Fat City is a vivid novel of allegiance and defeat, of the potent promise of the good life and the desperation and drink that waylay those whom it eludes. Stockton, California is the setting: the Lido Gym, the Hotel Coma, Main Street lunchrooms and dingy bars, days like long twilights in houses obscured by untrimmed shrubs and black walnut trees. When two men meet in the ring -- the retired boxer Billy Tully and the newcomer Ernie Munger - their brief bout sets into motion their hidden fates, initiating young Ernie into the company of men and luring Tully back into training. In a dispassionate and composed voice, Gardner narrates their swings of fortune, and the plodding optimism of their manager Ruben Luna, as he watches the most promising boys one by one succumb to some undefined weakness; still, "There was always someone who wanted to fight."

Learn how to harness the power of worthwhile reinforcement to build safe, friendly behaviors in aggressive dogs. The positive training based, Constructional Aggression Treatment (CAT), as described in *Turning Fierce Dogs Friendly*, has proven successful for many pet owners and trainers around the world. As a functional approach to changing aggressive behavior, it offers a humane alternative to desensitization, counter conditioning, and distraction procedures. CAT typically produces long-lasting results in far less time than any positive treatment available, without the undesirable side-effects that are common with punishment procedures. The ultimate outcome is a once-aggressive dog that is now friendly. Inside *Turning Fierce Dogs Friendly: Step-by-step instructions for performing CAT with aggressive dogs* Understand the normal behaviors of all dogs, of specific breeds, and of your own individual dog How to be awake and aware of your dog's behavior and your own Discover your dog's worthwhile reinforcement for safe, friendly behaviors Advice for developing good observation skills and staying on task The issues that can make or break successful aggression treatment: consistency, safety, and follow-through Equipment, handling procedures, and preventing opportunities to practice undesirable behavior When to call a professional

The instant #1 New York Times and USA Today best seller by Karen Kilgariff and Georgia Hardstark, the voices behind the hit podcast *My Favorite Murder!* Sharing never-before-heard stories ranging from their struggles with depression, eating disorders, and addiction, Karen and Georgia irreverently recount their biggest mistakes and deepest fears, reflecting on the formative life events that shaped them into two of the most followed voices in the nation. The reality is that it comes down to understanding the science behind the methods and each dog's individual needs, desires, and perseverance levels. Fierce Marriage Dogwise Publishing

Ryan and Selena Frederick were newlyweds when they landed in Switzerland to pursue Selena's dream of training horses. Neither of them knew at the time that Ryan was living out a death sentence brought on by a worsening genetic heart defect. Soon it became clear he needed major surgery that could either save his life--or result in his death on the operating table. The young couple prepared for the worst. When Ryan survived, they both realized that they still had a future together. But the near loss changed the way they saw all that would lie ahead. They would live and love fiercely, fighting for each other and for a Christ-centered marriage, every step of the way. *Fierce Marriage* is their story, but more than that, it is a call for married couples to put God first in their relationship, to measure everything they do and say to each other against what Christ did for them, and to see marriage not just as a relationship they should try to keep healthy but also as one worth fighting for in every situation. With the gospel as their foundation, Ryan and Selena offer hope and practical help for common struggles in marriage, including communication problems, sexual frustration, financial stress, family tension, screen-time disconnection, and unrealistic expectations.

Ease Your Mind And Indulge Your Dog! If you want your dog to feel safe and secure in your home, it's time to crate train! A crate is designed as much for a dog's well-being as it is for the owner's convenience and peace of mind. For example, a crate keeps a curious puppy away from chemicals under the kitchen sink, gives a sick or convalescing dog a quiet place to rest, and secures a rambunctious dog during car trips. Crate training works because dogs, like their wild ancestors, desire a snug "den" that affords security and privacy. When dogs are crate trained properly, they accept and even enjoy their sequestered time. Pat Storer shows you how to maintain a positive, loving attitude while being firm and consistent with your dog. With Storer's advice on choosing the right crate, step-by-step instructions, and tips for dealing with crate-related behavior problems, both you and your dog will find crate training to be a simple, successful experience.

David Rosenfelt's *Dogtripping* is moving and funny account of a cross-country move from California to Maine, and the beginnings of a dog rescue foundation When mystery writer David Rosenfelt and his family moved from Southern California to Maine, he thought he had prepared for everything. They had mapped the route, brought three GPSs for backup, as well as refrigerators full of food, and stoves and microwaves on which to cook them. But traveling with twenty-five dogs turned out to be a bigger ordeal than he anticipated, despite the RVs, the extra kibble, volunteers (including a few readers), and camping equipment. Rosenfelt recounts the adventure of moving his animal companions across the United States with humor and warmth, and tells the tale of how he and his wife became passionate foster parents for rescue dogs, culminating in the creation of the Tara Foundation and successfully placing several thousand dogs with loving families. Having brokered a fragile peace with his demons at last, ex-Afghan War pilot Mitch Stuart isn't in the market for redemption. But when he steps outside his comfort zone to help a stranger in a country pub, he inadvertently opens the door to the ghosts of a woman and a white dog he thought he'd left behind him long ago. Veterinary specialist Lennie O'Donnell and her beloved dog, Pesh, are taking a break from big-city life to help Lennie's grandfather sell his old-fashioned rural clinic. Lennie has dedicated her career to healing those unable to tell her what's wrong, but Mitch is a puzzle even she struggles to solve - or completely let go. Meanwhile, back in Lennie's old home town, another man of mixed messages, her high school crush Benji Cooper, is all grown up and looking at Lennie the way she always dreamed he would. Can Mitch find the courage to let Lennie into his life? And with gorgeous, sunny, funny Benji waiting in the wings, is it a threshold Lennie wants to cross? There's also the matter of her grandparents' unexpectedly fractured marriage to mend, and Lennie's growing suspicion there might be more to the sale of her grandfather's clinic than meets the eye.
