Silver Empire

The most talented Starfleet engineers of two generations unite to solve a two-hundred-year-old technological mystery that turns out to be only the beginning of a wider quest. With the support of Guinan and Nog, as well as the crew of the U.S.S. Challenger, Geordi La Forge and Montgomery Scott soon find themselves drawn into a larger, deadlier, and far more personal adventure. Helped by old friends and hindered by old enemies, their investigation will come to threaten everything they hold dear. Seeking out the new, and going where no one has gonebefore, Geordi, Scotty, and Guinan find that their pasts are very much of the present, and must determine whether any sufficiently advanced technology is really indistinguishable from magic.

When he came home... so did they! Driven by vengeance, Michael Alexander enlisted in the Army the day after 9/11. Five years later, disillusioned

and broken by the horrors he witnessed in Afghanistan, Michael returns home to Georgia seeking to begin a new life. But he didn't come alone.

Something evil followed him, and it's leaving a path of destruction in its wake. The police are powerless. The Army has written Michael off. Left to face down a malevolent creature first encountered in the mountains of Afghanistan, he'll rely on his training, a homeless prophet, and estranged family members from a love lost... Lynn Raven may be the boss master of WarMonger 2050 with her online persona of "Larry the Snake," but when the CEO of Tsunami Entertainment personally asks her, as a favor, to beta test a new augmented reality game, she has to face her greatest fear: Going outside and dealing with, ugh, people. As she becomes more immersed in the game, the stakes rise and so do the obstacles. Contains an all-new afterword by New York Times best-selling author Larry Correia! Welcome to Monster Hunter International. Five days after Owen Zastava Pitt pushed his insufferable boss out of a fourteenth story window, he woke up in the hospital with a scarred face, an unbelievable memory, and a job offer. It turns out that monsters are real. All the things from myth, legend, and B-movies are out there, waiting in the shadows. Officially secret, some of them are evil, and some are just hungry. On the other side are the people who kill monsters for a living. Monster Hunter International is the premier eradication company in the business. And now Owen is their newest recruit. It's actually a pretty sweet gig, except for one little problem. An ancient entity known as the Cursed One has returned to settle a centuries old vendetta. Should the Cursed One succeed, it means the end of the world, and MHI is the only thing standing in his way. With the clock ticking towards Armageddon, Owen finds himself trapped between legions of undead minions, belligerent federal agents, a cryptic ghost who has taken up residence inside his head, and the cursed family of the woman he loves. Business is good . . . At the publisher's request, this title is sold without DRM (Digital Rights Management). Lexile Score: 710
