This work explores what it means to be modern and what it means to be Korean in a culture where courtship and marriage are often the crucible in which notions of gender and class are cast and recast. Touching on a number of important issues-- identity, romantic love, women's work, marriage negotiations, and wedding ceremonies--Laurel Kendall gives us a new appreciation for how Koreans have adapted this pivotal social practice to the astounding changes of the past century. Kendall attended her first Korean wedding in 1970, soon after she arrived in the country with the Peace Corps. Years later, as a seasoned anthropologist, she began interviewing both working-class and middle-class couples, matchmakers, purveyors of dowry goods, and proprietors of wedding halls. She consulted etiquette handbooks and women's magazines and analyzed cartoons, photographs, and weddings themselves. The result is an engaging account of how marriage matches are made, how families proceed through the rites, how they finance ceremonies and elaborate exchanges of ritual goods, and how these practices are integral to the construction of adult identities and notions of ideal women and men. The book is also a reflection on what it means to write Korea in a complex and ever changing social milieu.

This book is the first in English to examine irregular migration from post-Soviet states, focusing in particular on migration to the United States. Due to globalization and the end of the Cold War, citizens of the former Soviet Union are on the move as never before. The political, economic, and social changes that followed the collapse of the Soviet Union resulted in widespread poverty and unemployment and also created a large pool of potential migrants. Thousands of individuals from poor post-Soviet countries migrate to the West in search of better-paid work in an effort to provide for themselves and their families both through legal channels, and in their absence, illegally. In recent years immigration has become a topic of heated debate in many Western countries: the estimated number of undocumented immigrants in the United States has reached 11 million, precipitating a new legislative focus on reforming the immigration system, culminating in the highly controversial Border Protection, Antiterrorism, and Illegal Immigration Control Act passed by the House of Representatives in 2005 but eventually "killed" in the Senate. This book examines all these issues, discussing the reasons for migration, the profile of the migrants, how the process of migration works and how the migrants obtain their U.S. visas, where they work once in the United States and their intentions with regards to their possible return home. This book explores the reality of post-Soviet migration where the mostly well-educated former professionals end up in low-wage unskilled jobs as domestic workers, child care givers, and construction workers, sometimes in exploitative labor situations. Overall, this book provides a detailed account of post-Soviet illegal migration to the United States, focusing in particular on Central Asian and Georgian migrants, and will be of interest to scholars of US politics as well as Russia, Central Asia, and the Caucasus specialists.

### WEDDING PLANNING AND MANAGEMENT

Amherst Media

Covering such wedding staples as attendants, invitations, registries, showers, the ceremony, the reception, and thank you,

Etiquette guru Jeanne Hamilton will give numerous examples of bad etiquette that should be avoided at all costs, such as: -No bride owns the calendar. Insisting that everyone within your acquaintance had not dare schedule their wedding anywhere within a six month time period labels you as a classic Bridezilla. - Sponsored wedding, at which vendors who donate their services are offered the opportunity to put their logos on various wedding related paper products. -It is never wise to make bridesmaid offers while in the grip of fluttery, just-engaged emotions. You may have to rescind those offers later when you realize you were just a bit too hasty. Once having made the offer, it is extraordinarily ungracious to rescind it, unless you want a seething friend or sister using your engagement photo as a dartboard. -Enclosing a blank deposit form for a bank account bearing the names of the bride and the groom with the invitation. And much more! This is a hilarious exploration of how weddings can literally drive people mad.

A seductive, unclassifiable blend of autobiography and fiction set in Reno, from the preeminent Basque author Nine months as a writer in residence can prove unnerving for anyone. For Bernardo Atxaga, newly arrived with his wife and two daughters, research at the Center for Basque Studies in Reno, Nevada, is anything but straightforward. The neon lights and harsh, windswept desert appear full of ominous signs: A raccoon that watches the house at night, eyes glowing. A series of sexual assaults on campus by an unknown assailant. A spider scuttling endlessly in a glass jar kept by a colleague. And the kidnapping and murder of a young college girl in the house next door. Fragments of the Basque diaspora appear everywhere: A photo of the heavyweight boxer Paulino Uzcudun, who fought Max Baer in the 1930s. The funeral of a Basque shepherd. Daily life also turns up some unusual characters—a university friend suspected of involvement in the assaults on campus, a friend who takes Atxaga for long drives in the desert where *The Misfits* was filmed, and cowboys at a Tex-Mex joint. *Nevada Days*, told in a series of diary-like entries, mixes a constellation of lively incidents in Reno with memories from Atxaga's childhood. The routines of everyday life are the only way to resolve the deep wounds of history and relationships, however fleeting or enduring. Trapped in the deeply alien landscape of Nevada, Atxaga weaves together past and present to see the West from a refreshing, if also ominous and unsettling, vantage.

Bling. Flowers. Tulle. The three things that every little girl dreams of when she pictures her wedding day. What she doesn't consider is the stuff of nightmares: Overdrawn checking accounts. Drunk relatives. The seating chart that looks like a road map. In this book, Joanne Kimes and Elena Donovan Mauer expose the tedious (and often traumatic) tasks that really go into pulling off a wedding. From dealing with overbearing mothers-in-law and making time for their lovable, but clueless, fiancés to suffering through endless alterations and meetings with the con artists known as "vendors," there's a lot that you need to know. After all, a wedding is supposed to be something you look forward to—not something you have to endure before the honeymoon! Armed with Kimes' trademark, no-holds-barred humor, Donovan Mauer's bridal industry know-how, and copious amounts of wine, you'll get through the stress of planning your weddings with style, humor, and grace. Or, at the very least, without beating members of the wedding party with that \$500 bouquet.

Life goals can mean various things to different people; however, one component that is common to everyone is a finite amount of time available to accomplishing goals. It is therefore imperative to establish what the most important life goal is, what the main goals are, and what the priorities are to ensure that the tasks and/or activities done on a daily basis move toward achieving the life goals and main goals. In an ever-changing world, what is also important is a system that allows for goals within the main goals to be updated in the form of additions, alterations to the wording, and amendments to the priorities or strategies to achieve the goals, creating flexibility in the process. Once people establish their life goals, main goals, and goals within those main goals, it provides clarity to what people often yearn for. The Life Mastery series of books allows people to be clear on what is important to them in life and to ascertain on an hourly, daily, monthly, and yearly basis that the tasks and/or activities they are completing each day align with their goals.

A beginning challenge for me was to write a book that would speak plainly to people who are already married, and to those looking to get married. A second challenge in writing this book has been to share meaningful real life examples that will help others avoid stumbling blindly into ditches, and at the same time protect those whose stories are shared. I have not tried to make this book overly religious but I emphatically believe that God is the "MARRIAGE MAKER" and just like any systems designer He has created a manual of operation. The Bible is full of practical helps there for the taking. I have spent 30 years in pastoral family and marriage counseling. My thirst in all these years has been to research and develop tools and materials that will help marriages work better. We have always looked for opportunities to share our message, through marriage videos, booklets, workshop materials, and many marriage seminars around the country. One message that rings out throughout our presentations is that there are spiritual factors called principles that effect what we do and how we do it. So this book joins with our many other presentations in striving to wrap theological principles around real life illustrations. Hopefully our readers will find that this project is easy reading, however substantially solid intellectually, with tasteful humor. *Collected Plays: pt. 1. The good person of Szechwan* Lulu.com Humans are made in the image of God, and authentically coming to be human means to become like him. This work pursues a robust and renewed theology of grace in conversation with the patristic traditions of Irenaeus, the Cappadocian Fathers, and Augustine, the medieval theology of Maximus and Aquinas, and such modern interlocutors as Soren Kierkegaard, Bernard Lonergan, John Milbank, and John Behr. It thereby regrounds our interpretation of Scripture in the wide tradition of the church. By doing so, it argues that Christ's incarnation, crucifixion, and resurrection form the only possible point of reference by which we can understand the universe, as God creates it and works in it to bring us into union with himself.
