 Perfect for fans of suspenseful nonfiction such as books by Steve Sheinkin, this is a page-turning narrative about Dietrich Bonhoeffer, a pastor and pacifist who became an unlikely hero during World War II and took part in a plot to kill Hitler. Written by two-time National Book Award finalist Patricia McCormick, author of *Sold* and *Never Fall Down* and coauthor of the young reader's edition of *I Am Malala*. It was April 5, 1943, and the Gestapo would arrive any minute. Dietrich Bonhoeffer had been expecting this day for a long time. He had put his papers in order—and left a few notes specifically for Hitler's men to see. Two SS agents climbed the stairs and told the boyish-looking Bonhoeffer to come with them. He calmly said good-bye to his parents, put his Bible under his arm, and left. Upstairs there was proof, in his own handwriting, that this quiet young minister was part of a conspiracy to kill Adolf Hitler. This compelling, brilliantly researched account includes the remarkable discovery that Bonhoeffer was one of the first people to provide

evidence to the Allies that Jews were being deported to death camps. It takes readers from his privileged early childhood to the studies and travel that would introduce him to peace activists around the world—eventually putting this gentle, scholarly pacifist on a deadly course to assassinate one of the most ruthless dictators in history. *The Plot to Kill Hitler* provides fascinating insights into what makes someone stand up for what's right when no one else is standing with you. It is a question that every generation must answer again and again. With black-and-white photographs, fascinating sidebars, and thoroughly researched details, this book should be essential reading.

 A significant book about one girl's struggle with suicide. Daelyn is fifteen years old, and in her mind she is a failure. She tried slitting her wrists, and she was rescued. She tried swallowing chemicals, and after burning through her esophagus enough to lose the ability to speak, she was rescued. But this time will be different. As readers see Daelyn's touching friendship with a quirky seventeen year-old boy develop and her newfound willingness to share all of the pain she has held inside of her, they may just see a glimmer of hope. Will Daelyn see it though? Raw and heartfelt, this is an inside look into the mind of a teen who has lost the will to fight and the parents that will do anything they can to help her survive. Still, there are some things that even loving parents can't protect you from--yourself. Please note that due to the sensitive nature of the material in this book, we will be providing back matter from key experts. We hope that this book will help to open a dialogue about this increasingly prevalent issue.

Fans of *Thirteen Reasons Why*, *Running with Scissors* and *Girl, Interrupted* will be entranced by this remarkable true story of teenage despair and recovery. In 1991, fourteen-year-old Brent Runyon came home from school, doused his bathrobe in gasoline, put it on, and lit a match. He suffered third-degree burns over 85% of his body and spent the next year recovering in hospitals and rehab facilities. During that year of physical recovery, Runyon began to question what he'd done, undertaking the complicated journey from near-death back to high school, and from suicide back to the emotional mainstream of life.

This National Book Award nominee from two-time finalist Patricia McCormick is the unforgettable story of Arn Chorn-Pond, who defied the odds to survive the Cambodian genocide of 1975-1979 and the labor camps of the Khmer Rouge. Based on the true story of Cambodian advocate Arn Chorn-Pond, and authentically told from his point of view as a young boy, this is an achingly raw and powerful historical novel about a

child of war who becomes a man of peace. It includes an author's note and acknowledgments from Arn Chorn-Pond himself. When soldiers arrive in his hometown, Arn is just a normal little boy. But after the soldiers march the entire population into the countryside, his life is changed forever. Arn is separated from his family and assigned to a labor camp: working in the rice paddies under a blazing sun, he sees the other children dying before his eyes. One day, the soldiers ask if any of the kids can play an instrument. Arn's never played a note in his life, but he volunteers. This decision will save his life, but it will pull him into the very center of what we know today as the Killing Fields. And just as the country is about to be liberated, Arn is handed a gun and forced to become a soldier. Supports the Common Core State Standards.

**Malala** Simon and Schuster  
A gorgeous and heartrending novel about love, family, and faith, perfect for fans of Laura Ruby, John Corey Whaley, and Jandy Nelson. Marlena Oliveira has—mysteriously,

miraculously—been given the power to heal all kinds of ailments. People around the world believe she is a saint. But it all comes at a price. Because of her power, she'll never be able to live a normal life. And the older she gets, the more trapped she feels. Then she meets Finn, a boy who makes her want to fall in love. For the first time, she begins to doubt her power—and herself. Is her gift worth all she must give up to keep it? And who would—or could—she be without it? "I couldn't put it down—The Healer is a tonic."—Gregory Maguire, *New York Times* bestselling author of *Wicked* and *Hiddensee*

**34 Pieces of You** HarperCollins  
'A modern philosopher who has never once suspected himself of being a charlatan,' writes Leszek Kolakowski at the start of this endlessly stimulating book, 'must be such a shallow mind that his work is probably not worth reading.' For over a century, philosophers have argued that philosophy is impossible or useless, or both. Although the basic agenda dates back to the days of Socrates, there is still disagreement about the nature of truth,

reality, knowledge, good and God. This may make little practical difference to our lives, but it leaves us with a feeling of radical uncertainty described by Kolakowski as 'metaphysical horror'. Is there any way out of this cul-de-sac? This trenchant analysis confronts these dilemmas head on. Philosophy may not provide definitive answers to the fundamental questions, yet the quest itself transforms our lives. It may undermine most of our certainties, yet it still leaves room for our spiritual yearnings and religious beliefs. Kolakowski has forged a dazzling demonstration of philosophy in action. It is up to readers to take up the challenge of his arguments.

**Fallout** Scholastic Inc. Bullied at school and ignored at home, Travis has a secret: cutting himself with a razor blade is the only thing that lets him control the pain in his life and find some peace. When he becomes friends with Chyvonne, a new girl at school, he doesn't know how to get close to her without revealing his secret and making himself even more vulnerable. Spending time with Chyvonne spurs Travis to try to discover why his

mother can't seem to face his very existence. It's only when he learns about the art form of paper cutting that he realizes there might be other ways to make himself feel adrenalin-fueled and in control. Although self-harm through cutting is a problem usually associated with teenage girls, many young men are involved in different sorts of self-injury. This story explores a teenager's motivations for cutting and the options for overcoming the need to self-injure.

*The Bitter Side of Sweet* Simon and Schuster Written in free verse, explores how three teenagers try to cope with the consequences of their mother's addiction to crystal meth and its effects on their lives. *Girl in Pieces* Open Road Media

When Private Matt Duffy wakes up in an army hospital in Iraq, he's honored with a Purple Heart. But he doesn't feel like a hero. There's a memory that haunts him: an image of a young Iraqi boy as a bullet hits his chest. Matt can't shake the feeling that he was somehow involved in his death. But because of a head injury he sustained just moments after the

boy was shot, Matt can't quite put all the pieces together. Eventually Matt is sent back into combat with his squad—Justin, Wolf, and Charlene—the soldiers who have become his family during his time in Iraq. He just wants to go back to being the soldier he once was. But he sees potential threats everywhere and lives in fear of not being able to pull the trigger when the time comes. In combat there is no black-and-white, and Matt soon discovers that the notion of who is guilty is very complicated indeed. National Book Award Finalist Patricia McCormick has written a visceral and compelling portrait of life in a war zone, where loyalty is valued above all, and death is terrifyingly commonplace.

Now a movie on Lifetime!  
I was thirteen when my dad caught me with Tommy Webber in the back of Tommy's Buick, parked next to the old Chart House down in Montara at eleven o'clock on a Tuesday night. Tommy was seventeen and the supposed friend of my brother, Darren. I didn't love him. I'm not

sure I even liked him. In a moment, Deanna Lambert's teenage life is changed forever. Struggling to overcome the lasting repercussions and the stifling role of "school slut," Deanna longs to escape a life defined by her past. With subtle grace, complicated wisdom, and striking emotion, *Story of a Girl* reminds us of our human capacity for resilience, epiphany, and redemption.

The inspiring true story of Reckless, the brave little horse who became a Marine. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children. When a group of US Marines fighting in the Korean War found a bedraggled mare, they wondered if she

could be trained to as a packhorse. They had no idea that the skinny, underfed horse had one of the biggest and bravest hearts they'd ever known. And one of the biggest appetites! Soon Reckless showed herself more than willing to carry ammunition too heavy for the soldiers to haul. As cannons thundered and shells flew through the air, she marched into battle--again and again--becoming the only animal ever to officially hold military rank--becoming Sgt. Reckless--and receive two Purple Hearts. This is the first picture book from award-winning novelist Patricia McCormick, sumptuously illustrated by acclaimed artist Iacopo Bruno.

Cutting, a form of self-mutilation, is a growing problem in the US, especially among adolescent females. It is regarded as self-

destructive behaviour, yet cutters generally do not want to die, but to find relief from psychological pain. This book explores how college students write about their experiences as cutters. [You Know Where to Find Me](#) Cut

An ALA Best Book for Young Adults, an ALA Quick Pick, and an ALA Recommended Book for Reluctant Young Readers Nancy and Katie are best friends with one big thing in common—they both cut themselves: “Not by accident, we do it purposely—and regularly—because physical pain is comforting, and because now it has become a habit.” Crosses was the first novel for young adults to deal with an increasingly widespread disorder, and “graphically describes the cry for help of many adolescents and how far they have to fall before they are even noticed” (Voice of Young Adults).
