It is the early fifteenth century and as winter falls away the people of Albania know their fate is sealed. Their refusal to negotiate with the Ottoman Empire means war is now inevitable. Soon, dust kicked up by Turkish horses is spotted from a citadel. Tens of thousands of men begin to fill the plain below. The Siege tells the enthralling story of the weeks and months that follow—of the exhilaration and despair of the battlefield, the shifting strategies of war, and those whose lives are held in the balance. For those trapped inside the citadel, and for the Pasha, the artillerymen, astrologer, blind poet and his harem of women outside, the siege is inescapable and increasingly oppressive. From this dramatic setting Kadare has created one of his masterpieces, a profound novel that is as moving as it is compelling. It is an unforgettable account of the clash of two civilisations and a timeless depiction of individual pain, uncertainty and fear. Kadare is one of our most significant writers.

The Fall of the Stone City Canongate Books

Dr. Deepak Chopra presents an ailment-specific program that tailors the benefits of Ayurvedic medicine to the treatment of digestive disorders. By following Dr. Chopra's suggestions, readers can learn to overcome intestinal problems in a natural way that takes their specific needs into account.

Harmony

Hecht brings to bear the perspective of both historical concepts and contemporary physics. While the text covers the standard range of material from kinematics to quantum physics, Hecht has carefully limited the math required to basic calculus and very basic vector analysis. He omits obscure, high-level topics while focusing on helping students understand the fundamental concepts of modern-day physics. Calculus and vector analysis are both painstakingly developed as tools, and then used only insofar as they illuminate the physics. Hecht deliberately paces comfortably, justifies where each topic is going, stops to take stock of where the students have been, and points out the marvelous unity of the discourse. Informed by a 20th century perspective and a commitment to providing a conceptual overview of the discipline, Hecht's CALCULUS 2/e keeps students involved and focused.

PHYSICS

Bonnier Publishing Fiction Ltd.

Financial Trading and Investing, Second Edition, delivers the most current information on trading and market microstructure for undergraduate and master’s students. Without demanding a background in econometrics, it explores alternative markets and highlights recent regulatory developments, implementations, institutions and debates. New explanations of controversial trading tactics (and blunders), such as high-frequency trading, dark liquidity pools, fat fingers, insider trading, and flash orders emphasize links between the history of financial regulation and events in financial markets. New sections on valuation and hedging techniques, particularly with respect to fixed income and derivatives markets, accompany updated regulatory information. In addition, new case studies and additional exercises are included on a website that has been revised, expanded and updated.

Combining theory and application, the book provides the only up-to-date, practical beginner’s introduction to today’s investment tools and markets. Concentrates on trading, trading institutions, markets and the institutions that facilitate and regulate trading activities Introduces foundational topics

relating to trading and securities markets, including auctions, market microstructure, the roles of information and inventories, behavioral finance, market efficiency, risk, arbitrage, trading technology, trading regulation and ECNs Covers market and technology advances and innovations, such as execution algo trading, Designated Market Makers (DMMs), Supplemental Liquidity Providers (SLPs), and the Super Display Book system (SDBK) *Lover Be Mine* National Geographic Books As the wickedly seductive Wilde cousins seek true love by taking a page from history’s legendary love stories, Lord Jack Wilde plays a determined Romeo courting an enchanting Juliet. The last thing Sophie Fortin expects at a masquerade ball is a dazzling kiss from a pirate. Her desire quickly falters when she learns that her masked gentleman is devilishly scandalous Lord Jack, a member of the captivating Wilde clan—and a man she’s forbidden to acknowledge. But when Jack begins a breathtaking seduction, Sophie can barely resist. Jack never imagined that the daughter of his family’s mortal enemy would awaken such fierce passion within him—until one unforgettable kiss changes his mind forever. Soon, Jack is hell-bent on winning Sophie’s hand, going so far as to abduct her to save her from marrying a rival nobleman. Determined to woo Sophie and her unyielding parents, Jack is faced with the one decision he’d sworn never to make. The secret heir to a prince, Jack has spurned his royal heritage for years . . . but for Sophie he’ll risk all to turn a legacy of heartbreak into love ever after. Praise for Nicole Jordan and Lover Be Mine “[An] engagingly, well-plotted Regency that is worthy of the Bard and is the latest in Jordan’s ‘Wilde-ly’ entertaining Legendary Lovers series featuring the scandalous Wilde cousins.”—Library Journal “The hero and heroine in Jordan’s latest stylishly written romance have sexual chemistry to burn, making Lover Be Mine the perfect choice for readers who crave Regency-set historicals that sizzle with sensuality.”—Booklist “Nicole Jordan’s new fairy tale series will steal your heart.”—Cathy Maxwell

PERFECT DIGESTION

Brooks/Cole Publishing Company

Just when things seem to be going swimmingly, Lily Sanderson's human-hating cousin Dosinia is exiled from the mer kingdom of Thalassinia and sent to land, leaving Lily with the huge task of keeping her on the straight and narrow. But why was Dosinia exiled in the first place? And why, why, why is she batting her eyelashes at Brody, Lily's former crush? As if her bratty cousin weren't enough to handle, the reappearance of a merboy from Lily's past makes her question her decision to renounce her kingdom and stay on land with her boyfriend, Quince.

DESIGNING AND DRAFTING FOR HANDWEAVERS

The Fall of the Stone City

Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, The Fall of the Stone City shows Kadare at the height of his powers.

The Everest Story

"It is beautiful to look at, hard to reach, and terribly difficult to climb. Winds of 200 kilometres per hour or more scream across it day and night, while the temperature falls to -20°C or lower. Every year, some who try to climb the highest mountain in the world do not return. But for a century people have been coming to climb Everest - some alone, some in groups, but all with a dream of going to the highest place in the world. This is their story"--Back cover.
