Heather Wiebe's book looks to the music of Benjamin Britten to elucidate a British postwar vision of cultural renewal.

for treble voices and harp [Lethbridge, Alta.] : Teen Clefs

'The Turn of the Screw', first published in 1898, is a novella written by Henry James, who was considered a master of creating best psychological fiction. It is a gothic novel, work of great horror, by one of the most acclaimed authors of the modern European literature.

CINCINNATI MAGAZINE

Cambridge University Press
Britten's Children confronts the edgy subject of the composer's obsessional yet strangely innocent relationships with adolescent boys. One of the hallmarks of Benjamin Britten's music is his use of boys' voices, and John Bridcut uses this to create a fresh prism through which to view the composer's life. Interweaving discussion of the music he wrote for and about children with interviews with the boys whom Britten befriended, Bridcut explores the influence of these unique friendships - notably with the late David Hemmings - and how they helped Britten maintain links with his own happy childhood. In a remarkable part of the book Bridcut tells for the first time the full story of Britten's love affair in the 1930s with the 18-year-old German Wulff Scherchen, son of the conductor Hermann Scherchen. As Paul Hoggart of The Times commented, 'this type of love belonged to an emotional landscape that has vanished for ever, and we are the poorer for it'. Since making the film, the

author has extended his research to include friendships Britten had with children which have not previously been documented. The documentary Britten's Children won the Royal Philharmonic Society's 2005 Award for Creative Communication: 'this serious and beautiful film explored one aspect of a composer's life in great depth. Avoiding the temptation of sensationalism, Britten's Children was imaginatively researched and both touching and revelatory'.

Benjamin Britten's Hymn to St. Cecilia, Op. 27, A Ceremony of Carols, Op. 28, and Rejoice in the Lamb, Op. 30 Hal Leonard Corporation

This spellbinding centenary biography by Neil Powell looks at the music, the life, and the legacy of the greatest British composer of the twentieth century Benjamin Britten was born on November 22, 1913, in the East Suffolk town of Lowestoft. Displaying a passion and proficiency for music at an early age, to the delight of his mother, Edith, a talented amateur musician herself, he began composing music when he was only five years old. After studying at the Royal College of Music, Britten went on to write documentary scores for the General Post Office Film Unit, where he met and collaborated with the poet W. H. Auden. Of more lasting importance was Britten's introduction in 1937 to the tenor Peter Pears, who was to become the inspirational center of his emotional and musical life. Their partnership lasted nearly four decades, during a dangerous time when homosexuality was illegal in England. Conscientious objectors, Britten and Pears followed Auden to America before the war began in 1939. While there, they joined the extraordinary Brooklyn ménage of George Davis, Louis MacNeice, and Paul Bowles. Eventually intense homesickness, provoked in part by George Crabbe's poem "Peter Grimes," drove the pair home to East

Anglia in 1942 and gave Britten the inspiration for his finest opera.

Throughout his career, Britten did not want modern music to be just for "the cultured few" and instead always composed his music to be "listenable-to." The shared quotidian lives of Britten and Pears unfold in this intimate biography and the story of two men who created a truly remarkable legacy.

Britten's Unquiet Past Faber & Faber Since Britten's death in 1976, numerous articles and books have been written about his life and work. Much has been made of the strong influences of his pacifism and his homosexuality. It is often suggested that Britten felt himself to be an outsider from 'normal' society, and that this accounts for the his concern to portray the 'outsider' in his operas. There is no doubt that this is an important aspect of Britten's art, but the present work attempts to show that his music embraces much wider and more universal concerns, and in addressing those concerns there is a clearly defined pattern of spiritual influence. Part One of the book examines Britten's early life, and the strong presence which the Church had in his childhood and adolescence. It explores the way in which certain spiritual influences were first manifested, and how, like the more specifically musical 'themes' which Donald Mitchell has noted, they can be traced throughout Britten's life and work. The author was privileged to have conversations with two clergymen who were influential in Britten's life, as well as gathering valuable insights through a long series of conversations with Sir Peter Pears. Part Two examines a wide range of the composer's music in which a spiritual dimension can be traced. The specifically liturgical music has received rather less critical notice than Britten's

larger works. The music is discussed here, and shown to possess musical characteristics in common with the larger works. Britten could not be described as a conventional Christian; still less is it true to describe him, as Eric Walter White has done, as 'keen, wherever possible, to work within the framework of the Church of England'. Nevertheless, his spirituality was rooted in the religious experience of his childhood. This book seeks to demonstrate that Britten retained a sense of the Christian values absorbed in childhood and adolescence, and that these - along with the specifically Christian heritage of plainsong - were strongly influential in his choice and treatment of themes.
