Statistical Rethinking: A Bayesian Course  
with Examples in R and Stan builds your  
knowledge of and confidence in making

inferences from data. Reflecting the  
need for scripting in today's model-  
based statistics, the book pushes you to  
perform step-by-step calculations that  
are usually automated. This unique  
computational approach ensures that  
you understand enough of the details to  
make reasonable choices and  
interpretations in your own modeling  
work.
