AN INNOCENT GAME. A SHOCKING CRIME. A COMMUNITY FULL OF SECRETS.

**Embrace Life with Passion** New Directions Publishing

One man struggles to save his family and his small North Carolina town after America loses a war in one second, a war based upon an Electro Magnetic Pulse (EMP) weapon that will send America back to the Dark Ages.

A Novel HarperCollins UK

“Sycamore kicks mainstream literature in the teeth.”—The San Francisco Bay Guardian Mattilda Bernstein Sycamore's exhilarating novel is about struggling to find hope in the ruins of everyday San Francisco—battling roaches, Bikram Yoga, chronically bad sex, NPR, internet cruising, tweakers, the cops, \$100 bills, chronic pain, the gay vote, vegan restaurants and incest, with the help of air-raid sirens, herbal medicine, late-night epiphanies, sea lions and sleeping pills. So Many Ways to Sleep Badly unveils a gender-bending queer world where nothing flows smoothly, except for those sudden moments when everything becomes lighter or brighter or easier to imagine. Mattilda Bernstein Sycamore is the gender-bending author of the highly praised novel Pulling Taffy and the editor of the anthology

Nobody Passes: Rejecting the Rules of Gender and Conformity. Sycamore writes regularly for a variety of publications, including Bitch, Utne Reader, AlterNet, Make/Shift and MaximumRocknRoll. Reflections of a Libertarian Journalist Cosimo, Inc.

The poems in this book are for anyone who has ever experienced the wrath of anxiety or the lows of depression. I hope that every single stanza you read, will serve as a reminder, that there are others who fully understand your struggle. Poetry can serve as a guide, for whenever your mind strays too far into hopelessness. I trust that the poems in this book will do the same for you, or at least provide you with comfort as you find your own way through this world.

NEW YORK TIMES BESTSELLER • Tarana Burke and Dr. Brené Brown bring together a dynamic group of Black writers, organizers, artists, academics, and cultural figures to discuss the topics the two have dedicated their lives to understanding and teaching: vulnerability and shame resilience. Contributions by Kiese Laymon, Imani Perry, Laverne Cox, Jason Reynolds, Austin Channing Brown, and more NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND BOOKRIOT It started as a text between two friends. Tarana Burke, founder of the ‘me too.’ Movement, texted researcher and writer Brené Brown to see if she was free to jump on a call. Brené assumed that Tarana

wanted to talk about wallpaper. They had been trading home decorating inspiration boards in their last text conversation so Brené started scrolling to find her latest Pinterest pictures when the phone rang. But it was immediately clear to Brené that the conversation wasn't going to be about wallpaper. Tarana's hello was serious and she hesitated for a bit before saying, "Brené, you know your work affected me so deeply, but as a Black woman, I've sometimes had to feel like I have to contort myself to fit into some of your words. The core of it rings so true for me, but the application has been harder." Brené replied, "I'm so glad we're talking about this. It makes sense to me. Especially in terms of vulnerability. How do you take the armor off in a country where you're not physically or emotionally safe?" Long pause. "That's why I'm calling," said Tarana. "What do you think about working together on a book about the Black experience with vulnerability and shame resilience?" There was no hesitation. Burke and Brown are the perfect pair to usher in this stark, potent collection of essays on Black shame and healing. Along with the anthology contributors, they create a space to recognize and process the trauma of white supremacy, a space to be vulnerable and affirm the fullness of Black love and Black life.

*The Solutions We Have and the Breakthroughs We Need* Knopf Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing *Rural Rides*, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social

reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions

*Fashion Climbing* FaithWords

The book Jonathan Franzen dubbed the "ur-text of postwar fiction" and the "first great cultural critique, which, even if Heller and Pynchon hadn't read it while composing *Catch-22* and *V.*, managed to anticipate the spirit of both"—*The Recognitions* is a masterwork about art and forgery, and the increasingly thin line between the counterfeit and the fake. Gaddis anticipates by almost half a century the crisis of reality that we currently face, where the real and the virtual are combining in alarming ways, and the sources of legitimacy and power are often obscure to us.

*Alice in Wonderland* Creative Talents Unleashed

*Alice in Wonderland* (also known as *Alice's Adventures in Wonderland*), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

Based on a Navy SEAL's inspiring graduation speech, this #1 New York Times bestseller of powerful life lessons "should be read by every leader in America" (*Wall Street Journal*). If you want to change the world, start off by making your bed. On May 17, 2014, Admiral William H. McRaven addressed the graduating class of the University of Texas at Austin on their Commencement day.

Taking inspiration from the university's slogan, "What starts here

changes the world," he shared the ten principles he learned during Navy Seal training that helped him overcome challenges not only in his training and long Naval career, but also throughout his life; and he explained how anyone can use these basic lessons to change themselves-and the world-for the better. Admiral McRaven's original speech went viral with over 10 million views. Building on the core tenets laid out in his speech, McRaven now recounts tales from his own life and from those of people he encountered during his military service who dealt with hardship and made tough decisions with determination, compassion, honor, and courage. Told with great humility and optimism, this timeless book provides simple wisdom, practical advice, and words of encouragement that will inspire readers to achieve more, even in life's darkest moments. "Powerful." --USA Today "Full of captivating personal anecdotes from inside the national security vault." --Washington Post "Superb, smart, and succinct." --Forbes

WHAT DOES GOD LOOK LIKE? Welcome to southeast Michigan and the small town of Carlson where faith, hope, and struggle are defined by the different faces of those who live there. An addict that sits at a bar to forget. A mother whose five-year-old boy has leukemia. Two doctors. An atheist haunted by his past and a brilliant young oncologist that places all her hope in the power of modern medicine. A blind pastor whose son hasn't spoken a single word in thirty-eight years. But the minister sees by faith. He knows there are answers and believes that someone who cares is watching—someone with a greater purpose. Yet there is something he doesn't know... that none of them know. In the midst of the ordinary and the devastating, there is a reason these lives will be changed forever. Lightning is about to strike. *The Reason* opens with a thunderbolt and never lets up as it introduces us to everyday characters who are wrestling with questions: Where is God when bad things happen? Does God

ignore the prayers of the faithful? The answer each character receives will astound readers while offering an unforgettable call to hope, to change, and to believe.

Little Things That Can Change Your Life...And Maybe the World

Atheneum/Caitlyn Dlouhy Books

The New York Times bestseller "[An] obscenely enjoyable romp." —The New York Times Book Review The untold story of a New York City legend's education in creativity and style For Bill Cunningham, New York City was the land of freedom, glamour, and, above all, style. Growing up in a lace-curtain Irish suburb of Boston, secretly trying on his sister's dresses and spending his

evenings after school in the city's chicest boutiques, Bill dreamed of a life dedicated to fashion. But his desires were a source of shame for his family, and after dropping out of Harvard, he had to fight them tooth-and-nail to pursue his love. When he arrived in New York, he reveled in people-watching. He spent his nights at opera openings and gate-crashing extravagant balls, where he would take note of the styles, new and old, watching how the gowns moved, how the jewels hung, how the hair laid on each head. This was his education, and the birth of the democratic and exuberant taste that he came to be famous for as a photographer for The New York Times. After two style mavens took Bill under their wing, his creativity thrived and he made a name for himself as a designer. Taking on the alias William J.--because designing under his family's name would have been a disgrace to his parents--Bill became one of the era's most outlandish and celebrated hat designers, catering to movie stars, heiresses, and artists alike. Bill's mission was to bring happiness to the world by making women an inspiration to themselves and everyone who saw them. These were halcyon days when fashion was all he ate and drank. When he was broke and hungry he'd stroll past the store windows on Fifth Avenue and feed himself on beautiful things. Fashion Climbing is the story of a young man striving to be the person he was born to be: a true original. But although he was one of the city's most recognized and treasured figures, Bill was also one of its most guarded. Written with his infectious joy and one-of-a-kind voice, this memoir was polished, neatly typewritten, and safely stored away in his lifetime. He held off on sharing it--and himself--until his passing. Between these covers, is an education in style, an effervescent tale of a bohemian world

as it once was, and a final gift to the readers of one of New York's great characters.
