"The consultant's big book of organization development toolsof Organization Development Tools provides consultants with tools, interventions, and activities they can use to solve individual, team, and organizational performance problems. This book offers incredible value for the consultant looking to use structured interventions as a vital part of the consultation approach. Many of the tools consist of a simulation or other structured activity consultants can use with leaders in the client organization to address the soft issues in a nonthreatening way. And most include downloadable, customizable handouts that they can freely reproduce and use with clients."--Editor.
