GLOBAL COMMUNICATION

Gestalten

Beirut is a Mediterranean destination driven by adrenaline, optimism and the energy of a populace who embrace high jinks - and it fulfils its status as capital with an urban panache that's unmistakably Lebanese. The Monocle Travel Guide to Beirut delves into this metropolis to explore the vivacious thrum of life and unpick its many and varied quirks. We'll lead you through a collage of cloud-scraping hotels, Ottoman-style palaces and golden age modernist apartments, and introduce you to small-scale fashion labels and smart shop-owners rethinking traditional handicrafts. We'll also direct

you to our favoured tables, where you can feast on mezze and sip on a soothing glass of arak. And when you need a reprieve from the excitement of it all, hang your hat at one of the city's best examples of Lebanese hospitality, whether it be a five-star chain or a four-room family-run guesthouse.

Developing Living Cities e-artnow

Make the most of your food - and discover the best places to shop, drink and dine - with this brand new guide from Monocle. A Novel University of Chicago Press
A parade through London's outposts of good food, design, retail, and more, this definitive travel guide will make you feel like a local no matter where you are from. Vast and sprawling, a tangle of roads and lanes, a muddle of rising and falling neighborhoods: London can be a big beast to tame, even for the people who get to call it home. But this ever-changing and regenerating capital can also charm you

with its beauty, from wind-rustled parks to that winding River Thames. Its mix of people, abundance of culture, and the occasional louche night on the tiles also makes it a city that will surprise you and win you over. The Monocle Travel Guide to London is a celebration of all the things that the Monocle team loves above this mighty metropolis (and they are brave enough to let you see the wrinkles too). It's a guide to the bars, shops, restaurants, music venues, and museums that they think should edge their way on to your itinerary. They will lure you to some fresher neighborhoods and fill your head with lots of "We really have to see..." ideas. And they will leave you with a clear, crisp view of how the capital is changing. London is a global city but the Monocle team will help you see it as a series of friendly local gems. Hold on to your hat. *A Monocle Manifesto* Gestalten
A celebration of the endlessly fascinating

and culturally rich country of Japan, this book from the Monocle team is packed with insights and fully illustrated with stunning photography. Monocle's latest book is an ardent paean to Japan, covering everything from design, architecture, and culture to food, fashion, and current affairs. Since it launched in 2007, Monocle has had deep roots in Japan. From day one, the magazine has maintained a Tokyo bureau, which today also encompasses a Monocle shop and radio studio. Over the past decade, the magazine and its team have continued to build upon their appreciation for and understanding of the nation of Japan. Monocle's stories have covered everything from a live journey on the emperor's jet and the tastiest places to eat in Kagoshima to the fashion designers challenging conventions and the businesses with remarkable stories untold outside Japan. The Monocle Book of Japan reveals the best of the country in the run-up to the 2021 Olympics. Complete with striking photography and captivating essays, this volume showcases some of Japan's most intriguing splendors.

Toronto Booklean

"This is a handbook for anyone from holidaymakers to hoteliers. We jump up and down on a few choice beds, check out the start-ups breaking new ground and talk to the CEOs of the best and biggest groups. Don't expect stuffy five-star finery - our selection errs on the side of the honest, charming, quirky and independent. Through interviews, in-depth reports, essays, insight and opinion, we explore the state of the hospitality industry and make a case for why hotels are resolutely here to stay." -- Monocle's website

The Monocle Guide to Good Business

Lonely Planet

Kirkus Review "Arch comedy . . . Dave Eggers channels Anthony Bourdain." An outrageously funny and original debut set in the fast-paced and treacherous world of a restaurant kitchen Fresh out of university with big dreams, our narrator is determined to escape his past and lead the literary life in London. But soon he is two months behind on rent and forced to take a menial job in the kitchen of The Swan, a gastro-pub with haute cuisine

aspirations. Mockingly called "Monocle" by his co-workers for a useless English lit degree, he is thrust into a brutal, chaotic world full of motley characters. There's the lovably dim pastry chef Dibden; combative Ramilov, who spends a fair bit of time locked in the walk-in fridge for pissing people off; Racist Dave, about whom the less said the better; Camp Charles, the officious head waiter; and Harmony, the only woman in a workplace of raunchy, immature, angry, drug-fueled men. Worst of all is the head chef, Bob, who runs the kitchen with an iron fist and an alarming taste for cruelty. But Monocle's past is never far away and soon an altogether darker tale unfolds. As the chefs' dreams of overthrowing Bob become a reality, Monocle's dead-beat father shows up at his door, asking for help. With The Swan struggling to stay afloat and Monocle's father dredging up lingering questions from an unhappy childhood, Chop Chop accelerates toward its blackly hilarious, thrilling, and ruthless conclusion.

A Field Guide to Tropical Reef Fishes of the Indo-Pacific Random House Books for Young Readers

In this joyful new book Monocle unpacks

what makes a great city, whether you're looking for a new place to call home or need help fixing your own. How do we make better cities - places that work for people of all ages and backgrounds? How do we make cities that provide the obvious essentials - great transport, good places to work - as well as the softer elements that truly deliver quality of life, from urban swimming pools to rooftop clubs? Since its launch in 2007, Monocle has been passionate about making better places to live. Every year it publishes a Quality of Life Survey, which names the top 25 cities to call home. In addition, across the issues, it has interviewed the best mayors, looked at the metropolises putting pedestrians first and met the people creating the best parks, both pocket and grand. Discover how you too can have a High Line, create the most covetable housing or turn a dirty river into a summer asset. Packed with great images and intriguing reports, this is a book that takes the urbanism debate away from city hall and explains what's needed in ways that will inspire us all.

A FIELD GUIDE FOR ANGLERS AND DIVERS

Gestalten

Hamburg is a historic but forward-thinking city, home to arbiters of tradition and avant-garde artists alike. Ready? It's time to pull up a chair and meet the lot of them.

EXTERIORS

The Monocle Travel Guide to London (Updated Version)

Now available in the US, this is the revised and expanded fifth edition of a book that has been the standard reference work for divers, anglers and scientists for over 30 years. The new edition covers 1,670 fish species found in the seas of tropical Southeast Asia, the Southern Pacific islands and Australia—including the Great Barrier Reef, Malaysia, Indonesia, Thailand, Vietnam and the Philippines. A must-have reference for divers, marine biologists, ecologists, commercial fisheries and sports anglers, this book includes a comprehensive identification guide to the families of reef fishes, with a definitive index. An informative and detailed Introduction includes area coverage;

faunal composition; biology, behavior and ecology of reef fishes; classification of fishes, and much more. Originally published as Marine Fishes of South-East Asia, this edition contains numerous revisions in nomenclature affecting both the scientific Latin names and common names of the region's fishes. In all cases these have been made to reflect the current universally-accepted terminology. The common names in this book are the result of a recent initiative undertaken by the Australian Government and Seafood Services Australia. Each species is depicted in detailed, full-color illustrations by noted marine artists Roger Swainston and Jill Ruse, including over 35 new species. In many cases, the illustrations show both male and female examples. With more than 2,000 illustrations and 29 color photographs, this definitive field guide will continue to be an invaluable resource for professionals and hobbyists alike.

"The New Yorker" at Midcentury

Gestalten

A timely handbook helping readers think about how to slow down, reconnect, and live a gentler life.

The Monocle Travel Guide to Hamburg Die Gestalten Verlag

Today "The New Yorker" is one of a number of general-interest magazines published for a sophisticated audience, but in the post-World War II era the magazine occupied a truly significant niche of cultural authority. A self-selected community of 250,000 readers, who wanted to know how to look and sound cosmopolitan, found in its pages information about night spots and polo teams. They became conversant with English movies, Italian Communism, French wine, the bombing of the Bikini Atoll, pret-a-porter, and Caribbean vacations. A well-known critic lamented that "certain groups have come to communicate almost exclusively in references to the [magazine's] sacred writings." "The World through a Monocle" is a study of these "sacred writings." Mary Corey mines the magazine's editorial voice, journalism, fiction, advertisements, cartoons, and poetry to unearth the preoccupations, values, and conflicts of its readers, editors, and contributors. She delineates the effort to fuse liberal ideals with aspirations to high social status, finds

the magazine's blind spots with regard to women and racial and ethnic stereotyping, and explores its abiding concern with elite consumption coupled with a contempt for mass production and popular advertising. Balancing the consumption of goods with a social conscience which prized goodness, the magazine managed to provide readers with what seemed like a coherent and comprehensive value system in an incoherent world. Viewing the world through a monocle, those who created "The New Yorker" and those who believed in it cultivated a uniquely powerful cultural institution serving an influential segment of the population. Corey's work illuminates this extraordinary enterprise in our social history.

THE MONOCLE TRAVEL GUIDE TO BRUSSELS AND ANTWERP

Routledge
Livable Cities from a Global Perspective offers case studies from around the world on how cities approach livability. They address the fundamental question, what is considered "livable?" The journey each city has taken or is currently taking is unique and context specific. There is no

such thing as a one-size-fits-all approach to livability. Some cities have had a long history of developing livability policies and programs that focus on equity, economic, and environmental concerns, while other cities are relatively new to the game. In some areas, government has taken the lead while in other areas, grassroots activism has been the impetus for livability policies and programs. The challenge facing our cities is not simply developing a livability program. We must continually monitor and readjust policies and programs to meet the livability needs of all people. The case studies investigate livability issues in such cities as Austin, Texas; Helsinki, Finland; London, United Kingdom; Warsaw, Poland; Tehran, Iran; Salt Lake City, United States; Rio de Janeiro, Brazil; Sydney, Australia; and Cape Town, South Africa. The chapters are organized into such themes as livability in capital city regions, livability and growth and development, livability and equity concerns, livability and metrics, and creating livability. Each chapter provides unique insights into how a specific area has responded to calls for livable cities. In doing so, the book adds to the existing

literature in the field of livable cities and provides policy makers and other organizations with information and alternative strategies that have been developed and implemented in an effort to become a livable city.

Honolulu Die Gestalten Verlag-DGV The Monocle Guide to Good Business follows up on the success of The Monocle Guide to Better Living. The book offers multifaceted perspectives on the world of work today and in the future--from compelling business ideas to inspiring company cultures. Ever since the launch of Monocle in 2007 this highly successful global magazine and media brand has championed a clear and new take on the world of work. It has encouraged its readers to start their own businesses, do the thing that makes them feel fulfilled (even if it means ditching a comfortable corporate salary), and find places to build their HQ that deliver a good quality of life too. The magazine's belief in making things (and making them well), using your hands, doing an apprenticeship, and keeping things small and tight has linked perfectly with a community of entrepreneurs who are determined to find

their own way in the world --and know that this will allow them to run their lives in new and fresh ways. These developments are also expressed in the maker movement, new shared spaces, and unusual business schools. So it was a natural step for the magazine's team to create The Monocle Guide to Good Business. This guide is not your traditional business book, but it does give advice on how to go from clever fledgling idea to success story and introduces people with inspiring stories. The Monocle Guide to Good Business is also a picture-rich journey for anyone who runs a company, wants to run a company, or wishes their boss had some new ideas. It will even tell you why you need an office dog. From the best business neighborhoods to the sturdiest desks, this book will have you planning a new career --or at least fixing your office. It's a book that should be thumbed and used. It's a manual and a manifesto, a guide and a good read. [Interactive Portfolio of the School of Visual Arts \(SVA\)](#) Routledge

This book examines the key developments in the UK magazine industry since 2014 and explains in detail how the business

has innovated to survive. Innovations in Magazine Publishing explores the key issues that publishers and editors have had to grapple with in recent years and demonstrates how they have changed their business models and encouraged innovation and creativity. Written in an engaging and accessible style, the authors and contributors have drawn on years of industry expertise and contacts to examine the massive changes that have taken place in the areas of content creation and advertising in the last decade. Beginning with a highly useful summary of UK magazine publishing history, the book then provides a detailed focus on how magazines have had to adapt to a declining revenue picture in both copy and advertisement sales. This discussion considers changes in ownership and the supply chain, mutual dependency on social media, the rapid growth of the independent sector, investing in brand and product extensions, and how media companies themselves have changed to meet the demands of the new era. The important issue of ethnic diversity within the UK publishing industry is addressed and the introduction also includes a

discussion of the effects of the Covid-19 pandemic on the industry, and how the magazine business will need to respond to whatever the future may bring. This comprehensive overview of the current state of the industry is a vital resource for students, researchers and professionals in magazine journalism, as well as for those studying media and journalism studies more generally.

Taking the form of random journal entries over seven years, *Exteriors* captures the feeling of contemporary living on the outskirts of Paris. Poignantly lyrical, chaotic, and strangely alive.

Innovations in Magazine Publishing Tuttle Publishing

A procession through Hong Kong's outposts of good food, design, retail, and more, this definitive travel guide will make you feel like a local no matter where you

are from. Vertigo-inducing skyscrapers that cling to mountainous slopes and busy fishing villages that proudly hold on to their cultural heritage: Hong Kong is more diverse than you'd imagine. Navigate the futuristic covered skyways connecting office towers and you'll pass over temples from which incense smoke trails towards the heavens. This city can appear to be an impenetrable collection of concrete high-rises, but you are rarely further than a short taxi ride from verdant hikes. The mix of high and low will charm the most hardened urban travellers. Monocle's Hong Kong takes you on a fresh journey from the best dining spots to side-street food stalls. The Monocle team will also show you where to head for rich retail experiences and handmade shoes and shirts. Then there are walks to take you away from the hustle and bustle of Central into plant-filled streets where the din of the city disappears. Hong Kong may have

been built on trade and commerce but it's now also a place where contemporary art thrives. It's a global hub that welcomes visitors. You should be next.

THE MONOCLE GUIDE TO DRINKING AND DINING

SAGE

This phenomenally successful guide to the wealth and variety of fish in Australia's tropical waters — including the Great Barrier Reef — and south-east Asia has been updated and expanded. The book has sold more than 20,000 copies in its previous editions, and is an invaluable reference for divers and anglers, to both scientists and the lay person; to everyone with an interest in our remarkable tropical fish. Full colour illustrations by leading Australian marine artists, Roger Swainton and Jill Ruse, make identification easy. The author has also included an edibility guide.
