 “The Prophecies of A  
 Father” is a remarkable  
 piece of literary work. The  
 writer, His Excellency  
 Ambassador Eddie M.  
 Turay is very sincere and  
 passionate in the  
 presentation of his facts.  
 The facts relate to the

culture, traditions,  
 customs and party politics  
 of his country. The  
 writer’s sincerity and  
 passion revolves around  
 the traditional beliefs and  
 faith of his benevolent  
 father in his ancestral  
 spirits, late Paramount  
 Chief Kande Turay of  
 Sanda Chiefdom. He  
 reveals that the late man  
 was an animist who  
 despite neither believed  
 nor practiced Christianity  
 and Islam, yet he gave  
 him the freedom and  
 support to become a  
 practicing Christian. His  
 father was not only liberal

towards the two mainstream religions (Christianity and Islam) but he was a great admirer of the Whiteman's education. That was why he gave him his blessings and support to pursue education for which he will ever remain grateful. Paramount Chieftaincy is one of the oldest and respectable political institutions in this part of the African Continent. The writer has thrown enlightening lights on the way it works in the Sanda Chieftdom, Northern Sierra

Leone. One more amazing revelation of the book is the prophecies of the writer's father. As the title of the book, it is befitting because all that his father prophesied have come to pass. His father did prophesise that the writer will dine and drink with Royalties, Prime Ministers and Presidents at home and abroad, which has come to pass. In terms of his country's national politics, he paints the picture of the political culture that existed at the time. It bordered on dysfunctional tendencies,

which was disturbing to him as an espouser of democracy and social justice. Thus, educated and trained in the ethics of social justice and fairness, the Ambassador was determined to challenge these vices. Ironically, it was his zealously to challenge them that made him steal the heart of late President Siaka P. Stevens. The President was impressed, so he convinced him to drop his legal practice and become a politician where he would have the opportunity to fully

inculcate and defend the values of fair play and social justice as espoused by democratic ethos, particularly at the grassroots levels of the nation's politics. The writer skilfully draws the contrasts between the "Old" and "New" APC, and above all, the successful leadership of President Ernest Bai Koroma (Leader of the APC). He registers his unwavering support for the "New" APC Party of which he is a profound member and her admirable leadership. This

book is an eye-catching read as well as educative for its sincerity, passion, fun, simple and quality language and buttressed by ideal concepts. HE Ambassador Eddie M. Turay's colleagues in the Diplomatic Service, Foreign Office as well as politicians and educational institutions at home and abroad will find this book a handy resource material on Sierra Leone politics. [George Washington](#) BoD – Books on Demand His Excellency (French: Son Excellence Eugene

Rougon) - From Zola's Rougon-Macquart Series. "Son Excellence Eugene Rougon is the one existing French novel which gives the reader a fair general idea of what occurred in political spheres at an important period of the Empire. It is a book for foreigners and particularly Englishmen to read with profit, for there are yet many among them who cherish the delusion that Napoleon III. was not only a good and true friend of England, but also a wise and beneficent ruler of France; and this, although

his reign began with bloodshed and trickery, was prolonged by means of innumerable subterfuges, and ended in woe, horror, and disgrace... There is, of course, some fiction in the book; but, again and again, page after page, I have found a simple record of fact, just deftly adapted to suit the requirements of the narrative. The history of the Second Empire is probably as familiar to me as it is to M. Zola himself; for, like him, I grew to manhood in its midst, with

better opportunities, too, than he had of observing certain of its distinguishing features - and thus I have been able to identify innumerable incidents and allusions, and trace to their very source some of the most curious passages in the book. And it is for this reason, and by virtue of my own knowledge and experience, that I claim for His Excellency the merit of reflecting things as they really were in the earlier years of the Imperial regime." (Ernest Alfred Vizetelly)"
