The Ethics of

Management Cengage Learning

This work is a brief yet comprehensive introduction to the thought-provoking field of business ethics. It is

organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business.

Managing Corporate Citizenship and Sustainability in the Age of Globalization Thompson Educational Pub

MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Business Ethics IGI Global

The Business Ethics Workshop by James Brusseau focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Business Ethics and Ethical Business SAGE Publications

TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior,

and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Concepts, Methodologies, Tools, and Applications

Routledge

Presents ideas without oversimplifying, while balancing ethical theory and managerial practice

Revel(TM) Business Ethics: Concepts and Cases is one of the most widely used texts on business ethics today - and remains popular among students because of its accessible style and lucid explanations of complex theories and concepts. While cases and issues have been updated extensively for the Eighth Edition, the authors' goals are consistent with previous editions: (1) to introduce the reader to the ethical concepts that are relevant to resolving moral issues in business; (2) to impart the reasoning and analytical skills needed to apply

ethical concepts to business decisions; (3) to identify the moral issues involved in the management of specific problem areas in business; (4) to provide an understanding of the social, technological, and natural environments within which moral issues in business arise; and (5) to supply case studies of actual moral dilemmas faced by businesses and business people. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience - for less than the cost of a traditional textbook.

NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Becoming a Trustworthy

Leader Business Ethics Concepts and Cases Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. Business Ethics Concepts & Cases Sport has always presented participants, administrators and observers with a wide and often bizarre array of ethical dilemmas. They take on a special edge,

perhaps because the sport personalities are usually well known as are result of the extensive media coverage of sporting events. We look in astonishment and horror at such things as the judging debacle in the pairs figure-skating event at the 2002 Olympic Winter Games, the not-too-distant future possibility of genetically modified athletes, the bribe taking by members of the IOC, the widespread steroid use by athletes, the child sex-abuse cases in hockey, the acceptance of physical assault and violence, the hooligans among British soccer fans, and the drug abusers at the Tour de France. This revised and expanded edition is designed to provide an analytical framework to enable readers to explore and understand many of the ethical issues and controversies in sport today. Included for discussion purposes are topical case studies drawn from the world of sport and recreation.

Philosophy Pearson In today's increasingly interconnected and global society, the protection of basic liberties is an important consideration in public policy and

international relations. Profitable social interactions can begin only when a foundation of trust has been laid between two parties. Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications considers some of the most important issues in the ethics of human interaction, whether in business, politics, or science and technology. Covering issues such as cybercrime, bioethics, medical care, and corporate leadership, this four-volume reference work will serve as a crucial resource for leaders, innovators, educators, and other personnel living and working in the modern world.

Concepts & Cases

Simon and Schuster
How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and

supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom

activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations serves as an ideal introductory text for students of undergraduate business ethics-related courses. Lecturers can access a range of online resources for use in their teaching, including an instructor's manual, PowerPoint slides and SAGE Business Cases.
[Understanding Business Ethics](#) Routledge
Business Ethics Concepts and Cases
Perspectives on Philosophy of Management and Business Ethics SAGE Publications
This text offers both a clear and thorough introduction to normative ethical theory and an extensive survey of moral issues that show how

ethical theory is applied in practice. The first section presents a survey of the main methods of ethical reasoning, introducing four normative theories in four separate chapters. A case study introduces each chapter to provide a background for further explanations and to illustrate relevant features of the theory. The second section of the text presents separate chapters on ten ethical issues—including such subjects as nuclear war, euthanasia, sexual ethics and capital punishment. *Business Law and Ethics: Concepts, Methodologies, Tools, and Applications* Routledge

CONCEPTS AND CASES IN SPORT AND RECREATION

Routledge

Managing Business Ethics: Making Ethical Decisions teaches students how to navigate ethical issues they will encounter using the weight-of-reasons approach applied throughout the book. This decision-making framework's goal is not to faithfully apply particular philosophical perspectives on what is right, but rather to solve ethical problems. Authors Alfred A. Marcus and Timothy J. Hargrave underscore the need for employees at all levels to carefully consider the ethical implications of their actions using this approach and it can be applied at the individual, organizational, and stakeholder levels. Each chapter provides a case to walk through application of the framework and mini-cases allow students to practice applying this framework on their own. A wide range of real-world case studies are presented, featuring companies such as Facebook, Google, Wells Fargo, Volkswagen, and Amazon. This practical, down-to-earth text also delves into topics not covered extensively by other books such as slow and fast thinking, the inherent conflict between the individual and

organization, conformity, and the difficulties of speaking truth to power. Students are offered ample opportunity to engage in thoughtful reflection, discussion, and application as they grapple with ethical issues big and small.

MAKING ETHICAL DECISIONS

Cengage Learning

This book provides readers with a clear, straightforward writing style, an abundance of examples, detailed real-life cases, and current data and statistics. It aims to 1) introduce ethical concepts that are relevant to resolving moral issues in business, 2) develop the reasoning and analytical skills needed to apply ethical concepts to business decisions, 3) identify moral issues specific to business, and 4) examine the social and natural environments within which moral issues in business arise. Chapter topics cover ethics and business, ethical principles in business, the business system, ethics in the marketplace, ethics and the environment, the ethics of consumer production and marketing, the ethics of job discrimination, and the individual in the

organization. For anyone in business.

Concepts and Cases (Eighth Edition) IGI Global Presents a discussion of the concepts of various aspects of business ethics, followed by concrete examples using actual cases. This new edition incorporates a variety of disciplines in its analysis of the topic, and features revised cases and new discussion questions.

Contemporary Issues and Cases SAGE

People, very often, undergo an attitudinal change once they leave their educational campuses and make a foray into the business environ. There exists a wide gulf between a management thinker and a manager who actually puts to practice the management principles. The book contains about 50 cases and serves to bridge the gap between the world of the thinker and the world of the doer. The book focusses on the following themes: Human Resource Management; Social Responsibility of Business; Corporate Decision Making; Total Quality Management; Corporate Vision & Leadership. Ethics is built

into each case with the central theme being the Industrial man-- his goal, role, accountability, desires and wisdom. The book meant for trainers and HR professionals, would also be useful for students of organizational behaviour. An Instructor's Manual on a diskette would be provided to the trainers on request.
