The Z4 is the latest in a long line of two-

seat RWD convertibles from BMW. Built in collaboration with Toyota, the current-generation Z4 is closely related to the Supra. Unlike its cousin, the Z4 is more of a cruiser than a tail-happy sports car. The latest Z4 swaps the last-gen model's power hardtop for a soft top that you can raise or lower in 10 seconds at speeds of up to 31 mph. Ditching the folding hardtop also added more trunk space. In addition to the standard turbo-four Z4, the six-cylinder M40i variant is available for drivers who want something faster. Haynes Manuals N. America, Incorporated

Lucky Traveler is about Leo McGregor, a twenty-year-old surfer dude living in Kitty Hawk, North Carolina. He and his Irish pal Jimmy Flynn were surfing and made a bet to see who could catch the

best wave that day. Leo won the bet, and the payoff was one Powerball Lottery ticket. Leo was the single winner of the \$156 million pot. After a couple of months of getting badgered by the locals for money and handouts, Leo decided he needed to get out of town, so she hatched a plan to hitchhike across America to Santa Monica, California, via Route 66. Even though most of the Mother Road was long gone, he planned to veer off the main roads as much as possible to catch some of the famous roadside attractions. Leo left Kitty Hawk and his girlfriend behind and began hitchhiking barefoot with only the clothes on his back and a customized backpack full of items he might need along the way. On his journey, he met numerous interesting people and saw a

lot of interesting sights. At each town and with each person who give him a ride, Leo experienced a unique adventure. Some of the things Leo experienced included getting kidnapped by a bungling thief at a 7-Eleven convenience store, accidentally burning down a Mexican restaurant, and being in a van that flipped over the guardrail into a ravine and the driver turned out to be a drug dealer. Leo documented his journey in a journal on his tablet. He hoped to someday write a book about his journey and give the profits to charity. He reached Santa Monica in thirty-nine days and had grown in so many ways. Once he reached the West Coast, Leo had a decision to make. Should he spend a few days at the beach then head back to Kitty Hawk, or

continue his soul-searching? His story continues in the sequel.

BMW Z-cars have carved a huge reputation for themselves in a very short

time. From the revolutionary and innovative Z1 of the late 1980s to the beautiful and exclusive Z8 of more recent times, via the hugely popular Z3 and its controversial replacement, the Z4, the family has made BMW's name in the increasingly competitive sports-car market. Motoring writer Mick Walker's complete history of the BMW Z-cars tells the whole fascinating tale of these special cars. Illustrated with many archive and specially-taken photographs, and full information about the cars, this is a book no BMW fan will want to be without.

A fresh start can sweep an unpleasant past away. Unless the past refuses to be forgotten... Secretly carrying a torch for the woman of his dreams, Garrett Thatcher believes he's done the right thing. His brothers are happily paired and his mother has returned home. He's been instrumental in smoothing the discord his family had endured. Now it's his turn to settle down to make a life for himself. Meredith Young has put her heart into her job as the local doctor in

Sagebrush. She's sacrificed her happiness long enough and now it's time to start thinking about a husband. And maybe some kids. Time moves slowly in Sagebrush, Texas, and even slower over at the Blessed Ridge Ranch. Too slow for Meredith to wait for what she really wants. Sensing that the moment is finally right, Garret pours his heart out to her. To his surprise, Meredith has chosen someone else over him. Normally stoic, he grapples with anger and betrayal as he faces the prospect of losing her. Garrett's reaction initially puts her on the defensive, and Meredith keeps looking for ways to justify her choice to move away with her new love. As it gets harder to ignore the signs that her destiny might lie back in Sagebrush, she struggles with how to go back in time...

or if that's even possible. After so much water has rushed under the bridge, can the two who are meant to be together make a new start?

At Dwell, we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect, to own furniture and products that are exceptionally well designed, and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

**BMW Z3 and Z4** Cengage Learning  
An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. It's financial performance is the envy of its competitors, and BMW products inspire near-fanatical loyalty. While many carmakers struggle with falling sales, profits and market share, demand for BMWs continues to grow, frequently outpacing production. Now, David Kiley-

Detroit Bureau Chief at USA Today and author of *Getting the Bugs Out*, which covered Volkswagen's demise and rebirth, goes inside the fabled German automaker to see how it does what it does so well. With unprecedented access to BMW executives, Kiley goes behind the walls of BMW's famed "Four Cylinders" headquarters in Munich at a time when the company is in its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the company's nearly disastrous acquisition and subsequent sale of the British Rover Group and its

expansion into selling MINI and Rolls Royce cars. Besides being a world-class carmaker, BMW is also considered one of the smartest consumer marketing companies and Kiley explores the extraordinary value and management of the BMW brand mystique. He also takes a revealing look at the mysterious and ultra-private Quandt family of Bad Homburg Germany, which owns a controlling stake in BMW: Johanna and Susanne Quandt, two of the wealthiest women in Europe and Stefan Quandt, one of the wealthiest bachelors on the continent. David Kiley (Ann Arbor, MI) is the Detroit Bureau Chief at USA Today who has covered the auto industry for 17 years. He has been featured on Nightline, CNBC, CNN, MSNBC, NPR and the Today show. He is also the author of

Getting the Bugs Out: The Rise, Fall, and Comeback of Volkswagen in America (0-471-26304-4), also available from Wiley.

Life is a gift. Most of us are incapable of receiving it as a gift because fear of failure, loss makes us hard, dry at heart. A dry heart appears to be narcissistic. In this book Evoline realized that she is a narcissistic human being and she missed out on the gift called life unknowingly. Her childhood hardship shaped her to be a control freak so she can survive. But this survival mechanism became her attitude. It is sad that it was too late when she realized she needed to correct her mindset. Evoline's young husband

Henry, on the other hand, ended up being a better human being through the discomforting companionship with Evoline. All characters here are very thirsty to recognize what works for life. Henry's son Cooper is an amazing young man who guides his dad. His girlfriend is a beautiful sweet young lady who understands Cooper perfectly fine. In this book, not only emotional inadequacy is described but also a phenomenal social injustice is introduced. Characters came across this injustice and got engaged to resolve it. Henry finally found his life's mission and he is happier than ever.

*The BMW Century* Sweet River Publishing BMW, that most performance-oriented of car companies, had no affordable sports roadster in its line-up before 1995. Stung into action by Mazda's revival of the classic two-seater roadster, the Germany company quickly staked its claim with the Z3, a classic long-nose, short-tail design that used existing BMW mechanical hardware to good effect. This new book tells the story of BMW's Z3 and Z4 two-seater roadsters and coupes, which since 1995 have been at the forefront of the affordable sports car market. The history of the Z3 and both generations of Z4 are covered as well as full specifications of all models; the formidable M Power derivatives and a

guide to buying and owning. The book is profusely illustrated with over 200 colour photographs and diagrams. Contents include: Historical background to BMW's arrival in the two-seater sports car market; Complete history of the Z3 and both generations of Z4; Full specifications of all models; The formidable M Power derivatives; Guide to buying and owning.
