Ao dar início a mais este trabalho de estudo e pesquisa, acerca dos relatos de milagres e de livramentos, que sempre nos causa muito espanto, polêmica e admiração entre as pessoas do mundo todo, fatos que ocorreram na vida de milhares de pessoas mudando completamente suas rotinas, suas maneiras de agirem e de pensarem as coisas terrenas e celestiais, logo observei que não seria uma tarefa assim tão fácil, devido à complexidade e ao mesmo tempo com a riqueza dos assuntos abordados, que de um modo ou de outro mexe com todos nós, pois não sabemos ao certo ou não temos as respostas já prontas para serem dadas, pois sempre quando há novas descobertas, novos pensamentos acerca de um assunto, sempre surgem enormes questionamentos, “os porquês das coisas”, as pessoas sempre irão se questionar em busca de uma resposta e isso é muito bom, pois nos faz pensar melhor as coisas de Deus, nos renova por inteiro, sempre nos lembrando que milagres e livramentos estão ligados diretamente com a nossa fé e nossa esperança, ou seja, sem fé e sem esperança não há milagres e nem livramentos.

Handbook of Classical Mythology Multnomah

THE NEW TESTAMENT was written in Koine Greek during the first century AD. From the time of its original revelation, handwritten copies continually were prepared in order to maintain and preserve that original text into the modern era. All copies made prior to the invention of movable-type printing were made by hand, resulting in various scribal alterations, most of these being of a minor nature. Although the autographs no longer exist and no two manuscript copies are completely identical, sufficient evidence exists by which one can produce an accurate representation of the original text by comparing and evaluating the overall manuscript consensus. Robinson and Pierpont have taken the utmost care in preparing that text for this edition. Various other methods for restoration of the original NT text have fallen short of their goal, in part due to methodological subjectivity, and in part to a presuppositional bias against the claims of the Byzantine Textform. The texts created under such a bias tend to be based on only a handful of favored manuscripts, and fail to consider all transmissional factors in the preservation of the original text. As a result, the modern eclectic texts tend to preserve more of a caricature than the essence of the originals. In contrast, Robinson and Pierpont have applied many of the same methods of textual criticism to their task, but without the anti-Byzantine bias. Their method of "reasoned transmissionalism" is based on the wider scope of manuscript transmission throughout history. The preface of this edition explains the basic method by which the present editors have arrived at their basic text. The appendix contains Robinson's essay, "The Case for Byzantine Priority," which presents a rationale for and defense of the theory and methodology that has been applied in the preparation of this edition.

This new edition of Carl Ruck’s text keeps its experimental approach and felicitous style, while including substantial changes that make the material easier to teach and learn. The book has been consolidated into a more concise and direct format so that the material can be covered in less time, and the somewhat intimidating aural-oral emphasis that characterized the first edition has been reduced. These improvements, together with the accessibility inherent in the structural approach to grammar, make Ancient Greek: A New Approach useful not only as an innovative text in the text in

the classroom but for general self-instruction as well.

Providing students of biblical languages with a grammatically literal, word-for-word translation of the Hebrew Old Testament, the 'NIV Interlinear Hebrew-English Old Testament' is a comprehensive four-volume reference work. The English text is the New International Version, complete with special indentation and paragraphing, section headings, and footnotes. The entire preface to this version is included. With the Hebrew text being the 'Biblia Hebraica Stuttgartensia', commonly known as the Stuttgart Bible, the latest critical text is used. All the necessary variant readings (Kethib-Qere) and major textual conjectures are included in the footnotes. The interlinear translation is based on the vocabulary of the New International Version so that the Bible student may use the 'Interlinear' to identify the Hebrew word or phrase underlying any portion of the English text and thus gather helpful information for word studies or interaction with linguistically based commentaries. For formal students of Hebrew, whether they are beginning or reviving their studies, the 'Interlinear' provides a word-for-word translation, which is extremely beneficial if a student wants to read large

portions of the Hebrew Old Testament without constant reference to lexicons and grammars. Even more important, the 'Interlinear' provides a grammatically literal translation, a feature not found in any previous interlinear translations of the Hebrew text. In this respect, it greatly aids in the first step of exegesis - the identification of nominal and verbal inflections. Other features include a unique format that allows the student to read in the proper English direction of left to right for an English phrase that translates an individual Hebrew word. This overcomes the constant difficulty of reading backwards, a problem in most previous Hebrew interlinears. A further complication found in most interlinears is determining where the translation for one word ends and the next begins. To eliminate this confusion, all English words used to translate any one Hebrew word are connected with hyphens. Volume 1, covering Genesis-Deuteronomy, includes full explanations of the format, translation theories and techniques, and textual criticism employed throughout the Old Testament volumes. There is also a special introduction for the general reader on how to use an interlinear for word studies and learning Hebrew. Volume 2 includes Joshua-2 Kings; Volume 3, 1 Chronicles-Song of Songs; and Volume 4, Isaiah-Malachi. The 'NIV Interlinear Hebrew-English Old Testament' is the ideal work for beginning and intermediate students of Hebrew as well as for those ministers and teachers who wish to revitalize their language training..

A filosofia cristã criou outro deus e levou multidões a idolatria. Falar de Baal, Tamuz, Zeus, Júpiter ou qualquer outro deus fica fácil acusar de idolatria, mas quando se fala “Deus gerado de Deus” propõem-se uma idolatria aceitável e difícil de combater.

Esta investigação apresenta uma análise dos sentidos da concepção de justiça em Aristóteles, sobretudo a partir do Livro V da "Ética Nicomachea" e do Livro III da "Política". O texto procura identificar as características centrais da teoria da justiça de Aristóteles, refletindo sobre seu aspecto prático, ético, político e complementar. Assim, tem-se como enfoque inicial a teoria das virtudes de Aristóteles, com destaque para os conceitos de eudaimonia, mesotês, proairesis e phronêsis. A dificuldade seguinte é ver em que medida a virtude da justiça guarda relação com o modelo das virtudes de forma geral. Assim, a interpretação irá na direção de compreender a teoria aristotélica de justiça como um modelo ético complementar, uma vez que o critério do justo será entendido tanto como uma virtude moral quanto será identificado com princípios matemáticos de igualdade, que são universais.

A palavra propiciação, é muitas vezes desconhecida no vocabulário da maioria das pessoas, no entanto, normalmente esta palavra não o é para os cristãos. A doutrina da propiciação nos ensina que a morte de Cristo na cruz, foi um ato de substituição aos nossos pecados, pois com a sua morte, satisfaria a exigência de Deus da qual todos os seres humanos são culpados. Fomos reconciliados com Deus através de Cristo, somos embaixadores em seu nome, no entanto, isto quer dizer que houve uma mudança de nossa posição em relação a Deus.

The Carandiru House of Detention, in the teeming city of São Paulo, was the largest and most crowded prison in Latin America. Known as the 'Old House', it was also highly unusual in the way it was governed. Closed to the outside world, and even largely to the wardens, it was run almost entirely by the inmates themselves, who created a unique society complete with politics, hierarchies and a system of justice. In 1989, at the height of the AIDS epidemic in Brazil, with only a handful of physicians attempting to treat an inmate population of over 7,000, the medical situation at Carandiru was dire. A city doctor, Drauzio Varella, volunteered his time at Carandiru over the course of thirteen years, in an effort to combat the rampant disease. As he gained the inmates' trust he was given access to their society, where he was overwhelmed by the profound humanity and freedom of spirit shown by these men, despite their terrible crimes and the inhuman conditions in which they lived. Lockdown is Varella's powerful depiction of life on the inside, wherein he recounts the prisoners' colourful and surprising stories. The book ends with the massacre by the police of the prisoners that ultimately brought down the 'Old House'.

Esta pesquisa foi construída com base em um paralelo entre a produção das epístolas de Sêneca e de Paulo, durante o primeiro século de nossa era. E, na forma de condução da trajetória do gênero epistolar, o discurso constituinte é o elemento determinante: Sêneca se direciona pelos caminhos do discurso filosófico, enquanto Paulo respalda seu texto no discurso religioso. Como ponto de partida, o leitor terá o apoio de Foucault em suas investigações sobre a escrita de si enquanto ingrediente da receita do cuidado de si, na Antiguidade. Naquele momento histórico, a epistolografia exerce um papel fundamental, funcionando não somente como meio de comunicação entre remetente e destinatário, mas como forma de exposição da subjetividade que se revela pela aquisição dos discursos verdadeiros. Esses discursos manifestam-se no modo de agir do indivíduo, determinando a posição discursiva ocupada pelo ethos na enunciação. Já os pressupostos da Análise do Discurso, de base enunciativa, na abordagem de Maingueneau e outros pesquisadores, fornecem suporte teórico para as análises. Afinal, na cena genérica da enunciação ocorre a construção do gênero do discurso, e este requer uma cenografia discursiva que o direcione no ato enunciativo, revelando o ethos do enunciador, responsável pelo discurso. A epístola como gênero, na escrita de Sêneca e Paulo, fornece espaço para que cada um desenvolva suas argumentações, segundo os fundamentos básicos da retórica antiga. Pelos discursos constituintes, filosófico e religioso, esses autores recorrem a determinados tópoi, lugares-comuns, e argumentos retóricos que são desenvolvidos na construção de suas epístolas. Nas fronteiras dos discursos filosófico, literário e religioso, encontram-se as influências da cultura helenística, que contribuem para aproximação desses discursos constituintes, exercendo um efeito de entrecruzamento e causando o fenômeno do interdiscurso.

The translation of law has played an integral part in the interaction among nations in history and is playing a greater role in our increasingly interconnected world today. The book investigates legal translation in its many facets as an intellectual pursuit and a profession. It examines legal translation from an interdisciplinary perspective, covering theoretical and practical grounds and linguistic as well as legal issues. It analyses legal translation competence and various types of legal texts including contracts, statutes and multilateral legal instruments, presents a comparative analysis of the Common Law and the Civil Law and examines the case law from Canada, Hong Kong and the European Court of Justice. It attempts to demonstrate that translating law is a complex act that can enrich law, culture and human experience as a whole.
