Bringing together popular and academic cultures, Inna Semetsky presents Tarot as a system of transformative hermeneutics for adult self-education and cultural pedagogy. Her research is a decisive and intelligent step ahead from the reductive stereotype of Tarot as fortune-telling. The fifteen life stories at the heart of the book exemplify the author's commitment to alternative modes of education and counseling that transcend individual, cultural or language barriers. Assembling a rich array of sources, from Hermeticism to Jungian depth psychology, the philosophies of Noddings, Buber, and Deleuze, and the science of self-organization, this book opens a new path to personal and social revitalization. It should be widely read across disciplinary divides by scholars, students, and professionals alike.

This highly innovative work presents a piercing interpretation of the tarot in terms of Jungian psychology. Through analogies to the humanities, mythology, and the graphic arts, the significance of the cards is related to personal growth and what Jung termed "individuation." The Major Arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to one's personal life. "Sallie Nichols, in her profound investigation of the Tarot has performed an immense service. Her book enriches and helps us to understand the awesome responsibilities laid upon consciousness. She has done this not in an arid fashion but derived from her own experience of the Tarot and its strangely translucent lights. As a result her book not only lives but quickens life in whomever it touches." --Laurens van der Post Replaces ISBN 978-0-87728-515-1

The beloved literary iconoclast delivers a fresh twenty-first century primer on tarot that can be used with any deck. While tarot has gone mainstream with a diverse range of tarot decks widely available, there has been no equally mainstream guide to the tarot—one that can be applied to any deck—until now. Infused with beloved iconoclastic author Michelle Tea's unique insight, inviting pop sensibility, and wicked humor, *Modern Tarot* is a fascinating journey through the cards that teaches how to use this tradition to connect with our higher selves. Whether you're a committed seeker or a digital-age skeptic—or perhaps a little of both—Tea's essential guide opens the power of tarot to you. *Modern Tarot* doesn't require you to believe in the supernatural or narrowly focus on the tarot as a divination tool. Tea instead provides incisive descriptions of each of the 78 cards in the tarot system—each illustrated in the charmingly offbeat style of cartoonist Amanda Verwey—and introduces specially designed card-based rituals that can be used with any deck to guide you on a path toward radical growth and self-improvement. Tea reveals how tarot offers moments of deep, transformative connection—an affirming, spiritual experience that is gentle, individual, and aspirational. Grounded in Tea's twenty-five years of tarot wisdom and her abiding love of the cards, and featuring 78 black and white illustrations throughout, *Modern Tarot* is the ultimate introduction to the tradition of the tarot for millennial readers.

WTF is Tarot? Independently Published

Young Blood, Old Magic: A No-Nonsense Approach to the Ancient Art of Reading Tarot You do not need to learn the tarot because you already know it. It is from this radical jumping off point that *WTF Is Tarot* breaks down the ancient art of cartomancy. This fresh, accessible and sometimes cheeky guide sheds a holistic light on how to read tarot, from the foundation of magic itself to understanding those tricky court cards to offering readings to others. In *WTF Is Tarot*, author and tarot reader Bakara Wintner unpacks the magic of the Major and Minor Arcana with shamanic wisdom and girl boss wit, illuminating their meaning with thoughtful anecdotes and analogies that reveal how deeply rooted these symbols already are in our everyday lives: we can feel the Moon in a howling barefoot run through Prospect Park, accept the grace of Temperance in falling in love or a divine intervention, “ghost the haters” with the Six of Swords, or identify when it's time to let go of an ex with the Hanged Man. *WTF is Tarot* offers far more than a refreshingly candid tutorial on card reading. Bakara goes on to investigate the magic of crystal healing, chakras, meditation and other magical practices. This young witch offers not just a guide, but an invitation for even the most mundane Muggles to welcome magic into their lives, and for experienced wizards to rediscover it once again.

An Archetypal Journey Macmillan

This is a new exploration of the Tarot, which reveals the esoteric numerological links underlying this ancient system and connects the teaching of the Tarot to the initiatic journey of the Soul. If you are aspiring to connect with the mysteries of our life on this planet or you are already a disciple in some school of spiritual attainment, this is a book which will illuminate your way. As we explore beyond those physical emotional and mental aspects that we call the personality, we find another energy that is not so easy to define and which seems to move us at a deeper level; this is the Soul. When we are receptive to the Soul's mystery we can start to connect to the universal collective energy of

the Spirit. The different stages in the fusion of personality and Soul and the unknown, unseen alchemy of transmutation from matter to Spirit are illustrated by the twenty-two cards of the Major Arcana. The symbols are explained and the deeper esoteric meaning of each card is explored with the help of number. This provides practical steps that can be applied to the everyday lives of those who seek greater consciousness. Claudine Aegerter started Transcendental Meditation in 1970, then joined the National Federation of Spiritual Healers, where she realised her abilities to channel. She then started teaching and giving workshops in esoteric subjects. As a leader in her field, a counsellor and a healer, she founded the Connaissance School of Numerology in 1993, bringing unique insights into the initiation of consciousness to many around the world. Berenice Benjelloun has worked as a

professional artist, Homeopath, workshop leader and Numerologist. The inspiration and underlying energy behind all her occupations has always been the promotion of the expanding consciousness of mankind. She teaches at The Connaissance School of Numerology and is Vice chair of the Association Internationale de Numerologues.
