Nineteen Eighty-Four Gateway

*It Can't Happen Here* Penguin UK

Arriving unexpectedly from China with two female companions in an early- twentieth-century California farming town, the long-lost wife of gambling parlor owner Richard Fong disrupts his illicit

relationships with a pair of prostitutes and prompts a series of events that threatens the community's livelihood.

## 1984

Gardners Books

Big Brother, o Grande Irmão. Todo mundo ouviu esse termo, nem que seja referente ao programa de tevê, onde as pessoas confinadas são vigiadas o tempo todo por câmeras. Sabiam que Big Brother nasceu neste livro, 1984, escrito exatamente no ano de 1948 por um inglês nascido na Índia, conhecido como George Orwell? Seu nome verdadeiro era Eric Arthur Blair. O título e o ano foram escolhidos ao se inverter os dois últimos algarismos daquele ano, de 48 para 84. Diferença do Big Brother de hoje é que a vigilância do Grande Irmão por uma câmera não era nada divertida. Por isso este livro de ficção futurista ganhou o nome de distopia, que é o contrário de utopia, um mundo perfeito, criado por outro escritor, o Thomas Morus. Em Utopia, a sociedade era justa e todo o povo vivia bem. O mundo de 1984 não poderia ser pior: sem liberdade nem para pensar, com os cidadãos vigiados 24 horas por dia. É um mundo com guerras sem fim, sem sentimentos. Para se ter uma ideia do ponto em que essa sociedade chegou, o trabalho da personagem principal, Winston Smith, é reescrever a História, refazendo o passado, de acordo com o interesse do Grande Irmão. Imaginem a agonia. Nem tanto, os cidadãos já nem pensam mais.

*Quicklet on George Orwell's 1984* Strelbytskyy Multimedia Publishing

The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big

Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

Penguin

\* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. \*As you read this summary, you will discover that it is sometimes useful to imagine the worst, thanks to the light brought by the novel 1984. \*You will also discover : that a work of science fiction can carry a powerful political criticism; that there are virtues to pessimism; that language can be an instrument of manipulation; the surprising precision of a novel of anticipation written more than 70 years ago; which hides under the pseudonym of George Orwell. \*The collapse of a society begins with wars or natural disasters. As the country collapses, another system appears. From then on, freedom no longer exists, citizens are under surveillance, no contestation is possible. The films or novels that set this scenario belong to a very particular genre: dystopia, which is opposed to utopia, a world where everything is fine. This genre developed at the end of the 19th century, when men began to fear the consequences of the race for progress. George Orwell was a pioneer. It was in 1984, published in 1949, that he defined the genre as a satire through the fantasy of real societies. But what's the use of imagining the worst? How would being pessimistic be enough to avoid catastrophe? \*Buy now the summary of this book for the modest price of a cup of coffee!

### THE HANDMAID'S TALE

Harper Perennial

"The novel that foreshadowed Donald Trump's authoritarian appeal."—Salon It Can't Happen Here is the only one of Sinclair Lewis's later novels to match the power of *Main Street*, *Babbitt*, and *Arrowsmith*. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called "a message to thinking Americans" by the *Springfield Republican* when it was published in 1935, *It Can't Happen Here* is a shockingly prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

**1984 (Indonesian Edition)** Bentang Pustaka

I was twelve years old when the world ended. For eight years I've survived this hellhole of a planet, fighting the parasites that mutated most of earth's population into blood-thirsty freaks, while the rest of us became the lunch special on their human-filled menu. And that's only one of our problems as we try to survive everyday life in this new reality. Enough food and water? If we're lucky. Leaving the safety of our high walls? Only if we want to face the vicious cannibals and leeches haunting the streets searching for prey. Living any sort of normalcy? Yeah, right. If it wasn't for my fellow hunters and Luke, I would have given up long ago. Luke. My friend. My leader. My rock. The man whose arms held me as my world shattered when the invaders took everything I had left. And he wants more. More time. More... commitment. But these walls I've built up are the only thing keeping me together. If I let him in, if I let myself love him, it'll only hurt worse when the inevitable happens. Because in our world, no one is safe, since the only end to this suffering is death. And our war is just beginning. They've already stolen so much from me. It's time for things to change. My name is Bixby and I'm the resistance. Mature themes and explicit language. 17+ Rating. [Down and Out in Paris and London](#) Hyperink Inc This concise introduction to the concept of ideology provides an overview of the term and considers its impact on literary theory. James M. Decker analyzes the history of Western ideology from its pre-Enlightenment roots to its current incarnations, providing

readers with both an essential overview of key terms and issues and a thoughtful assessment of some of the important critical thinkers associated with the notion, including Marx, Gramsci and Althusser. Ideological theories are introduced within three broad categories - the subjective, the institutional and the political - which helps students to synthesize a concept that sprawls across the traditional disciplinary lines of philosophy, politics, economics, history and cultural and literary studies. Close readings of key texts demonstrate the impact of ideology on critical practice and literary reputation. Texts include: - Toni Morrison's *Sula* - William Faulkner's 'Barn Burning' - George Orwell's *1984* Compact and easy-to-follow, Decker's study finally asks: are we now in a 'post-ideological' era?

#### **1Q84 Aegitas**

It is difficult now to recall the enormous impact that George Orwell's classic dystopia, *Nineteen Eighty-Four*, had on the psyche of the western world. Written by a dying man in the grimmest of circumstances, the novel was intended as both a warning against totalitarianism and the debasement of language, and as a reaction to Orwell's personal experiences with English socialism and World War II. Clearly, "1984" has turned out differently than Orwell depicted. Yet the power of the novel remains undiminished: it continues to scare and enlighten future generations of readers nearly a half century after its original publication. Well-known scholar Robert Plank provides a psychological examination of the roots of *Nineteen Eighty-Four*, and the curious parallels between the book and its antecedents, including the film *Citizen Kane*, the novels of Dostoevsky and Kafka, the philosophy of Whorf, Orwell's own life and works, and many other obvious and hidden influences. Complete with chronology, notes, bibliographies, and index.

#### **Strain of Resistance** Dramatic Publishing

*1984* is a dystopian novel that predicts the future, a society dominated by "Fake News" where there is no way for the people to know what is true and what is not. It has been named as one of the best English language novels of the past century.

#### **SUMMARY - 1984 By George Orwell Gateway**

Hidden away in the Record Department of the sprawling Ministry of Truth, Winston Smith skilfully rewrites the past to suit the needs of the Party. Yet he inwardly rebels against the totalitarian world he lives in, which demands absolute obedience and controls

him through the all-seeing telescreens and the watchful eye of Big Brother, symbolic head of the Party. In his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker Julia, but soon discovers the true price of freedom is betrayal. [The Fight for a Human Future at the New Frontier of Power](#) *Nineteen Eighty-Four*

One of Britain's most popular novels, George Orwell's dystopian tale *Nineteen Eighty-Four* is set in a society terrorised by a totalitarian ideology propagated by The Party. 'It was a bright cold day in April, and the clocks were striking thirteen.' Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party; they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. . . *Nineteen Eighty-Four* is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime. The novel also coined many new words and phrases which regular appear in popular culture, such as 'Big Brother', 'thoughtcrime', 'doublethink' and 'Newspeak'. 'More relevant to today than almost any other book that you can think of' Jo Brand 'Right up there among my favourite books...I read it again and again' Margaret Atwood George Orwell (Eric Arthur Blair) was an accomplished social, political and literary commentator and essayist known for his non-fiction works *The Road to Wigan Pier* and *Homage to Catalonia*. His most famous novels, *Animal Farm* and *1984* have influenced a generation of twentieth century political satirists and dystopian novelists. This edition of Orwell's seminal novel is introduced by Professor Peter Davidson.

#### **George Orwell's Guide Through Hell** Createspace Independent Publishing Platform

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's

essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Politics and the English Language*, the second in the *Orwell's Essays* series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

##### Shortcut Edition

One of the most influential books of the twentieth century gets the graphic treatment in this first-ever adaptation of George Orwell's *1984*. *War is Peace \* Freedom is Slavery \* Ignorance is Strength* In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called the Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. With evocative, immersive art from Fido Nesti, this vision of George Orwell's dystopian masterpiece provides a new perspective for longtime fans but is also an accessible entry point for young readers and adults who have yet to discover the iconic story that is still so relevant today.

**PENGUIN READERS 4: 1984 BOOK AND MP3 PACK** Penguin *1984* is considered a work of political prophecy that continues to grow more haunting as it becomes more real with every passing day. It was published seventy years ago. English political novelist George Orwell wrote this dystopian tale as a warning against totalitarianism that told us what the world would be without the freedom to think. It has now become one of the most significant novels of the 20th century. This novel tells the story of Winston Smith, who lives in a society that follows a totalitarian ideology propagated by the party. In this repressive world big brother controls everything, telescreens see everything, police helicopters

circle overhead all the time, the thought police uncover every Act of betrayal, the Ministry of love deals in pain and despair, the Ministry of peace wages war and dissent is not tolerated in the mind. Despite all this, in his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker Julia, but soon discovers the true price of freedom is betrayal. The terrifying glimpse into a future that Orwell gives us in 1984 where everyone is a slave to a tyrannical regime has made it perhaps the most influential book of the 20th century. With this special edition, we celebrate the 70th anniversary of this masterpiece.

### IDEOLOGY

Oberon Books

It is 1984, and the worlds' three major powers-Oceania, Eurasia and Eastasia-are constantly at war. In Oceania, where the Party is in power, the thought police unearth every act of dissent, and Big Brother is always watching. Winston Smith, a dutiful citizen of Oceania, works for the Ministry of Truth as a propagandist who rewrites history to suit the needs of the authoritarian government. But when Winston falls in love with fellow worker Julia, they begin to question the very system they work for, placing them in immense danger. Pursuing their forbidden love affair, Winston plans a rebellion against the Party in order to regain the freedom to shape his own future. But the ever-watchful Big Brother will not tolerate opposition, and for those who speak up against the system or dare to think what the Party does not want them to think, Room 101 awaits them . . . 1984 is George Orwell's haunting prophesy of the future, which has held multiple generations of readers spellbound in its chilling and terrifying vision of life under a totalitarian regime. Powerful and unforgettable, this still-relevant novel explores the obliteration of truth, individuality and liberty in a world where the ruling power seeks to control everything, from information to thought and memory.

“Masterfully flips the first installment on its head... James makes the mythic tantalizingly real.” —Esquire “Even more brilliant than the first.” —Buzzfeed An Instant New York Times Bestseller From Marlon James, author of the bestselling National Book Award finalist *Black Leopard, Red Wolf*, the second book in the *Dark Star* trilogy. In *Black Leopard, Red Wolf*, Sogolon the Moon Witch proved a worthy adversary to Tracker as they clashed across a mythical African landscape in search of a mysterious boy who disappeared. In *Moon Witch, Spider King*, Sogolon takes center stage and gives her own account of what happened to the boy, and how she plotted and fought, triumphed and failed as she looked for him. It’s also the story of a century-long feud—seen through the eyes of a 177-year-old witch—that Sogolon had with the Aesi, chancellor to the king. It is said that Aesi works so closely with the king that together they are like the eight limbs of one spider. Aesi’s power is considerable—and deadly. It takes brains and courage to challenge him, which Sogolon does for reasons of her own. Both a brilliant narrative device—seeing the story told in *Black Leopard, Red Wolf* from the perspective of an adversary and a woman—as well as a fascinating battle between different versions of empire, *Moon Witch, Spider King* delves into Sogolon’s world as she fights to tell her own story. Part adventure tale, part chronicle of an indomitable woman who bows to no man, it is a fascinating novel that explores power, personality, and the places where they overlap.

**A Novel [1984]** Gale, Cengage Learning

The following is an extract from M. Dostoevsky and 's celebrated novel, *The Brothers Karamazof*, the last publication from the pen of the great Russian novelist, who died a few months ago, just as the concluding chapters appeared in print. Dostoevsky is beginning to be recognized as one of the ablest and profoundest among Russian writers. His characters are invariably typical portraits drawn from various classes of Russian society, strikingly life-like and realistic to the highest degree. The following extract is a cutting satire on modern theology generally and the Roman

Catholic religion in particular. The idea is that Christ revisits earth, coming to Spain at the period of the Inquisition, and is at once arrested as a heretic by the Grand Inquisitor. One of the three brothers of the story, Ivan, a rank materialist and an atheist of the new school, is supposed to throw this conception into the form of a poem, which he describes to Alyosha—the youngest of the brothers, a young Christian mystic brought up by a and quot;saint and quot; in a monastery—as follows: and (—Ed. Theosophist, Nov., 1881 and )

(Reset Ed.). Bloomsbury Publishing

The bourgeois world at first tried to pretend not to notice the economic successes of the soviet regime -- the experimental proof, that is, of the practicability of socialist methods. The learned economists of capital still often try to maintain a deeply cogitative silence about the unprecedented tempo of Russia’s industrial development, or confine themselves to remarks about an extreme "exploitation of the peasantry". They are missing a wonderful opportunity to explain why the brutal exploitation of the peasants in China, for instance, or Japan, or India, never produced an industrial tempo remotely approaching that of the Soviet Union. Facts win out, however, in the end. The bookstalls of all civilized countries are now loaded with books about the Soviet Union. It is no wonder; such prodigies are rare. The literature dictated by blind reactionary hatred is fast dwindling. A noticeable proportion o the newest works on the Soviet Union adopt a favorable, if not even a rapturous, tone. As a sign of the improving international reputation of the parvenu state, this abundance of pro-soviet literature can only be welcomed. Moreover, it is incomparably better to idealize the Soviet Union than fascist Italy. The reader, however, would seek in vain on the pages of this literature for a scientific appraisal of what is actually taking place in the land of the October revolution. -- Description from <http://www.marxists.org/archive/trotsky/1936/revbet/intro.htm> (April 12, 2012).
