Art & Science of Health Promotion Conference | April 20 ... Science = art. They are the same thing. Both science and art are human attempts to understand and describe the world around us. The subjects and methods have different traditions, and the intended audiences are different, but I think the motivations and goals are fundamentally the same. Why Art And Science Are More Closely Related Than You Think The Art and Science of Lifting teach you how to fish; they provide you with the foundational, timeless information that is always relevant and that will benefit you for the next 30 years, not just the next 12 weeks like a training plan. Art and Science Books • Stronger by Science Traditionally, art and science have been treated as two separate disciplines, but when they are studied together it's clear to see the impact one has on the other. A great deal of creativity is required to make scientific breakthroughs, and art is just as often an expression of (or a product of) scientific knowledge. The STEAMy Relationship Between Art and Science The Art and Science of Low Carbohydrate Performance [Jeff S. Volek, Stephen D. Phinney] on Amazon.com. \*FREE\* shipping on qualifying offers.
