Audi Maggioli Editore  
365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather less legendary), each presented with a fun

and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that "it's the journey not the destination"? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports

cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose?

It's goalie vs. goalie in this brand-new enemies-to-lovers hockey romance from Avon Gale and Piper Vaughn... Ryu Mori has had a stellar season as goalie for the Atlanta

Venom. So when he's called into management's office, he's expecting to hear he's the new starting goalie for the team, not that some new guy—an incredibly hot, annoyingly bratty rookie—is here to compete for his spot. Not everyone gets to play in the best league in the world. Emmitt Armstrong knows that, and he's not about to waste the opportunity after grinding his way from the bottom to the top. If the Venom are looking for a meek, mild-mannered pushover, they've got the wrong guy. Ryu doesn't want to admit the other goalie's smart mouth turns him on. Beating Armstrong at practice feels good, sure, but there are other, more fun ways to shut his rival up. In

this league, it's winner takes all. But there's more to life than winning, and if Emmitt and Ryu can get past their egos and competitive natures, they might just discover they work better as partners than they ever imagined possible. One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise! This book is approximately 68,000 words

Motorbooks This book features 20 SAE technical papers, originally published in 2009 and 2010, which showcase how the mobility industry is developing greener products and staying responsive - if not ahead of - new standards and legal requirements. These papers were selected by SAE International's 2010 President Dr. Andrew Brown Jr., Executive Director and Chief Technologist for

Delphi Corporation. Authored by international experts from both industry and academia, they cover a wide range of cutting-edge subjects including powertrain electrification, alternative fuels, new emissions standards and remediation strategies, nanotechnology, sustainability, in-vehicle networking, and how various countries are also stepping up to the "green challenge". Green Technologies and the Mobility Industry also offers additional useful information: the most recent Delphi Worldwide Emissions Standards booklets, which will be shipped with the print version of this title, or as part of the PDF download, if

you purchase the ebook version. Exclusive Multimedia Package Watch Dr. Andrew Brown, Jr. describe the new trends in green mobility. Why would a grown man uproot his life and move two states over at the urging of Jo's momma? How did he and Ma even meet? And he's raising a daughter by himself. Where is the child's momma and how does she fit into his plans? When Jo first sees him standing on the front porch, staring like a deer caught in the

headlights and seemingly unable to speak, she pegs him as a shy one. But then he walks in with a confident swagger and mingles with her family like he's been there all his life. Jo finds herself falling for the stranger and his adorable little girl. A dream that had been tucked away and forgotten about suddenly seems within her grasp. Then her worst sin is exposed, and it all turns to ash. She's not the woman she once was, but does that even matter? Micah seems willing to set her mistakes aside, but can she forgive herself?

A fire claims her bakery, but the young special investigator

sent to determine the cause just might scorch through the barriers around her heart... Regina Parker has four loves: her family, friends, business, and her community. A serious relationship hasn't been on her radar since she became a widow. Life is exactly how she wants until it all goes up in smoke. Literally. The attractive outsider called in to help is a distraction she doesn't need. Firefighter Alec Hodge is eager to spread his wings and the assignment in Madison Island, GA gives him the chance. A suspicious blaze may have brought him to the small town, but enigmatic Regina keeps him coming back. Sparks fly. Passions ignite. But

when revelations hit like a backdraft, the newly kindled relationship could be snuffed out before it really has a chance to burn.

This book tells the fascinating, and sometimes frustrating, story of the journey from the iconic Jaguar E-type to its successor, the F-type. With nearly 300 photographs, it documents the evolution of the F-type from the Pininfarina XJ Spider through Jaguar's own XJ41/42, XX and XK180. It reviews the whole range of F-type convertible and coupe

models and discusses the wild Project 7 and the latest turbo-charged four-cylinder cars. The special vehicles produced for Team Sky and Bloodhound SSC are included along with a useful chapter on buying an F-type. Finally, the book considers the F-type's future in a changing automotive world.

An evening at the La Scala in Milan twirls the lives of five people into a web of rivalry, intrigues, heartaches, obsession, murder, loss, and revenge. "... for those who love selective eroticism with substance. An exciting and sophisticated erotic thriller for the astute romance reader, woman or man." Love, a word Roman can hardly spell, hits him when he sees Shana

one evening. She's the first woman not dropping to her knees at his mere presence. Used to getting whatever he wants, he chases her. Only to discover that she prefers the girls. Roman can't let that deter him. But is he for once up against his own comeuppance? At any rate, he needs assistance, which comes in the form of Alyssa, Shana's BFF. Trouble crops up when Alyssa is all too ready and willing to drop on her knees for him. Roman can't get anywhere near Shana on his own. Would he start anything with Alyssa as long as this finally leads him to meet Shana in person? Then there's Marie, his current companion who has a life-changing surprise for him.

Roman: I never chased after a woman. Then I caught a glimpse of the woman I would kneel for, but didn't even know her name. Heck, I determined to find her if it took me the rest of my life. Shana: He stood in the room with her. The frisson in the currents freaking between them knocked her senseless. The mutual force of predator and prey, blasting into her core ... her soul ... Danger. Keep far away from him.

Jeremy Clarkson gets really riled in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble

Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic wombles attempting to block highway and byway, he:

- Shows how the world of performance cars may be likened to Battersea Dogs' Home
- Reveals why St Moritz may be the most bonkers town in all of the world
- Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested
- Argues that washing a car is a waste of time

Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and fascinating but otherwise hopelessly useless stories and facts about everything

under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Round the Bend is a collection of Jeremy's motoring journalism from his column in the Sunday Times. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can

More than 120 authors from science and industry have documented this essential resource for students, practitioners, and professionals.

Comprehensively covering the development of the internal combustion engine (ICE), the information presented captures expert knowledge and serves as an essential resource that illustrates the latest level of knowledge about engine development.

Particular attention is paid toward the most up-to-date theory and practice addressing thermodynamic principles, engine components, fuels, and emissions. Details and

data cover

classification and characteristics of reciprocating engines, along with fundamentals about diesel and spark ignition internal combustion engines, including insightful perspectives about the history, components, and complexities of the present-day and future IC engines. Chapter highlights include:

- Classification of reciprocating engines
- Friction and Lubrication
- Power, efficiency, fuel consumption
- Sensors, actuators, and electronics
- Cooling and emissions
- Hybrid drive systems

Nearly 1,800 illustrations and more than 1,300 bibliographic references provide added value to this extensive study.

“Although a large

number of technical books deal with certain aspects of the internal combustion engine, there has been no publication until now that covers all of the major aspects of diesel and SI engines.” Dr.-Ing. E. h. Richard van Basshuysen and Professor Dr.-Ing. Fred Schäfer, the editors, “Internal Combustion Engines Handbook: Basics, Components, Systems, and Perspectives”

It’s the person she least expected who provides a much-needed tune up of her life... For Dr. Irene Johnson-Moore perception is everything. After living most of her life behind facades built from other people’s

expectations, she’s ready for a change. At least that’s what she tells herself. But old habits die hard. And when her car breaks down, forcing her to deal with the town mechanic—a woman whose bluntness always irked Irene—her resolve is instantly put to the test. Remi Martin prides herself on being unapologetically honest. Brutally so at times. No good ever came from pretending to be someone or something she’s not. When she responds to a call from a stranded motorist, she never imagined she’d be towing the self-proclaimed “town princess” into her world. Irene Johnson embodies everything Remi tries to avoid, yet she can’t seem to

shake her one-time adversary. However, the more time they spend together, the more feelings begin to idle under the surface. But before their

relationship can rev to life, they must release their preconceived notions or things could come to a screeching halt.
