Paul Krassner's style of personal journalism constantly blurs the line between observer and participant. Nowhere is this more apparent than this collection of essays and interviews culled from his columns at AVN Online. Whether being interviewed by Susie Bright, or imagining a conversation between Pee-Wee Herman and Pete Townshend about their busts by overzealous cops, or reminiscing about his friend Lenny Bruce, Krassner shines his

keen satirical mind on the so-called taboos of today's society and breaks them down to show the hypocrisy of the world's "culture warriors." With a biting wit and tongue firmly planted in cheek, Mr. Krassner reveals the absurdity of our oppressive social mores in this stark, funny, and ultimately thought-provoking collection.

A mesmerizing ethnography of the largest favela in Rio, where residents articulate their own politics of freedom against the backdrop of multiple forms of oppression. Normative liberalism has promoted the freedom of privileged subjects, those entitled to rights—usually white, adult, heteronormative, and bourgeois—at the expense of marginalized groups, such as Black people,

children, LGBTQ people, and slum dwellers. In this visceral ethnography of Rocinha, the largest favela in Rio de Janeiro, Brazil, Moisés Lino e Silva explores what happens when liberalism is challenged by people whose lives are impaired by normative understandings of liberty. He calls such marginalized visions of freedom "minoritarian liberalism," a concept that stands in for overlapping, alternative modes of freedom—be they queer, favela, or peasant. Lino e Silva introduces readers to a broad collective of favela residents, most intimately accompanying Natasha Kellem, a charismatic self-declared travesti (a term used in Latin America to indicate a specific form of female gender construction opposite to the sex assigned at birth). While many of

those the author meets consider themselves “queer,” others are treated as “abnormal” simply because they live in favelas. Through these interconnected experiences, Lino e Silva not only pushes at the boundaries of anthropological inquiry, but also offers ethnographic evidence of non-normative routes to freedom for those seeking liberties against the backdrop of capitalist exploitation, transphobia, racism, and other patterns of domination.

A novel of myth, magic, and migration set in a mid-twentieth-century New Mexico barrio, by the award-winning author of *Bless Me, Ultima*. Today is the day Benjie Chávez and his family will leave the town of Guadalupe behind. Far from the land of the eagle and the nopal, they travel west to find a new home of opportunity. But adapting to the big, impersonal city of

Albuquerque is no easy task. As both life and death come to the barrio, a blind seer named Crispin arrives in the Chávezes' world. At first everyone dismisses his stories about an elusive place called Aztlán as the ramblings of an old man. But gradually, they come to realize that he can see what they cannot. With his potent blend of earthy prose and magic realism, bestselling author Rudolfo Anaya excavates his country's legends to tell a spellbinding story of myth and migration, love and loss. *Heart of Aztlán* is a hopeful and heartbreaking novel about people in search of the shimmering mirage of a better life—and the land that keeps calling them back.

Set in the year 2120, this book is a speculative glimpse of what our world may look like in one hundred years. The technological advancements happening all around us are astounding and will

continue to accelerate. There is no doubt that future generations will have powers at their fingertips far above what we can achieve now and what appears to be impossible to us will be commonplace for them. *RAPACITY 2120* explores some of those technical possibilities in a fictitious light and also explores what might happen when a small group of individuals acquire too much of that power for themselves. The international cast of *RAPACITY 2120* are the richest people in history. None of the main characters have a personal net worth of less than a trillion. But in a world of such extraordinary wealth and power disasters still happen. A cataclysmic event occurs to change the face of planet Earth altering the lives of everyone and ending many of others. The fifth richest man in human history loses his ladylove and brother in the chaos preceding this disaster and our instinctive yearning for erotic release and desire for wealth drive him over the edge. It gets to him, leading him down a dark path into the unknown. This story has well over 172,000 words. It describes in EXPLICIT DETAIL twenty one erotic scenes, most of which are intertwined with the story's plot and main characters. So kick back, get a sip of your favorite beverage and let your mind wander into one possibility of what our future may look like, enjoy!

Boobs. Tits. Hooters. Knockers. Jugs. Breasts. We celebrate them; we revile them. They nourish us; they kill us. And regardless of what we call them, breasts have fascinated us since prehistoric times. This A-to-Z encyclopedia explores the historical magnitude and cultural significance of the breast over time and around the world. A team of international scholars from various disciplines provides key insights and information about the breast in art, history, fashion, social movements, medicine, sexuality, and more. Entries discuss depictions of breasts on ancient figurines, in Renaissance paintings, and in present-day advertisements. They examine how fashion has emphasized or de-emphasized the breast at various times. They tackle medical issues—such as breast augmentation and breast cancer—and controversies over breastfeeding. The breast as sexual object and even a site of smuggling are also covered. As a whole, the Cultural Encyclopedia of the Breast takes an engaging and accessible look at this notable body part.

Counterculture legend Paul Krassner gazes on the fires of pop culture, politics and celebrity and returns unscathed to help us make sense of our senseless world, with an introduction by Lewis Black (The Daily Show) and a foreword by Harry Shearer (The Simpsons, Le Show). From cults to pornography, from Charles Manson to Homer Simpson, from the war on drugs to the invasion of Iraq, from Dolly Parton to Lenny Bruce, from circumcision to propaganda, this collection epitomizes Krassner's credo, "Irreverence is our only sacred cow."

A Southern coming-of-age. . . Ford's Shreveport is an unforgiving place—swampy, seductive and judgmental—that's reflected in her blunt but intoxicating prose. —Publishers Weekly Eleven-year-old Blaze James and her twin sister, Aerial, know two things beyond a doubt. They're two of the prettiest girls in Shreveport, Louisiana, and they'll always be there for each other. Then one night, a gas explosion leaves their father dead and Aerial severely burned, changing their lives forever. While Aerial goes with their mother to Baton Rouge for treatment, Blaze stays behind with a neighbor. Free-spirited and unconventional, Felicity Hardaway opens Blaze's eyes to a whole new world, inspiring her to explore her own budding desires. . . and the answers she finds will bring passion, betrayal, and a love beyond expectations. "A southern-set, fast-moving coming-of-age tale with the immediacy of informal storytelling and intimate conversation somewhat like Alice Walker's *The Color Purple*. . . A riveting tale of aching love, deceit, and shifting points on the continuum of human sexuality."

—Booklist "A startling, provocative novel. . . A story that is as unexpected as it is entertaining." —APOOO BookClub "A witty and talented author with a knack for creating unforgettable characters." —Zane "Ford creates unpretentious, gritty masterpieces." —Upscale

One Hand Jerking Red Wheel Weiser

Phuong can wake up in the morning, declare herself hungry, and walk one hundred meters to a freshly cooked bowl of soup or a mini-baguette filled with meat pate and vegetables. Pho and banh miwe have a choice at least between those two in the space of a two-minute stroll on the street. Phuong will then come home and devour half a kilo of lychees while I eat the leftovers from the night before because she will not touch them. Its funny that she eats my cooking, because maybe she has toshe is the only

Vietnamese woman I ever met who could not and did not want to cook. Then its off to town for a com tom for her and a pork baguette roll for me. Then we hit the market. Tonight it will be pork stir-fry with rice, of course. We stock up on fruit as well, and today she insists on buying one of those deadly, spiky, stinky-shoe-shock smelly fruit: a jackfruit or durian. I am not sure which. This is the less smelly one, and I actually enjoy eating it with her. Its a lesson to Western women to watch these women eat so much food and still remain slim. Then she gathers the seed pods, boils them up, and peels them for me, and I am surprised at how much they taste like chestnuts.

Larry Brown's idiosyncratic and powerful Southern novels have earned him widespread critical acclaim. Now, in an ambitious narrative structure reminiscent of Robert Altman's classic film *Nashville*, this "true original" (Chicago Tribune) weaves together the stories of a sprawling cast of eccentric and lovable characters, each embarked on a quest for meaning, fulfillment, and love -- with poignant and uproarious results. Set in Memphis and north Mississippi, *The Rabbit Factory* follows the colliding lives of, among others, Arthur, an older, socially ill-at-ease man of considerable wealth married to the much younger Helen, whose desperate need for satisfaction sweeps her into the arms of other men; Eric, who has run away from home thinking his father doesn't want him and becomes Arthur's unlikely surrogate son; Domino, an ex-con now involved in the drug trade, who runs afoul of a twisted cop; and Anjalee, a big-hearted prostitute with her own set of troubles, who crashes into the lives of the others like a one-woman hurricane. Teeming with pitch-perfect creations that include quirky gangsters, colorful locals, seemingly straitlaced professors, and fast-and-loose police officers, Brown tells a spellbinding and often hilarious story about the botched choices and missed chances that separate people -- and the tenuous threads of love and coincidence that connect them. With all the subtlety and surprise of life itself, the story turns on a dime from comical to violent to moving. Masterful, profound, and full of spirit, *The Rabbit Factory* is literary entertainment of the highest order.
