Introduction to Latin, Second Edition is an introductory Latin textbook designed with a streamlined flow that allows it to be completed in one year. Its concise and uncluttered approach gives students what they need to master the material. Grammar is integrated within the context of reading fluency. Innovative exercises provide translation practice as well as build “instinctive skills” that prepare students for reading authentic Latin works. Features: Concise, streamlined presentation focuses on what students need to know, allowing the material to be covered in a year, even for courses which meet only three days a week Innovative exercises that go beyond the usual translation practice, engaging students

with the mechanisms of the language and developing “more instinctive” skills Succinct grammatical explanations that don’t overwhelm the students with superfluous detail while also providing help for students with little or no understanding of English grammar Latin readings from ancient sources in the form of both sentences and short passages allow for students to connect with authentic Latin Practical instructions often overlooked by other textbooks, including reading a dictionary entry, reading strategies, sentence patterns, gapping, and expectations New to the Second Edition Revised order of presentation that spreads material out more evenly between the first and second halves of the book Derivatives exercises added at the end of each chapter providing practice connecting English words with their Latin roots Bridge to next level: final three chapters provide review and include longer narrative readings with minimal editing to bridge students to the next level

of Latin Revised selection of readings for more appropriate level of difficulty Slave Theater in the Roman Republic Binker North
The international Catholic weekly.

Examining a wide array of ancient writings, Brent Nongbri dispels the commonly held idea that there is such a thing as ancient religion. Nongbri shows how misleading it is to speak as though religion was a concept native to pre-modern cultures.

A COPIOUS AND CRITICAL LATIN-ENGLISH LEXICON

Cambridge University Press
This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United

States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Jewish War under Trajan and Hadrian Ecce Romani, Set, Bks. 3-4 Learn to Read Latin The Codex Amiatinus and its "Sister" Bibles examines the full Bibles made at Wearmouth-Jarrow under Ceolfrith (d. 716) and Bede (d. 735), and the circumstances of their production. Amiatinus is the oldest Latin full Bible to survive largely intact.

Cicero, Philippic 2, 44-50, 78-92, 100-119 BRILL

The Getty Museum's collection of drawings was begun in 1981 with the purchase of a Rembrandt nude and has since become an important repository of European works

from the fifteenth through the nineteenth century. As in the first volume devoted to the collection (published in 1988 in English and Italian editions), the text is here organized first by national school, then alphabetically by artist, with individual works arranged chronologically. For each drawing, the authors provide a discussion of the work's style, dating, iconography, and relationship to other works, as well as provenance and a complete bibliography.

MODELS FROM THE PAST IN ROMAN CULTURE

Oxford University Press

Tells of the life and history of a thirteenth century Italian Catholic friar turned Saint.

Yale University Press

A standard work in nineteen chapters from leading international scholars on bishop Isidore of Seville (d. 636), addressing the contexts in which the seventh-century bishop lived and worked, exploring his key works and activities, and finally considering his later reception.

Plautus: Pseudolus Addison Wesley

Longman

Cicero composed his incendiary Philippics only a few months after Rome was rocked

by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Cicero, his oratory, the politics of late-republican Rome, and the transhistorical

import of Cicero's politics of verbal (and physical) violence.

Ecce Romani Hardcover Student Edition Level 2 2000c Franklin Classics Trade Press

Jason has a problem. He doesn't remember anything before waking up on a school bus holding hands with a girl. Apparently she's his girlfriend Piper, his best friend is a kid named Leo, and they're all students in the Wilderness School, a boarding school for "bad kids." What he did to end up here, Jason has no idea—except that everything seems very wrong.

JACT Review Research & Education Assoc. In 1638, a small book of no more than 92 pages in octavo was published "appresso Gioanne Calleoni" under the title "Discourse on the State of the Jews and in particular those dwelling in the illustrious city of Venice." It was dedicated to the Doge of Venice and his counsellors, who are labelled "lovers of Truth." The author of the book was a certain Simone (Simḥa) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto's political

thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are "wellsuited for trade," much more so than others (such as "foreigners," for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries.

Luzzatto's argument is that this talent could be put at the service of the Venetian government in order to maintain – or, more accurately, recover – its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism's alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto's resort to sceptical strategies in

order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto's texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures. *Augustine and Porphyry* Open Book Publishers

This new commentary on Pseudolus provides an excellent introduction to current trends and advances in the study of Roman comedy.

The title of this series of Latin books is *Ecce Romani*, which means "Look! The Romans!" The books in the series will present the Romans to you as you learn the Latin language that they spoke. At first

you will meet the members of a Roman family; Latin is the language they use to communicate among themselves. As you continue reading you will meet mythological and historical characters that meant much to the Romans and remain part of our cultural heritage today. You will be introduced to a vast and colorful world of ancient Mediterranean and European civilizations that included peoples who spoke many different languages, and you will meet people of many different cultures and social levels, ranging from slaves to emperors. You will read passages from many ancient Roman writers and thus come into direct communication with the ancient Romans themselves. -

Introduction.

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms

and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary materials. Explains English grammar points and provides drills especially for today's students. Offers sections on Latin metrics. Includes numerous unaltered examples of ancient Latin prose and poetry. Incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work. Offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

Classical Rhetoric in the Middle Ages: The Medieval Rhetors and Their Art 400-1300, with Manuscript Survey to 1500 CE is a completely updated version of John Ward's

much-used doctoral thesis of 1972, and is the definitive treatment of this fundamental aspect of medieval and rhetorical culture.

Ecce Romani Disney Electronic Content Plainchant is the oldest substantial body of music that has been preserved in any shape or form. It was first written down in Western Europe in the eighth to ninth centuries. Many thousands of chants have been sung at different times or places in a multitude of forms and styles, responding to the differing needs of the church through the ages. This book provides a clear and concise introduction, designed both for those to whom the subject is new and those who require a reference work for advanced study. It begins with an explanation of the liturgies that plainchant was designed to serve. It describes all the chief genres of chant, different types of liturgical book, and plainchant notations. After an exposition of early medieval theoretical writing on plainchant, Hiley provides a historical survey that traces the constantly changing nature of the repertory. He also discusses important musicians and centers of composition. Copiously illustrated with over 200 musical

examples, this book highlights the diversity of practice and richness of the chant repertory in the Middle Ages. It will be an indispensable introduction and reference source on this important music for many years to come.

[A Companion to Isidore of Seville](#) Prentice Hall

Two major Jewish risings against Rome took place in the years following the destruction of Jerusalem - the first during Trajan's Parthian war, and the second, led by Bar Kokhba, under Hadrian's principate. The impact of these risings not only on Judaea, but also on Cyrene, Egypt, Cyprus and Mesopotamia, is shown by accounts in both ancient Jewish and non-Jewish literature. More recently discovered sources include letters and documents from fighters and refugees, and inscriptions attesting war and restoration. Historical evaluation has veered between regret for a pointless bloodbath and admiration for sustained resistance. William Horbury offers a new history of these risings, presenting a fresh review of sources and interpretations. He explores the period of Jewish war under Trajan and Hadrian not just as the end of an era, but

also as a time of continuity in Jewish life and development in Jewish and Christian origins.

Cambridge University Press

In an expansion of his 2012 Robson Classical Lectures, Clifford Ando examines the connection between the nature of the Latin language and Roman thinking about law, society, and empire. Drawing on innovative work in cognitive linguistics and anthropology, Roman Social Imaginaries considers how metaphor, metonymy, analogy, and ideation helped create the structures of thought that shaped the Roman Empire as a political construct. Beginning in early Roman history, Ando shows how the expansion of the empire into new territories led the Romans to develop and exploit Latin's extraordinary capacity for abstraction. In this way, laws and institutions invented for use in a single Mediterranean city-state could be deployed across a remarkably heterogeneous empire. Lucid, insightful, and innovative, the essays in Roman Social Imaginaries constitute some of today's most original thinking about the

power of language in the ancient world.

[Aims, Values and Education](#) PIMS

Roman comedy evolved early in the war-torn 200s BCE. Troupes of lower-class and slave actors traveled through a militarized landscape full of displaced persons and the newly enslaved; together, the actors made comedy to address mixed-class, hybrid, multilingual audiences. Surveying the whole of the Plautine corpus, where slaves are central figures, and the extant fragments of early comedy, this book is grounded in the history of slavery and integrates theories of resistant speech, humor, and performance. Part I shows how actors joked about what people feared - natal alienation, beatings, sexual abuse, hard labor, hunger, poverty - and how street-theater forms confronted debt, violence, and war loss. Part II catalogues the onstage expression of what people desired: revenge, honor, free will, legal personhood, family, marriage, sex, food, free speech; a way home, through memory; and manumission, or escape - all complicated by the actors' maleness. Comedy starts with anger.

Taking the SAT Latin Subject Test? Then REA's SAT Subject Test: Latin Test Prep with Practice Tests on CD is just for you! Written by an experienced Latin teacher, this second edition of our bestselling SAT Subject Test: Latin test prep includes a comprehensive review of covers all language areas appearing on the actual exam including coverage of declensions, conjugations, sentence structure, and more. Each chapter contains numerous

examples and practice questions, and tips that help students study smarter and boost their test scores. The book includes two full-length practice tests that replicate the actual exam's question format. Both of the book's practice exams are featured on our TestWare CD with the most powerful scoring and diagnostic tools available today. Automatic scoring and instant reports help you zero in on the topics and types of questions that give you trouble now, so you'll succeed when it counts.

Detailed explanations of answers help you identify your strengths and weaknesses. We don't just say which answers are right - we also explain why the other answer choices are incorrect - so you'll be prepared on test day. The book also includes study tips, strategies, and confidence-boosting advice you need for test day. REA's test prep is a must for any high school student taking the SAT Latin Subject Test!
