As a result of the growing worldwide prayer movement, powerful changes have taken place in the Church and in scattered cities transformations beyond anything imaginable only a few years ago. Of the revelations to come out of this movement, perhaps the most dramatic and promising is the rediscovery of biblical principles for changing the spiritual climate over entire cities and regions. Fulfillment of the Great Commission is no longer a distant hope but rather is a fast-approaching reality for a Church that will take hold of and utilize the biblical principles for changing cities as described in \"That All Should Hear.\" In it Ed Silvano shares his heart and his passion for reaching cities the way the Early Church did it: the whole Church modeling the whole gospel to the whole city thorough prayer and prayerful evangelism.

Every Business Is God's Business The notion that labor for profit and worship of God are now, and always have been, worlds apart, is patently false. The Early Church founders were mostly community leaders and highly successful businesspeople. The writing of the Gospels was entrusted to Luke, a medical doctor; Matthew, a retired tax collector; Mark, the manager of a family trust; and John, a food supplier. Lydia was \"a dealer in purple cloth.\" Dorcas was a clothes designer. In this expanded version of the bestselling Anointed for Business, Ed Silvano focuses on the heart of our cities, which is the marketplace. Yet the perceived wall between commercial pursuit and service to God continues to be a barrier to advancing His kingdom. Silvano shows Christians how to knock down that wall--and participate in an unparalleled marketplace transformation. Only then can we see God's kingdom invade every corner of our world. Readers will appreciate Silvano's

passionate call to men and women in the workplace to rise to their God-appointed positions. The included study guide will enable the reader to put these revolutionary concepts into action.

SOPHIE'S WORLD

Routledge

Small Is the New Big In this humorous, insistent book, Pastor Ed Gungor demonstrates that the world is changed most by ordinary people—the \"small dogs\" of the human race. Small dogs may not run the world, but neither can the world tune them out. If it weren't for small dogs, the world might be a quieter place, but it would certainly be a needier one. With chapters like \"Dare to Be Small,\" \"Fight the Big-Dog Lie,\" and \"The Bark of Faith,\" Gungor challenges the notion that earthly prominence, status, and power are essential to significance. Reminding us that small is the new big, he inspires us to fall in love with life—the everyday, normal kind—and shows us how to make an eternal difference. Living a Life That's Hard to Ignore The thing about small, barking dogs is that they can't be ignored. They may not be show-dog material or win outstanding awards, but through their persistence and insistence they make themselves known. Only a handful of people ever achieve notoriety and \"greatness,\" but the energizing truth of One Small Barking Dog is that every single one of us can change the world. New York Times bestselling author Ed Gungor debunks the big-dog lie and clearly teaches \"ordinary\" people how to live out their faith in a way that not only changes the world we live in now but that affects lives for eternity. By the time you finish this book, you won't be worried about being small. You'll be ready to take on the world. You'll know

how to live a life that can't be ignored. Whether you've just graduated from school or you've been at this life for many years, Ed Gungor's concrete principles and simple life wisdom will show you new ways to make a big impact on your world.

 Dennis Peacocke presents twelve principles of management, growth, and productivity that can bring lasting change into the lives and cultures of all who apply them. This book is divided into two sections. The first deals with the theological issues affecting the individual believer and his or her role in the marketplace. The second takes those same issues and principles into the political and economic world in which we live. Dennis wants to reverse our current slide into chaos and economic bondage by encouraging the practice of God's truths in the marketplace and by electing leaders who will do so in our public institutions. Whoever produces both capital and human justice will lead the twenty-first century. This book builds a biblical foundation that for the establishment of a compassionate, kingdom-based free-enterprise economic system.

That None Should Perish Chosen Books

Who is Jesus Christ? You've never met him in person, and you don't know anyone who has. But there is a way to know who he is. How? Jesus Christ—the divine Person revealed in the Bible—has a unique excellence and a spiritual beauty that speaks directly to our souls and says, "Yes, this is truth." It's like seeing the sun and knowing that it is light, or tasting honey and knowing that it is sweet. The depth and complexity of Jesus shatter our simple mental frameworks. He baffled proud scribes with his wisdom but was understood and loved by children. He calmed a raging storm with a word but would not get himself down from the cross. Look at the Jesus of the Bible. Keep your eyes open, and fill them with the portrait of Jesus in God's Word. Jesus said, "If anyone's will is to do God's will, he will know whether the teaching is from God or whether I am speaking on my own authority." Ask God for the grace to do his will, and you will see the truth of his Son. John Piper has written this book in the hope that all will see Jesus for who he really is and will come to enjoy him above all else.

Atlas of the Heart Rowman & Littlefield

This is the story of how and why such powerhouse Wall Street law firms as Cravath, Swaine & Moore, Davis Polk & Wardwell, and Sullivan & Cromwell, grew from nineteenth-century entrepreneurial origins into icons of institutional law practice; how, as white-shoe bastions with the social standards of an exclusive gentlemen's club, they promoted the values of an east coast elite; and how they adapted to a radically changed legal world, surviving snobbish insularity and ferocious competition to remain at the pinnacle of a transformed profession. It is no accident these firms are found in New York, the largest city in the world's largest economy and also the nation's largest port, principal banking center, and epicenter of industry. At the dawn of the twentieth century, linked by canals, railroads, telegraph and telephone lines, transatlantic steamships and undersea cables, New York became the economic nerve center of the United States. It also wielded formidable political power and supplied every President or Vice President of the United States between the Civil War and the Great War.

A Study of How God Manages His Resources So We Can Manage Ours New Grid Books

A groundbreaking new history of the United States, showing how Christian faith and the pursuit of petroleum fueled America's rise to global power and shaped today's political clashes. Anointed with Oil places religion and oil at the center of American history. As prize-winning historian Darren Dochuk reveals, from the earliest discovery of oil in America during the Civil War, citizens saw oil as the nation's special blessing and its peculiar burden, the source of its prophetic mission in the world. Over the century that followed and down to the present day, the oil industry's leaders and its ordinary workers together fundamentally transformed American religion, business, and politics - boosting America's ascent as the preeminent global power, giving shape to modern evangelical Christianity, fueling the rise of the Republican Right, and setting the terms for today's political and environmental debates. Ranging from the Civil War to the present, from West Texas to Saudi Arabia to the Alberta Tar Sands, and from oil-patch boomtowns to the White House, this is a sweeping, magisterial book that transforms how we understand our nation's history.
