious flour with ground straw to create enough dough for two extra loaves—contraband bread she shares with the hungry villagers. Under the cold, watchful eyes of armed soldiers, she builds a clandestine network of barter and trade that she and the villagers use to thwart their occupiers. But her gift to the village is more than these few crusty loaves. Emma

gives the people a taste of hope—the faith that one day the Allies will arrive to save them.

Information Theory, Inference and Learning Algorithms Routledge

The Satyricon is one of the most outrageous and strikingly modern works to have survived from the ancient world. Most likely written by an advisor of Nero, it recounts the adventures of Encolpius and his companions as they travel around Italy, encountering courtesans, priestesses, con men, brothel-keepers, pompous professors and, above all, Trimalchio, the nouveau riche millionaire whose debauched feasting and pretentious vulgarity make him one of the great comic characters in literature. Estimated to date from 63 - 65 AD, and only surviving in fragments, The Satyricon nevertheless offers an unmatched satirical portrait of the age of Nero, in all its excesses and chaos. NEW YORK TIMES BESTSELLER • More than one million copies sold! Essentialism isn't about getting more done in less time. It's about getting only the right things done. Featuring the new Essentialism 21-Day Challenge • "A timely, essential read for anyone who feels overcommitted, overloaded, or overworked."—Adam Grant Have you ever: • found yourself stretched too thin? • simultaneously felt overworked and underutilized? • felt busy but not productive? • felt like your time is constantly being hijacked by other people's agendas? If you answered yes to any of these, the way out is the Way of the Essentialist. Essentialism is more than a time-management strategy or a productivity technique. It is a systematic discipline for discerning what is absolutely essential, then eliminating everything that is not, so we can make the highest possible contribution toward the things that really matter. By forcing us to apply more selective criteria for what is Essential, the disciplined pursuit of less empowers us to reclaim control of our own choices about where to spend our precious time and energy—instead of giving others the implicit permission to choose for us. Essentialism is not one more thing—it's a whole new way of doing everything. It's about doing less, but better, in every area of our lives. Essentialism is a movement whose time has come.

MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

Arts & Humanities Citation Index Routledge

At the height of his wealth, powerful and envied, isolated in the splendor of his mansion on the Hudson, lives a man condemned to unhappiness. This man is Gatsby, an ex-gangster locked in his own mysterious profession, in a false past from which emerges at times the memory of a single pure youthful love. The young Nick Carraway, the narrator of the novel, moves to New York in the summer of 1922 and rents a house in the prestigious and dreamy Long Island, inhabited by many newly rich people frantically engaged in celebrating each other. One neighbor strikes Nick in particular: the mysterious Jay Gatsby, who lives in a huge, gaudy house, filling it every Saturday night with guests at his extravagant parties. Yet he lives in desperate loneliness and in senseless love for Nick's cousin Daisy....In the setting of a brilliant and unsatisfied society, where the world of alcohol smugglers mixes with that of bankers and stars, Gatsby desperately pursues his dream of love for Daisy. To no avail now is its power, except to arouse in both lovers a sweet madness, which will end in tragedy.
