The most effective leaders know how to
connect with people. It's not about power
or popularity, but about making the people
around you feel heard, comfortable, and
understood. While it may seem like some
folks are born with a commanding
presence that draws people in, the fact is
anyone can learn to communicate in ways
that consistently build powerful
connections. Bestselling author and
leadership expert John C. Maxwell offers
advice for effective communication to
those who continually run into obstacles
when it comes to personal success. In
Everyone Communicates, Few Connect,
Maxwell shares five principles and five
practices to develop connection skills
including: finding common ground;
keeping your communication simple;

capturing people's interest; how to create an experience everyone enjoys; and staying authentic in all your relationships. Your ability to achieve results in any organization is directly tied to the leadership skills in your toolbox. Connecting is an easy-to-learn skill you can apply today in your personal, professional, and family relationships to start living your best life.

Don't simply show your data—tell a story with it! *Storytelling with Data* teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling

and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of

ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—*Storytelling with Data* will give you the skills and power to tell it!
