[Contracting for Better Places](#) West Publishing Company

This book is designed to introduce doctoral and graduate students to the process of conducting scientific research in the social sciences, business, education, public health, and related disciplines. It is a one-stop, comprehensive, and compact source for foundational concepts in behavioral research, and can serve as a stand-alone text or as a supplement to research readings in any doctoral seminar or research methods class. This book is currently used as a research text at universities on six continents and will shortly be available in nine different languages.

Concepts and Case Analysis in the Law of Contracts West Group Publishing

**Case Study Research** West Academic Publishing

In the past few decades, scholars have offered positive, normative, and most recently, interpretive theories of contract law. This title confronts the leading interpretive theories of contract and demonstrates their interpretive doctrinal failures.

*Social Science Research* CreateSpace

Complete Contract Law offers students a carefully blended combination of the concepts and cases of contract law, accompanied by insightful commentary - a combination designed to encourage critical thinking, stimulate analysis, and promote a complete understanding.

[JC Smith's the Law of Contract](#) Butterworth-Heinemann

The perfect accompaniment to any torts casebook, *The Forms and Functions of Tort Law* covers all the major cases and issues in the standard torts course, sharing Professor Abraham's scholarly insights developed over 25 years of teaching. This analytical text addresses the cases and analyzes their implications, presenting the law of torts within a curricular context and covering the materials that law students are likely to encounter in a variety of courses. The straightforward, readable text in this paperback addresses both rules and policy and presents topics in a way that helps students grapple with the issues more effectively. Organized in the traditional manner, topics covered include intentional torts, negligence, cause-in-fact, proximate cause, defenses, strict liability, nuisance, products liability, damages, tort reform, invasion of privacy, defamation, misrepresentation, and the economic interference torts. Each chapter stands on its own, making the book ideal for use as a classroom text as well as for self-directed reading by students.

## HIGH COURT CASE SUMMARIES ON CONTRACTS KEYED TO BURTON

West Academic Publishing

This eagerly awaited revision of a prestigious student treatise helps professors demystify the intricacies of contract law. Long respected for its clarity

and accessibility, *Contracts*, in its completely updated Fourth Edition, continues to illuminate doctrine and practice. The textbook builds on its well-known strengths: Comprehensive coverage of all of the topics that figure prominently in most contracts courses. Intuitive, insightful approach for first-year law students... Clear explanations of the rules, illustrated with noteworthy examples. Incorporation of many recent cases into examples. Clear prose and incisive analysis Reflection of the expertise of the author, who has also written a successful practitioner treatise. Suitability for use alongside any casebook. The Fourth Edition keeps pace with developments in the field, providing: Detailed comparisons of the contract rules of 2003, revised Article 2 (2003), with previous Article 2. Citations to revised Articles 1 and 9. Citations to dozens of new cases, including those applying CISG (Vienna Sales Convention) and reference to current decisions in such areas as employment agreements, enforceability of arbitration clauses, anti-nuptial contracts, liquidated damages, pre-contractual liability, and electronic contracting. Citations to new law journal articles and updated citations to other secondary sources. Learning contract law will be less daunting when the Fourth Edition of E. Allan Farnsworth's *Contracts* is available for extra assistance.

## COMPLETE CONTRACT LAW

Aspen Publishers

In addition to the clear and organized structure of the doctrinal material that one finds in the Acing Series, the Second Edition of *Acing Contracts* separates discussion of the common law from the Uniform Commercial Code in key areas to allow students to grasp essential concepts more easily. This includes a comprehensive revision to the Chapters on Offer and Acceptance, Consideration, and the Parol Evidence Rule. This edition includes more sample problems with an emphasis on problems dealing with Article 2 of the Uniform Commercial Code. Sample answers are written in IRAC structure ("Issue, Rule, Analysis, Conclusion") to provide students with clear examples to show application of the process to written analysis.

Hardbound - New, hardbound print book.

**Quick Review of Contracts** West Academic Publishing

This title contains well-prepared briefs for each major case in this casebook. High Court briefs are written to present the essential facts, issue, decision and rationale for each case in a clear, concise manner. While prepared briefs can never substitute for the insight gained by actually reading a case, these briefs will help readers to identify, understand, and absorb the core "take away" knowledge from each case. Moreover, these briefs are followed by a useful legal analysis, which provides extra tips and contextual background about each case, connecting the case to the broader concepts being developed throughout the casebook. This book also supplies case vocabulary, which defines new or unusual legal words found throughout the cases. Finally, to enhance the reader's recall, there is a corresponding memory graphic for each brief that portrays an entertaining visual representation of the relevant facts or law of the case.

[International Contracting: Law and Practice](#) West Group Publishing

The Seventh Edition casebook has several distinct aims. Those who prefer to emphasize the centrality of remedies, and the economic orientation that implies, will find the new order of chapters congenial. Those who cannot imagine not starting with a discussion of the concept of bargain, or even offer and acceptance, will find that they do not need to rip the book apart to do so. New teachers, who are likely to view the experience of teaching contracts very differently at the end of the semester, need not worry about conducting major surgery to change their approach the next year. The book is constructed out of relatively brief, interchangeable, and free-standing blocks. At the same time the authors continue to avoid the temptation to edit cases heavily. It remains very important to present a judicial opinion that discloses the judge's process of decision and enough of the reasoning underlying the conclusion for students to appreciate the decision making process. It appears that most students and teachers prefer newer cases and up-to-date issues for examination. The authors have sadly bid farewell to a number of old friends that have been replaced by more contemporary cases. These new cases present students with relevant issues stated in a currently recognizable voice.

*Contract Law in Russia* Bloomsbury Publishing

A Road Map to Bankruptcy Law; Individual Debtor and the Fresh Start; Corporate Reorganizations and the Absolute Priority Rule; Claims, Property of the Estate, and the "Strong-Arm" Powers; Executory Contracts; Fraudulent Conveyances, Equitable Subordination, and Substantive Consolidation; Preferences; Automatic Stay; Debtor in Possession; Forming the Plan of Reorganization.

*A Theory of Contract Law* Thomson West

This textbook discusses the most important theories of internationalization, including Product Life-Cycle, Internalization, Location, Eclectic Paradigm, Uppsala, Network, and International New Venture concepts. These models are grounded to a considerable extent in the Transaction Cost Theory and the Resource-Based View as explained and illustrated in the book. Relevant market entry strategies, such as franchising, contract manufacturing, joint ventures, and others are explained and categorized in light of crucial determinants of international business decision making: hierarchical control of operations, the firm's proximity to the foreign market, the investment risk, and the factor of time. What makes this textbook novel and unique? Its framework combines theories and market entry strategies: each topic is applied to authoritative, real-life business case studies. Complex issues are explained in a manner that results in understanding. Various illustrations and tables help the reader comprehend the point being discussed. The case study focus on Asian firms delivers interesting insights into modern high-technology industries and changing global business dynamics. Market Entry Strategies serves as a vital source for internationally oriented bachelor, master, and MBA programs with strategy, marketing, and management lecture modules. Consequently, this publication is highly recommended for students and scholars; but it is also useful for business practitioners seeking to gain competitive advantages in international business. About the Author Mario Glowik teaches Bachelor, MBA and Master courses in Strategic management, International management, Strategic management in China and Europe, and International and Asian business at Berlin School of Economics and Law in Berlin. Find out more about Professor Glowik and the second edition of his Textbook Market Entry Strategies on Youtube!

### SOCIAL MOBILITY IN DEVELOPING COUNTRIES

West Academic Publishing

"If more business books were as useful, concise, and just plain fun to read as THE MCKINSEY WAY, the business world would be a better place." --Julie Bick, best-selling author of ALL I REALLY NEED TO KNOW IN BUSINESS I LEARNED AT MICROSOFT. "Enlivened by witty anecdotes, THE MCKINSEY WAY contains valuable lessons on widely diverse topics such as marketing, interviewing, team-building, and brainstorming." --Paul H. Zipkin, Vice-Dean, The Fuqua School of Business It's been called "a breeding ground for gurus." McKinsey & Company is the gold-standard consulting firm whose alumni include titans such as "In Search of Excellence" author Tom Peters, Harvey Golub of American Express, and Japan's Kenichi Ohmae. When Fortune 100 corporations are stymied, it's the "McKinsey-ites" whom they call for help. In THE MCKINSEY WAY, former McKinsey associate Ethan Rasiel lifts the veil to show you how the secretive McKinsey works its magic, and helps you emulate the firm's well-honed practices in problem solving, communication, and management. He shows you how McKinsey-ites think about business problems and how they work at solving them, explaining the way McKinsey approaches every aspect of a task: How McKinsey recruits and molds its elite consultants; How to "sell without selling"; How to use facts, not fear them; Techniques to jump-start research and make brainstorming more productive; How to build and keep a team at the top its game; Powerful presentation methods, including the famous waterfall chart, rarely seen outside McKinsey; How to get ultimate "buy-in" to your findings; Survival tips for working in high-pressure organizations. Both a behind-the-scenes look at one of the most admired and secretive companies in the business world and a toolkit of problem-solving techniques without peer, THE MCKINSEY WAY is fascinating reading that empowers every business decision maker to become a better strategic player in any organization.

### CONTRACTS

Emerald Group Publishing

Quick Review of Contracts is a short, clear, concise, and substantive outline. It is designed to make the study of law clear and convenient, and it is designed to help students prepare for their law school exams. The main body is an outline of the substantive content that a student needs to prepare for a law school exam. The concise format provides a "Big Picture" overview allowing students to review the subject quickly prior to final exams. This edition is cross-referenced with the author's new Sum and Substance Audio on Contracts.

**Contracts** West Academic Publishing

The Concept Contractual Management offers a holistic approach to managerial decision-making based on contracts or business processes that are related to contracts. It explains management from the point of view of the contract, just as it interprets the contract from the point of view of management. Thus, the approach highlights the great inherent potential of contracts for managing companies, transactions and business relationships. The book addresses students as well as practitioners and gives insights into the usage of contracts to manage companies or relationships. It covers contract handling from preliminary deliberations to negotiations, implementation, and all the way to the evaluation of the contract within the company. Furthermore, it provides competencies to design and implement a contract and to organize the relevant processes. The Content In Part 1, the book explains the theoretical foundations of Contractual Management; in Part 2, the application of the approach is illustrated through case studies which cover various sectors, industries, company sizes, contract types, and management situations. Theory part: Contractual Management – A Holistic Approach to a Diverse Issue. Case study part: 11 case studies arranged according to specific contract-related topics: Information and Communication – Change – Enterprise Networks – Conflict – Accounting and Financing – Legal Compliance – Societal Steering. The Editors Professor Dr. Ralph Schuhmann: After holding a senior management position in industry, Ralph Schuhmann now teaches Business Law at Ernst-Abbe-Hochschule in Jena, Germany. He is the scientific director of the Contractual Management Institute at SRH Hochschule Berlin and has published various articles on contract law and contract management. Professor Dr. Bert Eichhorn: Before his appointment as professor for International Law and Business Law at SRH Hochschule Berlin, Bert Eichhorn worked as a legal consultant at the EU Parliament and as a lawyer. He has published numerous articles in national and international scientific journals in the area of contract management and international law. He is the managing director of the Contractual Management Institute at SRH Hochschule Berlin.

### STUDIES IN CONTRACT LAW

West Academic Publishing

Contracts: Cases and Theory has two principal ambitions: first, to present the basic doctrine of contracts in a comprehensive and coherent fashion; and second, to encourage a rigorous and interdisciplinary approach to thinking about the values and principles that inspire the law. The book provides a systematic survey of contract law while weaving in perspectives from economics, philosophy, sociology, and legal theory, to show how these disciplines can be used to both illuminate and criticize the law as it stands. The book's treatments of "law and" ideas are designed to be free-standing, making the book an excellent introduction to interdisciplinary legal thought for students without prior training in other fields.
