Revision of the Liturgy: Five Discourses; I. Absolution. II. Regeneration. III. Athanasian Creed. IV. Burial Service. V. Holy

Orders. With an Introduction
Cambridge University Press
Book 3 of the Odes completes the lyric trilogy which Horace, who rivals Virgil as the greatest of all Latin poets, published in 23 BC. Arguably his most famous book, it opens with the six so-called 'Roman Odes', those defining texts of the Augustan Age, and concludes with the statement of his achievement: he has produced for his Roman readers a body of lyric poetry to rival the great lyric poets of Greece, a monument which will last as long as Rome itself. The present volume aims to place Horace's Odes in their literary and historical context, to explain his Latin, to articulate his thought, and to attempt to elucidate his brilliance. It presents a new text and adopts an approach independent of that of earlier commentators.

Macmillan's Progressive French Course. I, III.

History of Oxford University P

One of the most diverse books in the Iliad, Book III moves between intimate scenes in the heart of Troy and scenes serious and comic on the battlefield. It describes a major ritual in an elaborate oath-swearing, assigns a major role to divine intervention, introduces and characterises the main Trojan actors and reveals more about their Greek counterparts. The commentary discusses the styles of Homeric narrative, illustrating especially its economy and sophisticated handling of different time-

scales. It situates the Iliad in its broad cultural and historical contexts, through consideration of the relationships between Greece and the Anatolian, Mesopotamian and ancient Indian cultures, particularly regarding shared story-patterns and ritual activity. An account is given of Troy's relationships with the Hittite empire and the vexed question of the historicity of the Trojan War. Also provided is a full historical account of Homeric language. The edition will be indispensable for students and instructors.
