Fifteen-year-old Laurence Roach just wants a normal life, but it's not easy when your mum is a depressed alcoholic, and

your six-year-old brother thinks he's a dog. When Mum fails to come home one night, Laurence tells nobody, terrified he and his brother will be taken into care if anyone finds out. Instead, he attempts to keep up the pretence that Mum is still around: dressing up in her clothes to trick the neighbours and spinning an increasingly complicated tangle of lies. After two weeks on their own, running out of food and money, and with suspicious adults closing in, Laurence finally discovers what happened to his mother. Averno is a small crater lake in southern , regarded by the ancient Romans as the entrance to the underworld. That place gives its name to Louise Glück's eleventh collection: in a landscape turned irretrievably to winter, it is the only source of heat and light, a gate or passageway that invites traffic between worlds while at the same time opposing their reconciliation. Averno is an extended

lamentation, its long, restless poems no less spellbinding for being without plot or hope, no less ravishing for being savage, grief-stricken. What *Averno* provides is not a map to a point of arrival or departure, but a diagram of where we are, the harrowing, enduring presence. *Averno* is a 2006 National Book Award Finalist for Poetry.

The Chips are Down Reed Business Poker is America's national card game, and its popularity continues to grow. Nationwide, you can find a game in progress everywhere. If you want to play, you can find poker games on replicas of 19th century riverboats or on Native American tribal lands. You can play poker at home with the family or online with opponents from around the world. Like bowling and billiards before it, poker has moved out from under the seedier side of its roots and is flowering in the sunshine. Maybe you've never played poker before and you don't even know what a full house is. *Poker For Dummies* covers the basics. Or perhaps you've played for years, but you just don't know how to win. This handy guide will help you walk away from the poker table with winnings, not lint, in

your pockets. If you're a poker expert, you still can benefit – some of the suggestions may surprise you, and you can certainly learn from the anecdotes from professional players like T.J. Cloutier and Stu Unger. Know what it takes to start winning hand after hand by exploring strategy; getting to know antes and betting structure; knowing your opponents, and understanding the odds. *Poker For Dummies* also covers the following topics and more: Poker games such as Seven-Card Stud, Omaha, and Texas Hold'em Setting up a game at home Playing in a casino: Do's and don'ts Improving your play with Internet and video poker Deciphering poker sayings and slang Ten ways to read your opponent's body language Playing in poker tournaments Money management and recordkeeping Knowing when and how to bluff Poker looks like such a simple game. Anyone, it seems, can play it well – but that's far from the truth. Learning the rules can be quick work, but becoming a winning player takes considerably longer. Still, anyone willing to make the effort can become a good player. You can succeed in poker the way you succeed in life: by

facing it squarely, getting up earlier than the next person, and working harder and smarter than the competition. Foreword by Chris MoneyMaker, 2003 World Series of Poker Champion.

Remote Gambling Michael O'Mara Books Joe Exotic, star of the Netflix original documentary that “consumed the pop-cultural imagination” (The Atlantic) and transfixed a nation in the midst of a global crisis, opens up about his outlandish journey from Midwestern farmer to infamous Tiger King, and finally, to federal inmate. Shortly after his arrest (for charges including hiring a hitman to murder his rival, Carole Baskin), Joe Exotic began keeping a daily journal of his life behind prison walls. In support of his defense, Joe began writing everything he wished he could tell a jury of his peers.

Little did Joe know that mere months later, the self-proclaimed “gun-toting, gay redneck with a mullet” would become one of the most famous men in the world. Written entirely while incarcerated, this no-holds-barred memoir is Joe Exotic’s first, and maybe only, chance to tell his side of the story—the full story. Despite never having seen Tiger King, Joe is aware of what’s been said about him, and he’s eager to answer all the questions the world is dying to know. Such as: -The origin of the mullet. -How Joe became the Tiger King. -Joe’s favorite animals. -Joe’s relationships. -Joe’s explanation of all charges against him. -What happened with Trump’s pardon. -What he thinks about caging animals now that he lives in a cage. -What Joe has to say now about Carole Baskin. From his tragic childhood riddled with abuse to his dangerous feuds with big cat rivals and beyond, nothing is off the table. This is the exclusive and definitive read for anyone who binged the “riveting” (Vanity Fair) documentary and finished it hungry for more. A memoir unlike any other, it proves that they can cage the Tiger King, but they can’t silence his roar.

This book summarizes a long career in architecture conducted by Stein, a leader in sustainable design for several decades in New York City. The book culminates and illustrates several of his earlier publications, including *Architecture and Energy* (1977) and *Energy Conscious Architecture* (2001). Stein argues adamantly and persuasively that new construction is not a sustainable strategy for architecture, design, or construction around the world. Rather, renovation, preservation, and restoration of existing buildings represent the best possible strategies for economic and ecological survival, regardless of climate and economy, global or local. The aesthetic implications of this argument are especially evident in the Cubist style buildings of Stein's active New York City firm, called Elemental Architecture. Unfortunately, the writing needs some editing, and the book's bibliography includes just one recent publication, A. Bahamon and M. Sanjines's *Rematerial* (CH, Sep'10, 48-0085). This book will be valuable for architecture, design, real

estate, and development libraries serving commercial, residential, business, and industrial markets throughout the world. Summing Up: Highly recommended. All levels. General Readers; Lower-division Undergraduates; Upper-division Undergraduates; Graduate Students; Researchers/Faculty; Two-year Technical Program Students; Professionals/Practitioners. Reviewed by P. And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she

discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide*

A rediscovered masterpiece: an unblinking view of the Holocaust through a child's eyes Told from the perspective of a child slowly awakening to the atrocities surrounding him, *Childhood* is a searing story of the Holocaust that no reader will soon forget. As five-year-old Jona waits with his mother and father to emigrate from Nazi-occupied Amsterdam to Palestine, they are awakened at night, put on a train, and eventually interred in the camps at Bergen-Belsen. There, what at first seems to be a merely dreary existence soon reveals itself to be one of the worst horrors humanity has ever created. A triumph of heartrending clarity and dispassionate amazement, *Childhood* stands tall alongside such monuments of Holocaust literature as *The Diary of Anne Frank*, *Elie Wiesel's Night*, and *Primo Levi's Survival in Auschwitz*.
