Stories of Women
Reshaping the World

Penguin UK

'The terse, typewritten note slipped under my door in a sealed envelope confirmed my appointment with "India's single biggest internal security challenge". I'd been waiting for months to hear from them...' In early 2010, Arundhati Roy travelled into the forests of Central India, homeland to millions of indigenous people, dreamland to some of the world's biggest mining corporations. The result is this powerful and unprecedented report from the heart of an unfolding revolution.

Things that Can and Cannot Be Said Vintage
Canada

This book is the first of its kind to examine the theories of nation and national identity in both the West (according to

the theories of Benedict Anderson and Salman Rushdie) and in the East (in the light of the works of Jawaharlal Nehru) as they apply to the novels of Arundhati Roy and Kiran Desai. The second part of the twentieth century witnessed a new interface between fiction and history called "New History". It brought into its purview the hitherto marginalized sections of society like slaves, peasants, workers, women, and children. Whereas the subalterns in *The Inheritance of Loss* are disempowered by the brunt of globalisation and neo-colonialism, the subalterns in *The God of Small Things* face the ire of the deep-seated divisions based on caste and gender bias in a postcolonial society. In addition, this book also deals with contemporary social issues like individual identity in a multicultural world where cultures and nature converge into myriad ways of living. It will be of

immense benefit to MA and MPhil students all over India, as well as to PhD scholars and teachers of English literature both in India and abroad.

THE SHAPE OF THE BEAST

Penguin UK

In eleven powerful, and closely argued, linked essays, Arundhati Roy takes a hard look at the underbelly of the world's largest democracy. Beginning with the state-backed killing of Muslims in Gujarat in 2002, she writes about how 'progress' and genocide have historically gone hand in hand; about the murky investigations into the 2001 attack on the Indian Parliament; about the dangers of an increasingly powerful and entirely unaccountable judiciary; and about the collusion between large corporations, the government and the mainstream media. The volume ends with an account of the August 2008 uprising in Kashmir

and an analysis of the November 2008 attacks on Mumbai. 'The Briefing', included as an appendix, is a compelling fictional text that brings together many of the issues central to the collection.

A Ghost Story Wm. B.

Eerdmans Publishing Kashmir is one of the most protracted and bloody occupations in the world—and one of the most ignored. Under an Indian military rule that, at half a million strong, exceeds the total number of US forces in Iraq and Afghanistan, freedom of speech is non-existent, and human-rights abuses and atrocities are routinely visited on its Muslim-majority population. In the last two decades alone, over seventy thousand people have died. Ignored by its own corrupt politicians, abandoned by Pakistan and the West, which refuses to bring pressure to bear on its regional ally, India, the Kashmiri people's ongoing quest for justice and self-determination continues to be brutally suppressed. Exploring the causes and

consequences of the occupation, Kashmir: The Case for Freedom is a passionate call for the end of occupation, and for the right of self-determination for the Kashmiri people.

Arundhati Roy's The God of Small Things

Haymarket Books Written over a four-year period and originally conceived as Notes from a Homeland War Diary, these concise, provocative essays record on-going reactions - reports from the war zone - to what Joan Didion calls the «new normal» under the Bush Administration. They rethink questions of power, political authority, patriotism, democracy, science, civil society, and the academy. *Flags in the Window* should be read by everyone who has an interest in the alternative view of the Iraq War.

GLOBAL POWER AND ITS DISCONTENTS

Haymarket Books A Few Weeks After India Detonated A Thermonuclear Device In 1998, Arundhati Roy Wrote The End Of Imagination . The Essay Attracted Worldwide Attention As The Voice Of A Brilliant Indian Writer Speaking Out With Clarity And Conscience Against

Nuclear Weapons. Over The Next Three And A Half Years, She Wrote A Series Of Political Essays On A Diverse Range Of Momentous Subjects: From The Illusory Benefits Of Big Dams, To The Downside Of Corporate Globalization And The Us Government S War Against Terror. First Published In 2001, *The Algebra Of Infinite Justice* Brings Together All Of Arundhati Roy S Political Writings So Far. This Revised Paperback Edition Includes Two New Essays, Written In Early 2002: *Democracy: Who S She When She S At Home* , That Examines The Horrific Communal Violence In Gujarat, And *War Talk: Summer Games With Nuclear Bombs* , About The Threat Of Nuclear War In The Subcontinent.

Power Politics Sarup & Sons

An activist and an actor reflect on Edward Snowden and the surveillance state in this collection that “reads like a whistleblower’s travel diary” (Disorient). In late 2014, Arundhati Roy, John Cusack, and Daniel Ellsberg traveled to Moscow to meet with NSA whistleblower Edward Snowden. The result was a series of essays and

dialogues in which Roy and Cusack reflect on their conversations with Snowden. In these provocative and penetrating discussions, Roy and Cusack discuss the nature of the state, empire, and surveillance in an era of perpetual war, the meaning of flags and patriotism, the role of foundations and NGOs in limiting dissent, and the ways in which capital—but not people—can freely cross borders. “Things That Can and Cannot Be Said is not a book with solutions, nor even a comprehensive framing of the problem. Its charm and potential lies in its disarming conversational approach, offering insights-in-passing; ideas and thoughts to spark further conversations and just maybe inspire other acts of moral courage. While the book channels a palpable sense of rage—rage at imperialism, at the surveillance state, at ‘Washington’s ability to destroy countries and its inability to win a war’—it concludes on the topic of love.” —PopMatters “It asks questions—a lot of them. It connects dots from Kashmir to Palestine to Virginia—leaving no one spared from scrutiny—not

even themselves, as Arundhati asserts.” —Disorient “The freewheeling conversations between all the participants will bring up many Eureka moments for a lot of readers. Insights that can only be gained if you are researching these topics in exhausting detail.” —Firstpost

WEIRD ENGLISH

Penguin Books India The “courageous and clarion” Booker Prize-winner “continues her analysis and documentation of the disastrous consequences of unchecked global capitalism” (Booklist). From the poisoned rivers, barren wells, and clear-cut forests, to the hundreds of thousands of farmers who have committed suicide to escape punishing debt, to the hundreds of millions of people who live on less than two dollars a day, there are ghosts nearly everywhere you look in India. India is a nation of 1.2 billion, but the country’s one hundred richest people own assets equivalent to one-fourth of India’s gross domestic product. Capitalism: A Ghost Story examines the dark side of democracy in contemporary India and

shows how the demands of globalized capitalism have subjugated billions of people to the highest and most intense forms of racism and exploitation. “A highly readable and characteristically trenchant mapping of early-twenty-first-century India’s impassioned love affair with money, technology, weaponry and the ‘privatization of everything,’ and—because these must not be impeded no matter what—generous doses of state violence.” —The Nation “A vehement broadside against capitalism in general and American cultural imperialism in particular . . . an impassioned manifesto.” —Kirkus Reviews “Roy’s central concern is the effect on her own country, and she shows how Indian politics have taken on the same model, leading to the ghosts of her book’s title: 250,000 farmers have committed suicide, 800 million impoverished and dispossessed Indians, environmental destruction, colonial-like rule in Kashmir, and brutal treatment of activists and journalists. In this dark tale, Roy gives rays of hope that illuminate cracks in the nightmare she evokes.”

—Publishers Weekly
The Algebra of Infinite Justice D C Books
 Feminist Time Against Nation Time offers a series of essays that explore the complex and oftentimes contradictory relationship between feminism and nationalism through a problematization of temporality. Although there has been much recent discussion in the U.S. of the wars in Afghanistan and Iraq and the "War on Terror" as signaling a new period of "permanent war," feminist voices have not been at all prominent in this discussion. This collection considers not only the ways in which public spaces for dissent are limited, but also the ways in which the time for such dissent is cut short. *Feminist Time Against Nation Time* combines philosophical examinations of "Women's Time" by Julia Kristeva and "The Time of Thought" by Elizabeth Grosz, with essays offering case studies of particular events, including Kelly Oliver's essay on the media coverage of the U.S. wars on terror and in Afghanistan and Iraq, and Betty Joseph's on the anti-colonial uses of "women's

time" in the creation of nineteenth-century Indian nationalism. *Feminist Time Against Nation Time* juxtaposes feminist time against nation time in order to consider temporalities that are at once contrary to, but also drawing toward each other. Yet Hesford and Diedrich also argue that because, as an untimely project, feminism necessarily operates in a different temporality from that of the nation, against-ness is also used to provoke a rupture, a momentary opening up of a disjuncture between the two that will allow us to explore the possibilities of creating a space and time for feminists to think against the current of the present moment. *Walking with Comrades* South End Press
 Small Wonder presents the dangers of the 'underside of modernity': the unleashing of unlimited lust for (global) power and wealth. Relying on leading critical intellectuals, Dallmayr offers a critique of the self-deceptions of our age, pleading in favor of the cultivation of the 'small wonder' of everyday life.

THE GOD OF SMALL

THINGS

Haymarket Books
 Arundhati Roy is not only an accomplished novelist, but equally gifted in unraveling the politics of globalization, the power and ideology of corporate culture, fundamentalism, terrorism, and other issues gripping today's world. This volume – featuring prominent scholars from throughout the world – examines Roy beyond the aesthetic parameters of her fiction, focusing also on her creative activism and struggles in global politics. The chapters travel to and fro between her non-fictional works – engaging activism on the streets and global forums – and its underlying roots in her novel. Roy is examined as a novelist, non-fiction writer, journalist, activist, feminist, screenwriter, ideologist, and architect. This volume presents Roy's interlocking network of the ideas, attitudes and ideologies that emerge from the contemporary social and the political world.

 Postcolonial Environments examines the relationship between contemporary environmental crises and

culture by offering a series of provocative readings of key Indian novels in English, making an original and important contribution to the emerging theories of 'green postcolonialism'.
Capitalism Springer
 Three new essays by India's fiercest, most outspoken and fearless political activist War has spread from the borders of India to the forests in the very heart of the country. Combining brilliant analysis and reportage by one of India's iconic writers, Broken Republic examines the nature of progress and development in the emerging global superpower, and asks fundamental questions about modern civilization itself. In three incisive essays Roy lays bare the corruption at the centre of government and industry, explores life with the Maoist guerrilla movement and reveals the thwarted search for justice and democracy in India.

TIMES

From the bestselling author of The God of Small Things comes a scathing and passionate indictment of big government's disregard for the individual. In her Booker Prize-winning novel, The God of Small Things, Arundhati Roy turned a compassionate but unrelenting eye on one family in India. Now she lavishes the same acrobatic language and fierce humanity on the future of her beloved country. In this spirited polemic, Roy dares to take on two of the great illusions of India's progress: the massive dam projects that were

supposed to haul this sprawling subcontinent into the modern age--but which instead have displaced untold millions--and the detonation of India's first nuclear bomb, with all its attendant Faustian bargains. Merging her inimitable voice with a great moral outrage and imaginative sweep, Roy peels away the mask of democracy and prosperity to show the true costs hidden beneath. For those who have been mesmerized by her vision of India, here is a sketch, traced in fire, of its topsy-turvy society, where the lives of the many are sacrificed for the comforts of the few. From the Trade Paperback edition.

Listening to Grasshoppers
Haymarket Books
My Seditious Heart
collects the work of a two-decade period when Arundhati Roy devoted herself to the political essay as a way of opening up space for justice, rights and freedoms in an increasingly hostile environment. Taken together, these essays trace her twenty year journey from the Booker Prize-winning *The God of*

Small Things to the extraordinary *The Ministry of Utmost Happiness*: a journey marked by compassion, clarity and courage. Radical and readable, they speak always in defence of the collective, of the individual and of the land, in the face of the destructive logic of financial, social, religious, military and governmental elites. In constant conversation with the themes and settings of her novels, the essays form a near-unbroken memoir of Arundhati Roy's journey as both a writer and a citizen, of both India and the world, from 'The End of Imagination', which begins this book, to 'My Seditious Heart', with which it ends.

[The Greater Common Good](#) South End Press
The Shape Of The Beast Is Our World Laid Bare, With Great Courage, Passion And Eloquence, By A Mind That Has Engaged Unhesitatingly With Its Changing Realities, Often Anticipating The Way Things Have Moved In The Last Decade. In The Fourteen Interviews Collected Here,

Conducted Between January 2001 And March 2008, Arundhati Roy Examines The Nature Of State And Corporate Power As It Has Emerged During This Period, And The Shape That Resistance Movements Are Taking. As She Speaks, Among Other Things, About People Displaced By Dams And Industry, The Genocide In Gujarat, Maoist Rebels, The War In Kashmir And The Global War On Terror, She Raises Fundamental Questions About Democracy, Justice And Non-Violent Protest. Unabashedly Political, This Is Also A Deeply Personal Collection. Through The Conversations, Arundhati Talks About The Necessity Of Taking A Stand, As Also The Dilemma Of Guarding The Private Space Necessary For Writing In A World That Demands Urgent, Unequivocal Intervention. And In The Final Interview, She Discusses With Uncommon Candour Her Ambiguous Feelings About Success And Both The Pressures And The Freedom That Come With It.
